## Product Description

### Free Sample Diffuser Fragrance Essence Peony and Lilac Fragrance Oil For Reed Stick & Cold Scented Candle & Diffuser Fragrance Making/Production

Product Code: LDZ-PL30307

Premium fragrance essence for diffusers, reed sticks, scented candles, and home spray productions

#### Product Overview:

Peony and Lilac Fragrance Oil is a sophisticated floral fragrance designed for reed diffusers, cold-process scented candles, home fragrance products, and diffuser applications. This elegant scent captures the romantic beauty of blooming peonies intertwined with the delicate freshness of lilac blossoms, creating a soft, airy, and luxurious floral experience.

The fragrance opens with fresh green nuances and subtle dewy floral notes that evoke the feeling of a spring garden in full bloom. At its heart, rich peony petals unfold with a velvety sweetness, while lilac adds a light, powdery, and naturally refreshing character. Gentle floral accords are enhanced by soft musky undertones, providing depth and long-lasting diffusion without overwhelming the senses.

Carefully formulated for excellent scent throw and stability, this fragrance oil performs exceptionally well in reed stick diffusers, aroma diffusers, cold-process candles, wax melts, room sprays, and other home fragrance products. Its balanced floral profile creates a welcoming atmosphere that promotes relaxation, comfort, and elegance in living spaces, hotels, spas, boutiques, and wellness environments.

Peony and Lilac Fragrance Oil is ideal for manufacturers and fragrance creators seeking a timeless floral scent that combines classic sophistication with modern freshness. The result is a graceful, clean, and uplifting fragrance that transforms any environment into a charming floral sanctuary filled with natural beauty and refined elegance.

### Fragrance Profile & Characteristics:

Peony and Lilac Fragrance Oil presents a beautifully balanced floral composition that captures the freshness of a blooming spring garden. The fragrance is elegant, soft, romantic, and naturally uplifting, making it ideal for home fragrance and diffuser applications. It combines the lush sweetness of peony with the delicate, powdery charm of lilac, creating a scent that feels both luxurious and comforting.

Fragrance Notes	Description
Top Notes	Fresh green leaves, morning dew, and light citrus nuances introduce the fragrance with a clean and airy opening. These notes provide a refreshing first impression and enhance the natural floral character.
Middle Notes	Peony petals, lilac blossoms, rose accord, and delicate jasmine form the heart of the fragrance. This floral bouquet is rich yet graceful, delivering a soft, velvety sweetness with subtle powdery undertones that evoke the beauty of flowers in full bloom.
Base Notes	White musk, soft woods, and a touch of creamy amber create a smooth and lasting foundation. These notes add warmth, depth, and excellent diffusion performance while preserving the fragrance's light floral elegance.

## Technical Specifications:

Parameter	Specification
Product Name	Peony and Lilac Fragrance Oil
Fragrance Profile	Sharp Citrus, Zesty Peel, Effervescent
Appearance	Colorless to light yellow transparent liquid
Relative Density	0.940–0.980 g/cm <sup>3</sup> @ 25°C

Solubility	Easily soluble in ethanol and propylene glycol
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	12-24 months when stored in cool, dark place in sealed container
Standard Compliance	IFRA compliant with passed skin irritation testing

## Functions & Applications:

Peony and Lilac Fragrance Oil is designed to deliver a refined floral aroma that enhances the sensory appeal of various fragrance and personal care products. Its primary function is to provide a fresh, elegant, and long-lasting scent that combines the lush sweetness of peony with the soft, powdery freshness of lilac. This harmonious floral profile helps create a luxurious and memorable fragrance experience.

The oil functions as an effective aroma enhancer, improving the overall quality and attractiveness of products while adding a sophisticated floral identity. It also contributes to odor masking, helping reduce or cover unwanted base odors from raw materials and finished formulations. Due to its excellent diffusion properties, the fragrance disperses evenly and maintains a consistent scent presence over time.

In addition, Peony and Lilac Fragrance Oil helps create a relaxing and welcoming atmosphere, making it valuable for products intended to promote comfort and well-being. Its balanced floral character can evoke feelings of freshness, tranquility, and elegance. The fragrance also blends well with fruity, green, woody, and musky accords, providing formulators with flexibility when creating unique and customized scent compositions.

### Primary Applications:

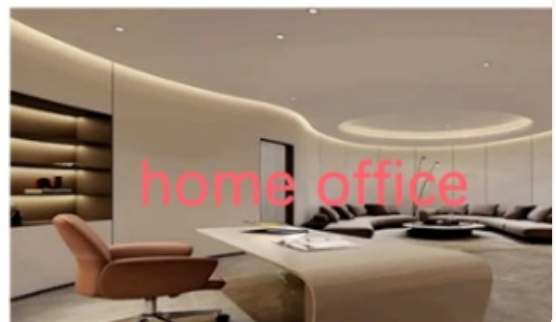

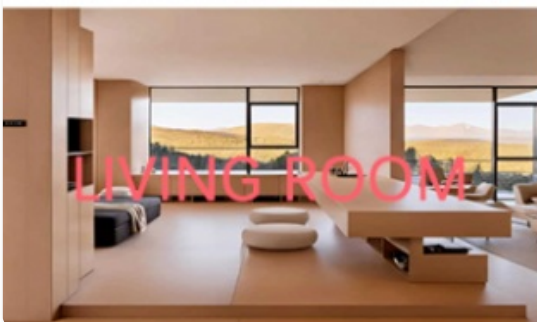

Peony and Lilac Fragrance Oil is widely used in home fragrance, personal care, and air care products due to its elegant floral scent and excellent stability. One of its primary applications is in reed diffusers, where it provides continuous fragrance release and creates a pleasant floral atmosphere in homes, hotels, spas, and offices.

The oil is also highly suitable for cold-process scented candles, container candles, wax melts, and scented wax tablets, offering both excellent cold throw and long-lasting fragrance performance. In room sprays, linen sprays, and air fresheners, it helps instantly refresh indoor spaces with a clean and sophisticated floral aroma.

Within the personal care industry, Peony and Lilac Fragrance Oil can be incorporated into shampoos, shower gels, liquid soaps, hand washes, body lotions, creams, and bath products, enhancing the overall user experience. It is also used in laundry detergents, fabric softeners, and scent boosters, leaving fabrics with a fresh floral scent after washing.

Additionally, the fragrance is suitable for home scenting systems, aroma diffusers, potpourri, sachets, and customized perfume formulations, making it a versatile ingredient for numerous fragrance-based applications.

## applications

### Our Advantages:

## 100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

### Support and Services

Our R&D team includes PhDs and senior engineers, with established laboratories in partnership with universities. We integrate global technology to maintain product advantage through continuous innovation.

### Comprehensive Support Services

- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- Training and education on fragrance formulation

## Packaging and Shipping

### Product Packaging Options

Pack Type	Quantity	Specification	Volume
