Product Description

Candle Making Fragrances Mimosa & Cardamom Essential Oil For Hot /Cold Process Scented Candles Productions/Making

Product Code: LDZ-PL40150

Product Overview:

Plant Mimosa & Cardamom Fragrance Oil is an elegant and contemporary fragrance specially crafted for hot and cold process scented candle production. Inspired by the delicate beauty of blooming mimosa flowers and the aromatic warmth of cardamom spice, this fragrance offers a refined balance between floral softness and sophisticated spice, creating a scent experience that feels both comforting and luxurious. Unlike conventional floral candle fragrances that often focus on sweetness, Plant Mimosa & Cardamom Fragrance Oil introduces a distinctive contrast between airy golden florals and subtle aromatic spices. The fragrance opens with fresh green nuances and sparkling cardamom accents that bring brightness and character. As the scent develops, soft mimosa blossoms unfold, adding a powdery, honey-like floral elegance that feels smooth and inviting. Warm woods and delicate musky undertones in the base enhance depth and longevity, creating a beautifully rounded fragrance profile.

What truly differentiates this fragrance is its understated sophistication and versatility. It evokes the atmosphere of a luxury boutique hotel, an upscale spa, or a stylish contemporary living space rather than a traditional floral environment. The combination of floral warmth and gentle spice creates a sense of comfort, refinement, and modern elegance. With excellent hot and cold throw performance, strong fragrance retention, and broad consumer appeal, Plant Mimosa & Cardamom Fragrance Oil is an ideal choice for premium candle collections, wellness-inspired brands, and home fragrance products seeking a unique signature scent that stands apart from ordinary floral or gourmand fragrances.

PLAN

PLAN

Fragrance Profile

Plant Mimosa & Cardamom Fragrance Oil is a sophisticated floral-spicy fragrance that combines the soft elegance of mimosa blossoms with the aromatic warmth of cardamom. Designed for premium hot and cold process scented candles, this fragrance delivers a refined and modern scent experience that feels both comforting and luxurious. The composition balances delicate floral notes with subtle spice and warm woods, creating a distinctive fragrance profile that appeals to consumers seeking something beyond traditional sweet florals.

Plant Mimosa & Cardamom Fragrance Oil is characterized by its airy floral elegance, aromatic spice, and warm woody undertones. Unlike conventional floral fragrances, it offers a modern boutique-style personality that feels sophisticated, calming, and effortlessly chic. The overall aroma evokes luxury hotels, designer interiors, and wellness-inspired living spaces, making it an excellent choice for premium candle collections and upscale home fragrance products.

Top Notes	The fragrance opens with sparkling cardamom, fresh green accords, bergamot, and subtle citrus nuances. These bright and aromatic notes provide an uplifting introduction while adding freshness and sophistication.
Middle Notes (Heart)	At the heart, delicate mimosa blossoms bloom alongside soft heliotrope and powdery floral accords. These notes contribute a gentle honey-like sweetness and velvety floral texture that defines the fragrance's elegant character.
Base Notes	The scent settles into a warm foundation of sandalwood, cedarwood, amber, and soft musk. These comforting notes provide depth, longevity, and a smooth, luxurious finish.

Technical Specifications

Fragrance Profile	Mimosa & Cardamom Essential Oil
Appearance	Clear to pale yellow liquid
Relative Density	0.930 to 0.975 g/cm ³ @ 25°C
Refractive Index	1.465 - 1.505@ 20°C
Flash Point	>82°C (180°F)
Ingredients	Natural & Synthetic Aromatic Compounds
Phthalate-Free	Meets modern "clean scent" standards for luxury retail

Recommended Dosage

Application	Dosage
Standard Scented Candles	5% – 10% (approx. 1 oz per pound of wax).
Room Spray	2% – 8%
Wax Melts / Tarts	10% – 12% (Higher loads are permissible as there is no wick/flame interaction).

Soap Applications (CP/HP)	3% – 5% (Check IFRA Category 9 for safety limits).
Soap (Cold Process)	0.5% - 2%

Performance Characteristics

Thermal Diffusion	Excellent - Fills 20-30 square meters in 3-5 minutes after lighting
Thermal Stability	Engineered to resist degradation at standard candle-pouring temperatures (65°C - 80°C)
Cold Throw	Excellent - Noticeable aroma when unburned
Hot Throw	Excellent - Strong and steady aroma spread while burning
Wax Compatibility	Excellent - Blends seamlessly with soy wax, beeswax, coconut wax, paraffin wax, and blends
Solubility	100% oil-soluble; prevents sweating or oil pooling on candle surface
Shelf Life	24 months when stored in cool, dark place
IFRA Compliance	Complies with IFRA standards and passed skin irritation testing

Functions & Applications

Plant Mimosa & Cardamom Fragrance Oil is designed to create a sophisticated and comforting atmosphere through the harmonious blend of delicate florals and aromatic spices. Its primary function is to provide a long-lasting fragrance experience that enhances the ambiance of interior spaces while promoting a sense of warmth, elegance, and well-being. The soft mimosa accord introduces a refined floral character, while cardamom contributes a subtle spicy freshness that adds depth and distinction.

In scented candle applications, the fragrance is formulated to deliver excellent hot and cold throw performance, ensuring a consistent and balanced scent release throughout the product's lifespan. It also serves as an effective scent-branding tool for luxury hotels, spas, boutiques, and lifestyle brands seeking a unique and memorable olfactory identity. The fragrance helps create an inviting environment and can reduce the perception of unwanted odors without becoming overpowering. Its balanced composition appeals to both men and women, making it suitable for a wide range of consumer preferences. Overall, it conveys contemporary luxury, comfort, and understated sophistication, transforming everyday spaces into refined and welcoming environments.

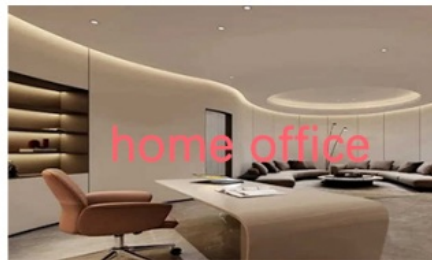

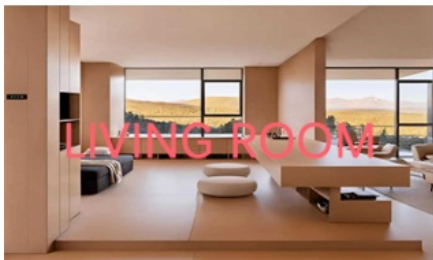

Primary Applications:

Plant Mimosa & Cardamom Fragrance Oil is highly versatile and suitable for numerous fragrance applications across home, hospitality, and personal care sectors. It performs exceptionally well in hot and cold process scented candles, where its excellent stability and fragrance retention provide a premium scent experience. The fragrance is also widely used in reed diffusers, electric aroma diffusers, room sprays, linen sprays, and air fresheners that require a refined floral-spicy profile.

Beyond home fragrance products, it can be incorporated into soaps, body washes, shampoos, conditioners, hand creams, body lotions, and other personal care formulations. Its elegant and contemporary character makes it particularly suitable for luxury hotels, wellness centers, boutique resorts, spas, yoga studios, premium retail stores, and modern residential interiors. The fragrance is also an excellent choice for seasonal collections, gift sets, and private-label product lines seeking a distinctive signature scent.

Thanks to its broad formulation compatibility, excellent diffusion performance, and sophisticated aroma profile, Plant Mimosa & Cardamom Fragrance Oil is widely used by candle manufacturers, home fragrance brands, and personal care developers looking to create products that embody elegance, comfort, and modern luxury.
