## Product Description

### Candle Fragrances Cinnamon Apple Fragrance Essence Oil For Hot /Cold Process Scented Candles Productions

Product Code: LDZ-PL40181

#### Product Overview:

Plant Cinnamon Apple Fragrance Oil is a warm, inviting, and richly layered fragrance specially developed for hot and cold process scented candle production. Combining the crisp sweetness of freshly picked apples with the comforting spice of cinnamon, this fragrance creates a nostalgic yet sophisticated aroma that instantly transforms any space into a cozy and welcoming environment. Designed for premium candle collections, it delivers a perfect balance between juicy fruit notes and aromatic spice, making it appealing throughout the year while being particularly popular during autumn and holiday seasons.

The fragrance opens with the bright freshness of ripe red apples, enhanced by subtle fruity nuances that create a natural and mouthwatering first impression. As the scent unfolds, warm cinnamon and delicate spice accords emerge, adding depth, richness, and a sense of comfort. Soft vanilla, amber, and gentle woody undertones in the base provide a smooth and long-lasting finish that enhances the fragrance's overall warmth. What distinguishes Plant Cinnamon Apple Fragrance Oil is its ability to evoke cherished memories of home baking, festive gatherings, and seasonal celebrations without becoming overly sweet. With excellent hot and cold throw performance, strong fragrance retention, and broad consumer appeal, it is an ideal choice for candle brands seeking a comforting, premium, and emotionally engaging signature scent.

## Fragrance Profile

Plant Cinnamon Apple Fragrance Oil is a warm and comforting fruity-spicy fragrance that beautifully combines the juicy freshness of orchard apples with the aromatic richness of cinnamon. Specially designed for hot and cold process scented candles, this fragrance delivers a cozy and inviting scent experience that evokes feelings of warmth, happiness, and seasonal charm. The composition balances natural fruit sweetness with elegant spice, creating a fragrance that is both familiar and sophisticated.

Plant Cinnamon Apple Fragrance Oil is characterized by its perfect balance of fruity freshness and spicy warmth. Unlike overly sweet bakery fragrances, it offers a more natural and refined aroma with a premium handcrafted feel. The overall scent evokes freshly baked apple desserts, cozy evenings by the fireplace, and festive seasonal gatherings. Warm, welcoming, and emotionally engaging, it is an excellent choice for candle collections seeking a timeless fragrance with strong consumer appeal and year-round versatility.

<b>Top Notes</b>	The fragrance opens with crisp red apple, green apple peel, and a touch of citrus brightness. These fresh and juicy notes provide an uplifting introduction and create an authentic orchard-fresh character.
<b>Middle Notes (Heart)</b>	At the heart, warm cinnamon bark, clove, and subtle nutmeg accords emerge. These aromatic spices add depth, warmth, and a comforting richness that enhances the fragrance's inviting personality.
<b>Base Notes</b>	The scent settles into a smooth foundation of vanilla, amber, caramelized sugar, and soft cedarwood. These notes provide warmth, longevity, and a velvety finish that lingers beautifully.

## Technical Specifications

<b>Fragrance Profile</b>	Cinnamon Apple Fragrance Essence Oil
<b>Appearance</b>	Clear to pale yellow liquid
<b>Relative Density</b>	0.890 to 0.940 g/cm <sup>3</sup> @ 25°C
<b>Refractive Index</b>	1.477 - 1.515@ 20°C
<b>Flash Point</b>	69°C-83°C (185°F)
<b>Ingredients</b>	Natural & Synthetic Aromatic Compounds
<b>Phthalate-Free</b>	Meets modern "clean scent" standards for luxury retail

## Recommended Dosage

Application	Dosage
Soy / Coconut / Beeswax:	7% – 10%
Paraffin Wax:	6% – 8%

Wax Melts / Tarts:	10% – 12%
Soap Applications (CP/HP)	3% – 5% (Check IFRA Category 9 for safety limits).

## Performance Characteristics

<b>Thermal Diffusion</b>	Excellent - Fills 20-30 square meters in 3-5 minutes after lighting
<b>Thermal Stability</b>	Engineered to resist degradation at standard candle-pouring temperatures (65°C - 80°C)
<b>Cold Throw</b>	Excellent - Noticeable aroma when unburned
<b>Hot Throw</b>	Excellent - Strong and steady aroma spread while burning
<b>Wax Compatibility</b>	Excellent - Blends seamlessly with soy wax, beeswax, coconut wax, paraffin wax, and blends
<b>Solubility</b>	100% oil-soluble; prevents sweating or oil pooling on candle surface
<b>Shelf Life</b>	24 months when stored in cool, dark place
<b>IFRA Compliance</b>	Complies with IFRA standards and passed skin irritation testing

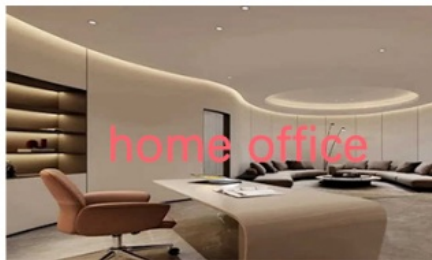

## Functions & Applications:

This Cinnamon Apple Fragrance Essence Oil serves two main purposes: environmental enhancement through its nostalgic and mood-lifting scent, and versatile applications across numerous DIY and commercial projects.

In terms of functions, the oil is primarily used for atmospheric enhancement and odor neutralization. Its warm, spicy-sweet aroma profile—with notes of baked apple, ground cinnamon, and brown sugar—creates a welcoming, cozy, and inviting atmosphere in any space. It is particularly effective at masking unwanted odors and evoking feelings of comfort, nostalgia, and warmth, making it ideal for living rooms, kitchens, dining areas, and hosting spaces. This quality makes it an excellent choice for creating a comforting and relaxing environment, often reminding users of freshly baked apple pie or cozy holiday gatherings.

Its applications are remarkably broad. The primary use is in candle making, where it is added to melted wax (hot process) during production, as well as in cold-process applications like wax melts or tarts. The oil is also widely used for aromatherapy and scenting rooms via ultrasonic humidifying diffusers, reed diffusers, and room sprays. Beyond these, crafters incorporate it into DIY soap making, bath bombs, potpourri, and even cleaning products or homemade perfumes. Its versatility makes it a favorite for both personal and professional project
