Product Description

High Concentration Body Casamorati Xerjoff 1888 Fragrance Oil For Perfume Making/Production With Free Sample

Product Code: LDZ-PL10393

Body Perfume Casamorati Xerjoff 1888 Fragrance Oil is a high-concentration fragrance oil inspired by the timeless elegance of the renowned Casamorati collection. Carefully developed for professional perfume making and luxury fragrance manufacturing, this sophisticated composition embodies the richness of classic Italian perfumery while incorporating a modern niche fragrance character. It opens with vibrant freshness, unfolds into an aromatic floral-spice heart, and finishes with a warm woody-amber accord, creating a refined scent that is both distinctive and enduring.

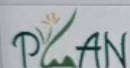

Crafted from premium-quality aromatic materials, this fragrance oil offers excellent diffusion, superior fragrance fixation, and impressive longevity. Its advanced formulation ensures outstanding stability in alcohol-based perfume systems and cosmetic applications, delivering consistent fragrance quality throughout production, storage, and daily wear. The harmonious blend of spices, precious woods, florals, and resinous notes provides a luxurious olfactory journey that appeals to consumers seeking depth, sophistication, and individuality.

Fragrance Profile:

Casamorati Xerjoff 1888 Fragrance Oil is an elegant oriental woody-spicy fragrance that pays tribute to the artistry of classic Italian perfumery while embracing a refined contemporary character. Rich, sophisticated, and perfectly balanced, this composition combines sparkling spices, luxurious florals, and precious woods to create a fragrance that is warm, distinctive, and exceptionally long-lasting. Designed for those who appreciate timeless elegance with a modern niche appeal, it delivers remarkable depth and complexity throughout its evolution.

Fragrance Notes	Description
Top Notes (Opening)	The fragrance opens with an invigorating blend of coriander, black pepper, carnation, and a touch of fresh saffron. These vibrant top notes create a spicy yet luminous introduction, offering warmth, freshness, and an immediate sense of luxury without overwhelming the senses.
Middle Notes (Heart)	As the fragrance develops, the heart reveals an elegant bouquet of Bulgarian rose, ylang-ylang, neroli, and jasmine. These floral accords soften the spicy opening, adding richness, refinement, and a velvety elegance while preserving the fragrance's sophisticated personality.
Base Notes (Foundation)	The scent settles into a luxurious base of sandalwood, cedarwood, patchouli, amber, birch, musk, and creamy vanilla. These warm woody notes provide excellent longevity, smooth diffusion, and a rich, elegant dry-down with subtle smoky nuances. The overall fragrance is refined, charismatic, and timeless, making it an exceptional choice for Fine Perfumes, Eau de Parfum (EDP), perfume oils, and premium body fragrance collections that embody luxury, confidence, and enduring sophistication.

Technical Specifications:

Parameter	Specification
Fragrance Notes	Casamorati Xerjoff 1888 Fragrance Oil
Appearance	Transparent to amber liquid
Relative Density	0.951–0.980 g/cm³ @ 25°C

Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation ensures smoother fragrance evolution

Applications & Functions:

Casamorati Xerjoff 1888 Fragrance Oil is expertly formulated to impart a luxurious oriental woody-spicy fragrance that elevates the sensory appeal and premium positioning of fine perfumes and personal care products. Its primary function is to create a sophisticated scent evolution, beginning with vibrant spices, transitioning into an elegant floral heart, and settling into a warm woody-amber base. This carefully structured progression provides excellent fragrance diffusion, strong fixation, and exceptional longevity, ensuring a refined olfactory experience from the first application to the final dry-down.

In addition to its captivating aroma, this fragrance oil delivers outstanding formulation stability, excellent alcohol compatibility, and superior resistance to oxidation, helping manufacturers maintain consistent fragrance quality throughout production and storage. Its balanced composition minimizes fragrance degradation while preserving clarity and color in finished products. The fragrance also serves as a versatile blending ingredient, pairing seamlessly with incense, leather, sandalwood, patchouli, vanilla, amber, and musk accords to create bespoke niche-inspired compositions. By combining reliable technical performance with timeless elegance, Casamorati Xerjoff 1888 Fragrance Oil enables brands to develop distinctive products that convey sophistication, craftsmanship, and enduring luxury.

Casamorati Xerjoff 1888 Fragrance Oil is widely used in the premium fragrance and cosmetics industries for creating luxurious products with a rich oriental woody-spicy character. It is an excellent ingredient for Fine Perfume, Eau de Parfum (EDP), Eau de Toilette (EDT), perfume oils, body mists, and roll-on perfumes, where its elegant composition delivers remarkable depth, longevity, and a memorable signature scent. It is also suitable for body lotions, body creams, hand creams, shower gels, shampoos, conditioners, liquid soaps, deodorants, beard oils, aftershaves, and hair fragrance products, enriching daily personal care items with a refined niche-inspired aroma. Beyond conventional cosmetic applications, this fragrance oil is ideal for OEM/ODM perfume manufacturing, private-label luxury brands, bespoke fragrance collections, exclusive gift sets, and customized signature scent projects. Its versatile profile blends beautifully with woody, resinous, leathery, smoky, musky, and floral accords, allowing perfumers to create unique fragrance collections for diverse international markets. Suitable for both handcrafted perfumery and industrial-scale production, it provides excellent formulation stability, reliable batch consistency, and premium fragrance quality, making it an outstanding choice for high-end fragrance innovation and luxury brand development.

Industrial Applications

Primary applications include:

Attars and Concentrated Perfume Oils (CPO): Ideal for alcohol-free, highly potent luxury oils

Fine Fragrances: Used in "Intense" or "Nuit" perfume versions requiring heavy sillage

Premium Home Fragrancing: Top-tier choice for Bakhoor and luxury incense production

Hospitality Sector: Utilized in high-output nebulizers for hotel lobbies and boutiques

Personal Care: Popular in Beard Oils and Hair Mists for long-lasting sophisticated appeal

Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.
