Product Description

Free Sample Diffuser Fragrance Myrrh & Tonka Bean Fragrance For Reed Stick & Cold Scented Candle & Diffuser Fragrance Making/Production

Product Code: LDZ-PL30843

Premium fragrance essence for diffusers, reed sticks, scented candles, and home spray productions

Product Overview:

Inspired by the timeless elegance of resinous woods and creamy gourmand notes, this sophisticated fragrance combines the rich warmth of myrrh with the velvety sweetness of tonka bean, creating a luxurious and comforting atmosphere. The composition is deep, smooth, and refined, making it an excellent choice for premium interior fragrance collections and hospitality environments.

Developed with high-quality aromatic materials, this fragrance oil offers excellent scent diffusion, outstanding cold throw, and long-lasting fragrance performance. Its carefully balanced formulation ensures consistent fragrance release through reed sticks while maintaining excellent stability in soy wax, paraffin wax, coconut wax, and other candle bases. The fragrance gradually unfolds, filling the surrounding space with an inviting aroma that is warm, elegant, and soothing without becoming overpowering.

Perfect for reed diffusers, scented candles, aroma stones, home fragrance sprays, wax melts, potpourri, and hotel scenting systems, Myrrh & Tonka Bean Fragrance blends harmoniously with vanilla, amber, cedarwood, sandalwood, patchouli, and soft musk accords to create exclusive fragrance collections. Combining exceptional formulation stability with a rich oriental-woody identity, it is an ideal choice for OEM/ODM manufacturers, private-label brands, and luxury home fragrance companies seeking premium-quality fragrance solutions with lasting sensory appeal and sophisticated character.

PLAN

LDZ-PL30967

Coconut & Vanilla Fragrance

Production Date: April 25, 2026

Production Batch No.: 260425529

Shelf Life: 2 years

Specifications: 5kg/drum

Product Standard No.: GB/T22731 Daily Fragrance

Net Weight: 5kg

Application: Daily Fragrance

Usage: Add in appropriate amounts as needed in production

Shake well before use, and use as soon as possible after opening

Storage conditions: Store in a cool, dry, and wellventilated place, sealed

Fragrance Profile & Characteristics:

Myrrh & Tonka Bean Fragrance presents a luxurious oriental-woody composition that balances rich resins with creamy gourmand warmth, creating a sophisticated and comforting home fragrance experience. Designed for reed diffusers, scented candles, and aroma products, this fragrance evokes the ambiance of an elegant lounge, boutique hotel, or tranquil evening retreat. Its refined character combines depth, softness, and warmth, making it suitable for year-round use.

Fragrance Notes	Description
Top Notes	The fragrance opens with an inviting blend of lavender, bergamot, and subtle spicy cinnamon, delivering a fresh yet gently aromatic introduction. These bright top notes add a delicate lift before gradually revealing the richer heart of the composition.
Middle Notes	At its heart lies an elegant fusion of myrrh resin, benzoin, soft amber, and warm almond nuances. The resinous accords provide richness and depth, while the balsamic sweetness creates a smooth, velvety transition that feels both luxurious and relaxing.
Base Notes	The fragrance settles into a long-lasting base of tonka bean, vanilla, sandalwood, cedarwood, and white musk. These creamy woody notes deliver exceptional warmth, excellent diffusion, and lasting fragrance retention, leaving behind a soft, comforting trail with subtle gourmand undertones. The overall profile is elegant, cozy, and timeless, making it an excellent choice for premium home fragrance collections and sophisticated interior scenting applications.

Technical Specifications:

Parameter	Specification
Product Name	Myrrh & Tonka Bean Fragrance
Fragrance Profile	Sharp Citrus, Zesty Peel, Effervescent
Appearance	Colorless to light yellow transparent liquid
Relative Density	0.955–0.990 g/cm ³ @ 25°C

Solubility	Easily soluble in ethanol and propylene glycol
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	12-24 months when stored in cool, dark place in sealed container
Standard Compliance	IFRA compliant with passed skin irritation testing

Functions & Applications:

Myrrh & Tonka Bean Fragrance Oil is expertly formulated to create a warm, luxurious, and relaxing atmosphere in premium home fragrance products. Its primary function is to deliver a rich oriental-woody aroma that combines the resinous depth of myrrh with the

creamy sweetness of tonka bean, producing a sophisticated scent that gradually fills interior spaces with exceptional elegance. The fragrance is engineered to provide excellent diffusion, long-lasting fragrance retention, and balanced scent evolution, allowing the aroma to remain consistent from the first release to the final dry-down.

In addition to its outstanding olfactory performance, this fragrance oil exhibits excellent compatibility with diffuser bases, candle waxes, and home fragrance carriers, ensuring reliable processing and stable fragrance performance during production and storage. Its carefully balanced formulation minimizes fragrance degradation and supports consistent batch quality. The fragrance also functions as an excellent blending component, pairing beautifully with vanilla, amber, sandalwood, cedarwood, patchouli, leather, and soft musk accords to create customized home fragrance collections. Its refined character enhances the perceived quality of finished products while helping brands establish an elegant, premium, and memorable fragrance identity.
