Natrual Fragrance Essence With Free Sample Pomegranate Noir Fragrance Oil For Reed Stick & Cold Scented Candle & Diffuser Fragrance Making/Production

Product Code: LDZ-PL30488

Premium fragrance essence for diffusers, reed sticks, scented candles, and home spray productions

Product Overview:

Plant Pomegranate Noir Fragrance Oil is a premium fragrance designed to capture the intriguing contrast between luscious dark fruits and sophisticated woody accords. Crafted for reed diffusers, cold scented candles, hotel scenting systems, and luxury home fragrance products, it delivers a rich and immersive olfactory experience that feels both contemporary and timeless. Unlike conventional pomegranate fragrances that emphasize bright sweetness, this composition explores the darker, more elegant side of the fruit, creating a scent profile with remarkable depth and character.

The fragrance opens with the juicy richness of ripe pomegranate and dark berry nuances, immediately creating a bold and captivating impression. As the scent unfolds, subtle spicy accents and refined floral notes emerge, adding complexity and a sense of mystery. The base is anchored by warm woods, amber, and soft musk, providing exceptional longevity and a velvety finish.

What truly differentiates Plant Pomegranate Noir Fragrance Oil is its ability to evoke a boutique-luxury atmosphere rather than a typical fruity ambiance. The fragrance conveys sophistication, confidence, and understated glamour, making it especially suitable for upscale hotels, premium retail spaces, cocktail lounges, and modern residential interiors. Its dark-fruit signature creates a memorable sensory identity that stands apart from common citrus, floral, or fresh linen fragrances. With excellent diffusion performance and a distinctive luxurious character, it is an ideal choice for brands seeking a bold, elegant, and unforgettable scent experience.

PLAN

LDZ-PL30967

Coconut & Vanilla Fragrance

Production Date: April 25, 2026

Production Batch No.: 260425529

Fragrance Profile & Characteristics:

Plant Pomegranate Noir Fragrance Oil is a sophisticated dark-fruit fragrance that combines the juicy richness of pomegranate with elegant florals, warm spices, and sensual woods. Unlike typical fruity fragrances that focus on sweetness alone, this scent delivers a deeper, more luxurious character, making it ideal for premium home fragrance and hospitality applications.

Fragrance Notes	Description
Top Notes	The fragrance opens with ripe pomegranate, blackcurrant, raspberry, and a touch of sparkling citrus. These vibrant notes create an immediate impression of juicy freshness while introducing the dark-fruit signature that defines the fragrance.
Middle Notes	At the heart, delicate rose petals, jasmine, pink pepper, and subtle spicy accords emerge. These notes add sophistication, warmth, and complexity, transforming the fragrance from a simple fruit scent into a refined and multi-layered composition.
Base Notes	The scent settles into a rich foundation of cedarwood, patchouli, amber, soft musk, and hints of smoky woods. These deeper notes provide excellent longevity and create a luxurious, velvety finish that lingers beautifully in the air.

Plant Pomegranate Noir Fragrance Oil is characterized by its dark fruity richness, elegant floral heart, and warm woody depth. The overall aroma is bold, mysterious, modern, and highly sophisticated. It creates a boutique-hotel atmosphere that feels upscale and memorable, making it particularly suitable for luxury diffusers, scented candles, high-end hotels, and premium lifestyle fragrance collections. Its unique balance of sweetness, spice, and woodiness distinguishes it from conventional fruit-based fragrances and gives it a strong signature identity.

Technical Specifications:

Parameter	Specification
Product Name	Pomegranate Noir Fragrance Oil
Fragrance Profile	Sharp Citrus, Zesty Peel, Effervescent
Appearance	Colorless to light yellow transparent liquid
Relative Density	0.945–1.510 g/cm ³ @ 25°C

Solubility	Easily soluble in ethanol and propylene glycol
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	12-24 months when stored in cool, dark place in sealed container
Standard Compliance	IFRA compliant with passed skin irritation testing

Functions & Applications:

Plant Pomegranate Noir Fragrance Oil is designed to create a luxurious, sophisticated, and memorable scent experience by combining the richness of dark pomegranate with elegant floral, spicy, and woody accords. Its primary function is to enhance indoor environments with a long-lasting fragrance that conveys warmth, refinement, and modern elegance. The dark-fruit character helps create an inviting atmosphere, while the woody and musky undertones add depth and a sense of exclusivity. Unlike conventional fruity fragrances that focus on sweetness, this fragrance offers a more mature and upscale olfactory profile.

In hospitality and commercial settings, it serves as an effective scent-branding tool, helping hotels, boutiques, lounges, and premium retail spaces establish a distinctive sensory identity. The fragrance also helps neutralize unwanted odors while maintaining a pleasant and consistent ambient aroma. Formulated for excellent diffusion and stability, it delivers reliable fragrance performance across various scenting systems. Its balanced composition evokes sophistication, comfort, and confidence, making it ideal for environments that seek to leave a lasting impression. The fragrance transforms ordinary spaces into elegant and memorable destinations through the power of scent.

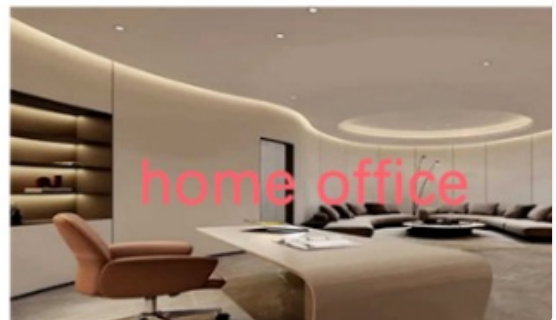

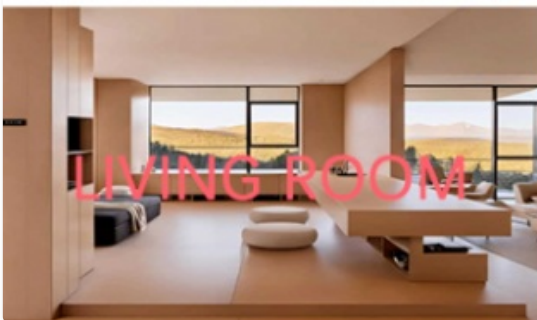

Primary Applications:

Plant Pomegranate Noir Fragrance Oil is highly versatile and suitable for a wide range of fragrance and personal care applications. It is commonly used in reed diffusers, aroma diffusers, hotel scenting systems, and HVAC fragrance equipment, where its rich and distinctive aroma provides excellent ambient coverage. The fragrance is also ideal for room sprays, linen sprays, air fresheners, and odor-control products that require a sophisticated and long-lasting scent profile.

In candle manufacturing, it performs exceptionally well in soy wax candles, paraffin candles, container candles, and luxury scented candle collections, offering excellent hot and cold scent throw. Beyond home fragrance products, it can be incorporated into soaps, body washes, shampoos, conditioners, body lotions, and other personal care formulations. Its elegant dark-fruit character makes it particularly suitable for luxury hotels, boutique resorts, premium retail stores, spas, restaurants, and upscale residential interiors.

Thanks to its excellent stability, broad compatibility, and strong consumer appeal, Plant Pomegranate Noir Fragrance Oil is an ideal choice for private-label brands, contract manufacturers, and fragrance developers seeking a modern, luxurious, and distinctive signature scent for premium product lines.
