Product Description

Hotel Diffuser Fragrance Essence With Free Sample Citrus-Clove-Cinnamon Flavor Oil For Reed Stick & Cold Scented Candle & Diffuser Fragrance Making/Production

Product Code: LDZ-PL30429

Premium fragrance essence for diffusers, reed sticks, scented candles, and home spray productions

Product Overview:

The Plant Citrus-Clove-Cinnamon Fragrance Oil is a distinctive fragrance blend that combines the sparkling freshness of citrus fruits with the comforting warmth of aromatic spices. Specially developed for reed diffusers, cold scented candles, home fragrance products, and commercial diffuser systems, this fragrance creates an inviting atmosphere that feels both energizing and cozy.

The fragrance opens with bright citrus notes, delivering a refreshing burst of sweetness and vitality. As the scent develops, rich clove and warm cinnamon emerge, adding depth, character, and a sophisticated spicy dimension. The contrast between vibrant citrus accords and comforting spice notes creates a balanced fragrance profile that is both uplifting and relaxing.

What sets this fragrance apart is its ability to bridge freshness and warmth in a single composition. Unlike purely citrus fragrances that focus on lightness or traditional spice fragrances that emphasize richness, Citrus-Clove-Cinnamon offers a harmonious blend of both. This makes it particularly suitable for autumn and winter collections, holiday-themed products, boutique hotels, cafés, wellness spaces, and luxury home fragrance lines.

With excellent scent diffusion, strong fragrance retention, and broad consumer appeal, Plant Citrus-Clove-Cinnamon Fragrance Oil is an ideal choice for brands seeking a unique, memorable, and seasonally versatile fragrance experience.

LDZ-PL30967

Coconut & Vanilla Fragrance

Production Date: April 25,2026

Production Batch No.: 260425529

Shelf Life: 2 years

Specifications: 5kg/drum

Product Standard No.: GB/T22731 Daily Fragrance

Net Weight: 5kg

Application: Daily Fragrance

Usage: Add in appropriate amounts as needed in production

Shake well before use, and use as soon as possible after opening

Fragrance Profile & Characteristics:

Plant Citrus-Clove-Cinnamon Fragrance Oil is a warm yet refreshing fragrance that blends bright citrus freshness with rich aromatic spices. The scent is designed to create a cozy, inviting atmosphere while maintaining an uplifting and energetic character, making it ideal for candles, reed diffusers, and home fragrance products.

Fragrance Notes	Description
Top Notes	The fragrance opens with sparkling sweet orange, juicy mandarin, fresh lemon zest, and a touch of bergamot. These lively citrus notes provide an immediate burst of freshness and brightness, creating an energizing and cheerful first impression.
Middle Notes	At the heart, warm clove buds, spicy cinnamon bark, subtle nutmeg, and soft floral nuances emerge. These middle notes add richness, warmth, and depth, balancing the citrus opening with a comforting aromatic spice character.
Base Notes	The scent settles into a smooth foundation of cedarwood, vanilla, amber, and gentle musk. These base notes provide lasting warmth, softness, and excellent longevity, leaving a cozy and memorable fragrance trail.

Technical Specifications:

Parameter	Specification
Product Name	Citrus-clove-cinnamon Flavor Oil
Fragrance Profile	Sharp Citrus, Zesty Peel, Effervescent
Appearance	Colorless to light yellow transparent liquid
Relative Density	0.940–0.990 g/cm ³ @ 25°C
Refractive Index	1.470–1.510 @ 20°C
Flash Point	80°C (176°F)
Ingredients	Natural & Synthetic Aromatic Compounds
Recommended Dosage	Soap: 0.5%-3% DIY Room Sprays: 2% – 8%. Reed Diffusers: 15% – 25% (Depending on the carrier base and reed absorption). Scented Candles: 5% – 10% (Depending on wax type and desired throw).

Solubility	Easily soluble in ethanol and propylene glycol
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	12-24 months when stored in cool, dark place in sealed container
Standard Compliance	IFRA compliant with passed skin irritation testing

Functions & Applications:

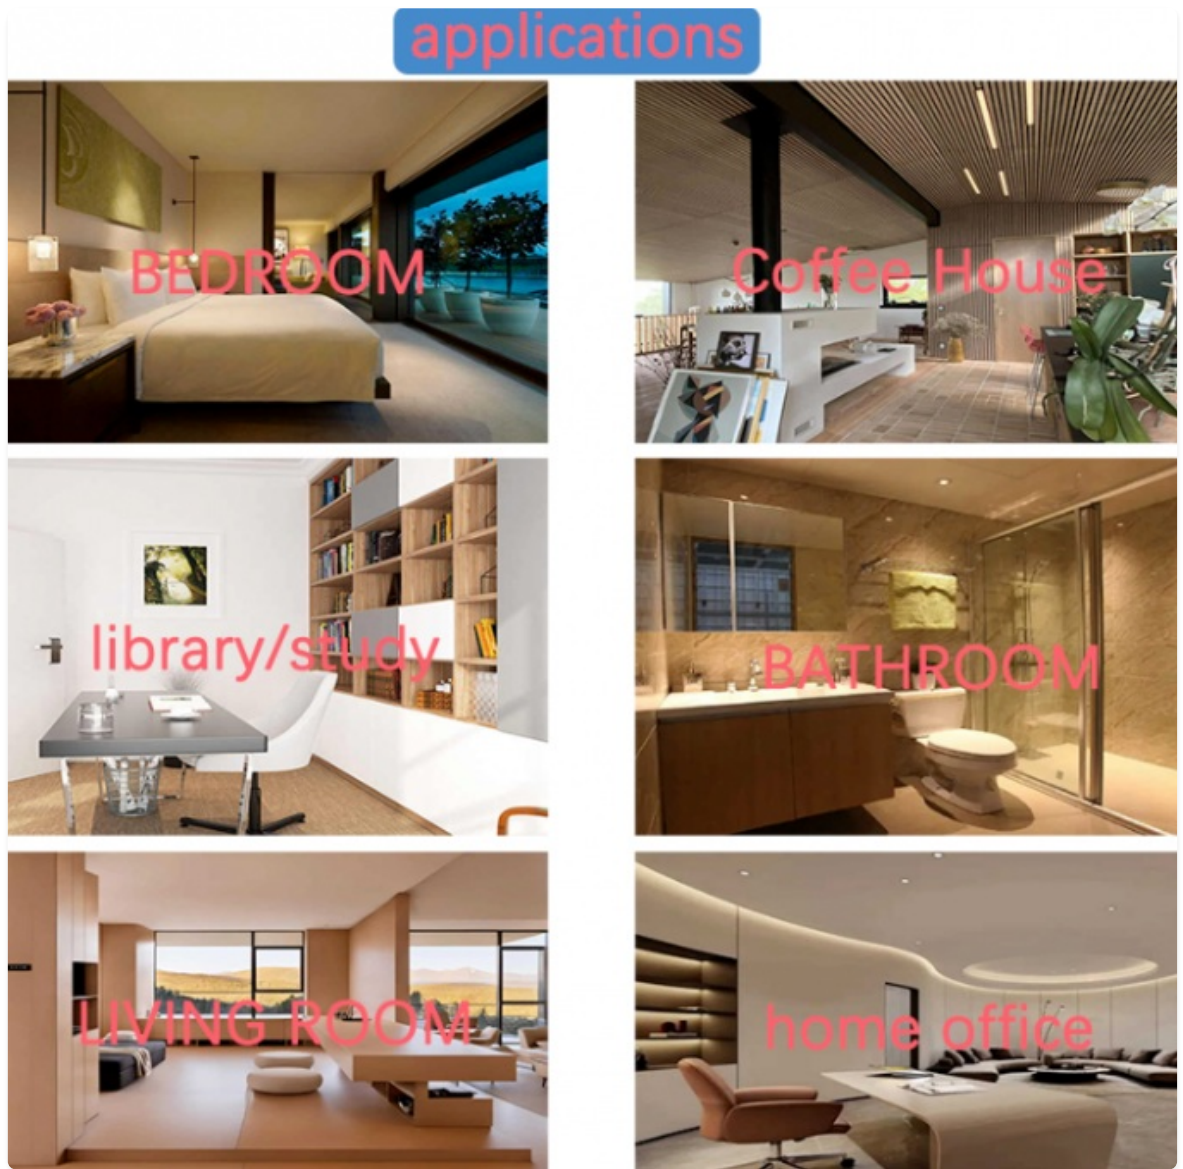

Plant Citrus-Clove-Cinnamon Fragrance Oil is designed to create a warm, inviting, and uplifting atmosphere through the harmonious combination of bright citrus notes and comforting spices. Its primary function is to enhance indoor environments with a long-lasting fragrance that promotes feelings of comfort, warmth, and relaxation while maintaining a fresh and vibrant character. The citrus elements help create an energizing and refreshing ambiance, while the clove and cinnamon notes add depth and a sense of coziness. This

balanced composition makes the fragrance particularly effective in creating welcoming spaces during seasonal celebrations as well as year-round home and hospitality scenting.

In commercial environments, the fragrance can be used as a scent-marketing tool to establish a memorable and distinctive sensory identity. It also helps reduce the perception of unwanted odors while maintaining a pleasant ambient fragrance. The formulation offers excellent diffusion performance, stable evaporation, and consistent scent release across various fragrance delivery systems. Its unique blend of freshness and warmth allows manufacturers and brands to develop products that evoke comfort, sophistication, and emotional well-being, enhancing the overall sensory experience for consumers and guests alike.

Primary Applications:

Plant Citrus-Clove-Cinnamon Fragrance Oil is suitable for a wide range of home fragrance, hospitality, and personal care applications. It is commonly used in reed diffusers, aroma diffusers, room sprays, linen sprays, and air fresheners, where its vibrant citrus-spice character helps create an inviting and comfortable environment. The fragrance performs exceptionally well in scented candle production, including soy wax candles, paraffin candles, container candles, and seasonal candle collections, providing excellent hot and cold scent throw. In hospitality settings, it can be utilized in hotel diffuser systems, HVAC scenting equipment, boutique hotels, cafés, restaurants, retail stores, and wellness spaces seeking a warm and memorable fragrance identity. The fragrance is particularly popular for autumn, winter, holiday, and festive-themed product lines due to its comforting spice notes and cheerful citrus freshness. Beyond ambient fragrance applications, it can also be incorporated into soaps, shower gels, body lotions, fabric care products, and other daily-use consumer goods. Its versatility, stability, and broad consumer appeal make it an ideal choice for manufacturers, private-label brands, and fragrance developers looking to create distinctive and premium scent experiences.
