## Product Description

### Ginger Fragrance Essence For Shampoo and Soap Making /Productions with High-Surfactant Stability, IFRA Compliance

Product Code: LDZ-PL20231

Ginger Fragrance Essence is a premium fragrance concentrate specially formulated for shampoo, soap, and shower gel manufacturing, delivering a vibrant, clean, and invigorating scent that enhances everyday personal care products. Inspired by the natural freshness of ginger root, this fragrance combines warm spicy notes with refreshing citrus accents and soft herbal undertones, creating a balanced aroma that feels energizing, sophisticated, and naturally refreshing. It is an excellent choice for brands seeking a modern fragrance that conveys cleanliness, vitality, and wellness.

Developed using high-quality aromatic ingredients and advanced fragrance technology, this fragrance essence offers excellent stability in surfactant-based formulations, ensuring consistent fragrance performance throughout production, storage, and daily use. It provides outstanding scent retention, low discoloration, and excellent compatibility with a wide range of cosmetic ingredients, maintaining its fresh character even in challenging formulations. The fragrance also produces a pleasant aromatic experience during use, leaving the skin and hair delicately scented without being overpowering.

Ideal for shampoos, conditioners, shower gels, liquid soaps, bar soaps, facial cleansers, hand washes, and other rinse-off personal care products, Ginger Fragrance Essence blends harmoniously with citrus, green tea, mint, lemongrass, cedarwood, or white musk accords to create customized fragrance profiles. Suitable for both OEM/ODM manufacturing and private-label production, it combines reliable processing performance with a refreshing botanical identity, making it an excellent solution for premium hair care and skincare collections designed for today's health-conscious consumers.

### Fragrance Profile & Characteristics:

**Ginger Fragrance Essence** features a refreshing spicy-aromatic fragrance that combines the natural warmth of fresh ginger with bright citrus notes and soft woody undertones. Designed for shampoos, soaps, and shower gels, it delivers a clean, invigorating scent that promotes a feeling of freshness, vitality, and everyday wellness. The fragrance is vibrant yet well-balanced, making it suitable for both men's and women's personal care products.

<b>To p No tes</b>	The fragrance opens with an energizing blend of fresh ginger, bergamot, lemon zest, and crisp green mandarin, creating a sparkling and uplifting introduction with a lively citrus character. These bright top notes instantly refresh the senses and convey a clean, revitalizing impression.
<b>Mi dd le No tes</b>	The heart develops into a harmonious accord of ginger blossom, green tea, lavender, and aromatic herbs, adding natural freshness and subtle floral complexity while maintaining the fragrance's crisp personality. This middle layer creates a smooth transition between the citrus opening and the warm base.
<b>Ba se No tes</b>	The fragrance concludes with a comforting blend of cedarwood, white musk, sandalwood, and soft amber, providing excellent longevity and a clean, elegant finish. The overall composition is fresh, sophisticated, and ideal for premium hair care, skincare, and daily cleansing products.

### **Functions and Applications:**

Ginger Fragrance Essence is specially formulated to provide a clean, refreshing, and energizing aroma that enhances the sensory appeal of hair care and personal cleansing products. Its primary function is to deliver a balanced spicy-citrus fragrance that creates an immediate feeling of freshness while leaving a light, pleasant scent on the skin and hair after use. The carefully developed formula offers excellent fragrance diffusion, lasting freshness, and reliable scent retention, ensuring consistent performance throughout the product's shelf life.

In addition to its appealing fragrance, this essence exhibits outstanding compatibility with surfactant-based formulations, emulsions, and cosmetic ingredients, making it easy to incorporate into various rinse-off products. Its excellent formulation stability helps minimize fragrance degradation, discoloration, and scent loss during manufacturing and storage. The fragrance also blends effortlessly with citrus, herbal, minty, woody, and floral accords, enabling formulators to create distinctive product ranges. By combining technical reliability with a naturally invigorating fragrance profile, Ginger Fragrance Essence helps brands deliver premium-quality products that promote freshness, vitality, and everyday wellness.

### **Applications:**

Ginger Fragrance Essence is widely used in the personal care and cosmetic industries because of its fresh, spicy, and naturally

uplifting aroma. It is particularly suitable for shampoos, conditioners, shower gels, liquid soaps, bar soaps, facial cleansers, hand washes, body scrubs, and foaming cleansers, where it provides a clean and revitalizing fragrance that enhances the daily bathing experience. Its refreshing scent profile makes it especially popular in wellness-inspired, botanical, and unisex product collections. Beyond traditional cleansing products, this fragrance essence is an excellent choice for OEM/ODM manufacturing, private-label skincare brands, spa collections, hotel amenities, fitness and sports care products, and premium men's grooming lines. Its versatile composition blends harmoniously with citrus, green tea, eucalyptus, mint, cedarwood, lavender, and white musk accords, allowing formulators to create customized fragrance concepts for diverse consumer preferences. Suitable for both handcrafted formulations and large-scale industrial production, it delivers excellent stability, consistent processing performance, and a sophisticated fragrance identity that adds value to modern personal care products.
