## With Free Sample Hotel Diffuser Fragrance Essence Vetiver Fragrance Oils For Reed Stick & Cold Scented Candle & Diffuser Fragrance Making/Production

Product Code: LDZ-PL30482

Premium fragrance essence for diffusers, reed sticks, scented candles, and home spray productions

### Product Overview:

Plant Vetiver Fragrance Oil is a sophisticated and nature-inspired fragrance designed for hotel diffuser systems, reed diffusers, cold scented candles, and premium home fragrance products. Unlike conventional floral or fruity fragrances that focus on sweetness and brightness, this scent highlights the distinctive elegance of vetiver, offering a refined balance of earthy freshness, smoky woods, and green botanical nuances.

The fragrance opens with crisp green accords and subtle citrus facets that create a clean and refreshing introduction. As it develops, the heart reveals the characteristic richness of vetiver roots, delivering a dry, woody, and slightly smoky character that evokes the tranquility of natural grasslands and forest landscapes. Warm woody undertones and soft musky accents in the base provide depth, longevity, and a luxurious finish.

What makes Plant Vetiver Fragrance Oil truly distinctive is its understated sophistication and gender-neutral appeal. Rather than overwhelming the senses, it creates a calm, grounded, and elegant atmosphere that is ideal for luxury hotels, executive offices, wellness centers, spas, and upscale residential spaces. With excellent diffusion performance, long-lasting scent retention, and a timeless woody-green profile, this fragrance is an exceptional choice for brands seeking a modern, minimalist, and premium scent experience that stands apart from traditional hospitality fragrances.

LDZ-PL30967

Coconut & Vanilla Fragrance

Production Date: April 25, 2026

Production Batch No.: 260425529

Shelf Life: 2 years

Specifications: 5kg/drum

Product Standard No.: GB/T22731 Daily Fragrance

Net Weight: 5kg

Application: Daily Fragrance

Usage: Add in appropriate amounts as needed in production

Shake well before use, and use as soon as possible after opening

## Fragrance Profile & Characteristics:

This Vetiver Fragrance Essence Oil delivers a refined, earthy, and sophisticated aroma inspired by the complex profile of premium vetiver roots. Unlike simple "grass" or "wood" scents, this oil captures the true essence of vetiver grown in Haiti or Java, offering a natural, calming, and deeply grounding experience that balances dry woodiness with subtle smoky-green undertones.

Fragrance Notes	Description
Top Notes	The fragrance opens with a bright, fresh, and slightly citrusy top note. The initial impression is crisp and clean, featuring hints of bitter grapefruit, bergamot, and lemon peel, along with a whisper of green leaves or fresh herbs. This opening is light and uplifting, creating an immediate sense of natural freshness without sharpness.
Middle Notes	As the top notes settle, the middle heart reveals the signature vetiver earthiness. Here, the true character shines through—a rich, complex blend of dry, woody vetiver roots accompanied by subtle notes of geranium, iris, or even a touch of clove, adding a sophisticated, slightly spicy floral warmth that feels both elegant and grounding.
Base Notes	The base notes provide lasting structure and deep resonance. The fragrance settles into a warm foundation of cedarwood, sandalwood, clean musk, and amber. A faint hint of oakmoss or patchouli adds earthy depth, ensuring the vetiver lingers gracefully without becoming harsh or medicinal, leaving a sophisticated, natural trail perfect for long-lasting home and hotel fragrance applications.

## Technical Specifications:

Parameter	Specification
Product Name	Vetiver Fragrance Oils
Fragrance Profile	Sharp Citrus, Zesty Peel, Effervescent
Appearance	Colorless to light yellow transparent liquid
Relative Density	0.940–0.985 g/cm <sup>3</sup> @ 25°C
Refractive Index	1.470–1.510 @ 20°C
Flash Point	85°C (185°F)
Ingredients	Natural & Synthetic Aromatic Compounds

Solubility	Easily soluble in ethanol and propylene glycol
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	12-24 months when stored in cool, dark place in sealed container
Standard Compliance	IFRA compliant with passed skin irritation testing

## Functions & Applications:

Plant Vetiver Fragrance Oil is designed to create a refined, calming, and professional atmosphere through the distinctive character of vetiver. Its primary function is to provide long-lasting ambient scenting that enhances the perceived quality of a space while promoting focus, relaxation, and emotional balance. The fragrance combines earthy vetiver roots, green botanical facets, and soft woody undertones to create a clean yet sophisticated sensory experience that feels natural rather than overtly perfumed.

In hospitality environments, the fragrance serves as an elegant scent-signature tool, helping hotels, lounges, executive offices, spas, and wellness centers establish a memorable and upscale identity. It also helps reduce the perception of stale indoor odors while maintaining a subtle, non-intrusive fragrance presence suitable for long-term occupancy. The formulation is optimized for stable evaporation, consistent diffusion, and reliable performance across multiple fragrance delivery systems, including reed diffusers, HVAC aroma machines, room sprays, and scented candles. Because vetiver appeals to both masculine and feminine preferences, Plant Vetiver Fragrance Oil offers a versatile, gender-neutral fragrance solution that communicates understated luxury, tranquility, and contemporary sophistication in residential, hospitality, retail, and wellness-focused settings.

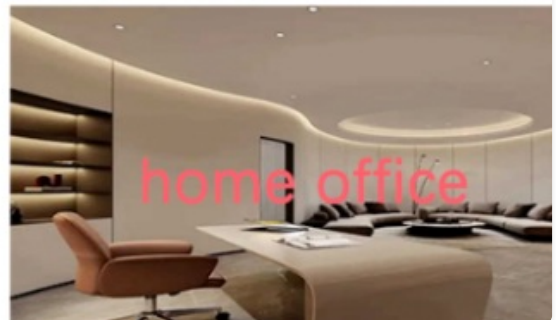

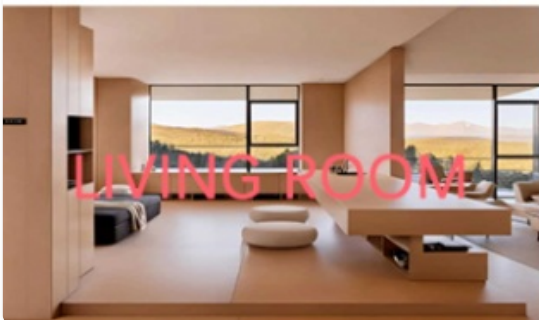

### Primary Applications:

Plant Vetiver Fragrance Oil is suitable for a broad range of premium fragrance applications, especially where a sophisticated woody-green profile is desired. It performs exceptionally well in hotel diffuser systems, commercial HVAC scenting equipment, reed diffusers, and home fragrance diffusers, providing steady fragrance release and excellent ambient coverage. The fragrance is also widely used in room sprays, linen sprays, air fresheners, and odor-control products that require a clean, elegant, long-lasting aroma.

In candle manufacturing, it is compatible with soy wax candles, paraffin candles, container candles, and luxury scented candle collections, delivering balanced hot and cold scent throw. Beyond ambient fragrance products, it can be incorporated into soaps, body washes, shampoos, conditioners, lotions, aftershaves, and other personal care formulations where a refined vetiver character is desired.

Its understated elegance makes it particularly appropriate for luxury hotels, spas, wellness centers, yoga studios, executive suites, premium retail spaces, and modern residential interiors. The fragrance's broad compatibility, stability, and gender-neutral appeal make it an excellent choice for private-label brands, hospitality scenting projects, and manufacturers seeking a timeless woody fragrance that conveys sophistication without excessive sweetness or heaviness.

## applications

## Our Advantages:

## 100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

## Support and Services

Our R&D team includes PhDs and senior engineers, with established laboratories in partnership with universities. We integrate global technology to maintain product advantage through continuous innovation.

### Comprehensive Support Services

- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance

## Packaging and Shipping

### Product Packaging Options

Pack Type	Quantity	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

### Shipping Information

Production time: 3-5 days for trial orders, 5-10 days for bulk orders. We provide photos or samples for confirmation before shipping. Shipping options include ship, air, truck, and express delivery.
