

Free Sample Home Diffuser Fragrance Guava Flavoring Essence Oil For Reed Stick & Cold Scented Candle & Diffuser Fragrance Making/Production

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA, MSDS, IFRA, CE, ISO
- Model Number: LDZ-PL30299
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum, 4 Drum/carton, 20kgs/carton (41*28*33.5cm); Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm) (0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C, T/T, Western Union, MoneyGram
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Highlight: guava diffuser fragrance oil, reed stick fragrance essence, cold scented candle fragrance

Product Description

Hotel Diffuser Guava Flavoring Essence Oil For Reed Stick & Cold Scented Candle & Diffuser Fragrance Making/Production

Product Code: LDZ-PL30299

Premium fragrance essence for diffusers, reed sticks, scented candles, and home spray productions

Product Overview:

Guava fragrance oil delivers a vibrant, tropical scent profile characterized by juicy, sweet, and slightly tangy exotic fruit notes. Formulated for high performance in home fragrance production, this concentrated essence oil is exceptionally versatile for both professional manufacturing and DIY crafting. When used in reed diffusers, it blends smoothly with standard carrier bases to deliver a continuous, long-lasting aroma with excellent capillary draw up the sticks. For candle making, it performs reliably across soy, paraffin, and coconut wax blends, providing a robust cold scent throw that naturally permeates unlit candles while holding its structural integrity during the wax pouring and cooling phases. Its high oil solubility ensures seamless mixing without clouding or separation, making it equally effective for room sprays, car air fresheners, and custom ambient scents. Highly potent and energizing, this tropical guava essence provides a lush, refreshing atmosphere, making it a standout choice for creating summer-inspired home fragrance lines.

LDZ-PL30967

Coconut & Vanilla Fragrance

Production Date: April 25, 2026

Production Batch No.: 260425529

Shelf Life: 2 years

Specifications: 5kg/drum

Product Standard No.: GB/T22731 Daily Fragrance

Net Weight: 5kg

Application: Daily Fragrance

Usage: Add in appropriate amounts as needed in production

Shake well before use, and use as soon as possible after opening

Storage conditions: Store in a cool, dry, and wellventilated place, sealed

Crystallization may occur when stored in a low temperature environment. Please dissolve in a 50°C water bath and shake well before use.

Supplier: Guangzhou Plant Fragrance Co., LTD

Address: No. 1, Xeyuan Road, Baiyun District, Guangzhou, Guangdong, 510540, China

Tel: 86-19924190535

Email: plant@pf52n.com

Fragrance Profile & Characteristics:

This fragrance oil captures a bright, exotic tropical scent profile that is juicy, sweet, and uplifted by a light, refreshing tartness. Designed with balanced volatility, it evolves smoothly from an energetic opening into a warm, lingering aroma.

Fragrance Notes	Description
Top Notes	Bright Pink Guava Nectar, Zesty Citrus Splash, and Sweet Passionfruit. These light, volatile molecules instantly diffuse upon release, delivering an uplifting and crisp initial burst of fresh fruitiness.
Middle Notes	Mango Pulp, Succulent Peach, and Delicate Tropical Florals. Representing the heart of the scent, these notes emerge as the top notes fade, giving the fragrance its signature lush body, depth, and rounded character.
Base Notes	Sunlit Woods, Agave Syrup, and Creamy Solar Vanilla. These heavy, slow-evaporating fixative notes ground the fruit accords, ensuring a smooth dry-down that anchors the fragrance in candle wax and reed diffuser bases for days.

Technical Specifications:

Parameter	Specification
Product Name	Guava Flavoring Essence Oil
Appearance	Colorless to light yellow transparent liquid
Relative Density	0.960–1.056g/cm³ @ 25°C
Refractive Index	1.460–1.505@ 20°C
Flash Point	>85°C (175°F)
Ingredients	Natural & Synthetic Aromatic Compounds
Recommended Dosage	Aroma Sachets: 3–8% Hot Process Candles: 5–8%; Reed Diffuser: 15–30%; Wax Melts: 6–10%; Room Spray: 2–6%; Cold Process Candles: 6–10%;
Volatilization Rate	Maintains continuous fragrance for 20-30 days, covering 15-25 square meters
Solubility	Easily soluble in ethanol and propylene glycol
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	12-24 months when stored in cool, dark place in sealed container
Standard Compliance	IFRA compliant with passed skin irritation testing

Functions & Applications:

Guava flavoring essence oil serves as a high-performance aromatic compound engineered to deliver sensory enhancement and atmospheric modification. Mechanically, its primary function is olfactory masking and air purification, effectively neutralizing persistent malodors—such as cooking grease, dampness, or pet dander—by binding sensory receptors to a dominant, exotic top note. Chemically, the oil acts as a volatile fragrance carrier designed for controlled evaporation; it maintains structural integrity under ambient air flow or

subtle thermal stress, ensuring a balanced "scent throw" (both top juicy notes and deeper floral-fruity undertones) without breaking down into harsh chemical off-notes. From a psychological standpoint, guava essence triggers positive neurological responses—activating sensory pathways that foster mental refreshment, anxiety relief, and heightened alertness. Furthermore, in product formulations, it acts as a stabilizing scent anchor, blending seamlessly with carrier solvents, wax bases, and alcohol substrates to prevent separation, discoloration, or premature degradation over time.

Primary Applications:

This essence oil is utilized across a broad spectrum of commercial manufacturing, artisanal crafting, and ambient branding operations. In home fragrance production, it is a key raw material for formulating reed diffuser liquids (mixed with low-viscosity solvents to optimize capillary action through rattan sticks), cold-air nebulizers, and ultrasonic diffuser concentrates. For candle makers, it integrates into soy, paraffin, or coconut wax blends to produce cold-scented candles, wax melts, and tarts that release a strong cold throw prior to burning. Beyond space fragrancing, artisan soap makers and cosmetic crafters incorporate it into cold-process soaps, bath salts, body oils, and solid perfumes. In commercial environments, luxury resorts, boutique retail stores, and day spas deploy this guava formulation through HVAC scent systems to establish signature sensory branding that enhances customer dwell time. It also finds heavy application in household cleaning product lines, including scented linen sprays, carpet deodorizers, and automotive air fresheners.

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support and Services

Our R&D team includes PhDs and senior engineers, with established laboratories in partnership with universities. We integrate global technology to maintain product advantage through continuous innovation.

Comprehensive Support Services

- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- Training and education on fragrance formulation

Packaging and Shipping

Product Packaging Options

Pack Type	Quantity	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Shipping Information

Production time: 3-5 days for trial orders, 5-10 days for bulk orders. We provide photos or samples for confirmation before shipping. Shipping options include ship, air, truck, and express delivery.
