Product Description

Home Diffuser Fragrance Pomegranate-Wild Berry Flavoring Essence Oil For Reed Stick & Cold Scented Candle & Diffuser Fragrance Making/Production With Free Sample

Product Code: LDZ-PL30433

Premium fragrance essence for diffusers, reed sticks, scented candles, and home spray productions

Product Overview:

Pomegranate-Wild Berry fragrance oil opens with a sharp, mouth-watering explosion of ruby-red pomegranate arils, wild crushed blackberries, and iced cranberry, punctuated by a splash of tart pink grapefruit. As this luminous initial wave settles, the fragrance transitions into a dense, velvety heart composed of blackcurrant nectar, plump raspberries, and dark acai berries. A subtle accent of crushed violet leaves cuts through the lush fruit body, adding a realistic green earthiness that keeps the composition sophisticated rather than overly sweet. The journey concludes on a rich, grounding foundation of solar cedarwood, warm amber resin, soft vanilla bean, and sheer white musk. This wooded base acts as a fixative anchor, securing the volatile fruit esters to ensure a long-lasting room presence. Engineered specifically for cold-scented candles, reed diffusers, and cold-air scenting systems, this scent profile masters a high-contrast dynamic between sharp acidity and opulent dark fruit richness, transforming any indoor environment into a lavish, multi-layered retreat.

PLAN

LDZ-PL30967

Coconut & Vanilla Fragrance

Production Date: April 25, 2026
Production Batch No.: 260425529
Shelf Life: 2 years
Specifications: 5kg/drum
Product Standard No.: GB/T22731 Daily Fragrance
Net Weight: 5kg

Application: Daily Fragrance
Usage: Add in appropriate amounts as needed in production
Shake well before use, and use as soon as possible after opening
Storage conditions: Store in a cool, dry, and well-ventilated place, sealed

Crystallization may occur when stored in a low temperature environment. Please dissolve in a 30°C water bath and shake well before use.

Manufacturer: PLAN Fragrance Co., Ltd.
Address: No. 1, Jinhua Road, Puyang County, Henan Province, China
Tel: 135 2300 0000

Fragrance Profile & Characteristics:

Fragrance Notes	Description
Top Notes	Ruby-red pomegranate arils, wild crushed blackberries, iced cranberry, and tart pink grapefruit. The opening is sharp, mouth-watering, and intensely vibrant, delivering an immediate wave of dark-fruit acidity.
Middle Notes	Plump raspberries, dark acai berries, blackcurrant nectar, and a touch of crushed violet leaves. The heart builds a dense, velvety fruit body, adding realistic juiciness and a subtle green earthiness that counteracts heavy sweetness.
Base Notes	Solar cedarwood, warm amber resin, soft vanilla bean, and sheer white musk. The base provides a smooth, wooded foundation that secures the volatile fruit esters, giving the scent a luxurious, grounded finish.

Technical Specifications:

Parameter	Specification
Product Name	Pomegranate-Wild Berry Flavoring Essence Oil
Appearance	Colorless to light yellow transparent liquid
Relative Density	0.953–1.044g/cm³ @ 25°C
Refractive Index	1.465–1.513@ 20°C
Flash Point	>85°C (175°F)
Ingredients	Natural & Synthetic Aromatic Compounds
Recommended Dosage	Aroma Sachets: 3–8% Cold Process Candles: 6–10%; Hot Process Candles: 5–8%; Reed Diffuser: 15–30%; Wax Melts: 6–10%; Room Spray: 2–6%;
Volatilization Rate	Maintains continuous fragrance for 20-30 days, covering 15-25 square meters
Solubility	Easily soluble in ethanol and propylene glycol
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	12-24 months when stored in cool, dark place in sealed container
Standard Compliance	IFRA compliant with passed skin irritation testing

Functions & Applications:

Pomegranate-Wild Berry Flavoring Essence Oil is specially formulated to deliver a vibrant fruity fragrance that enhances the sensory appeal of premium home fragrance products. Its primary function is to create a lively and refreshing atmosphere by combining the juicy sweetness of ripe pomegranate with the rich, tangy character of wild berries. This balanced composition produces a continuous and well-

rounded fragrance release, filling interior spaces with an energetic yet elegant aroma that appeals to a wide range of consumers. Beyond its attractive scent profile, the fragrance oil provides excellent diffusion efficiency, long-lasting fragrance retention, and outstanding formulation stability in diffuser bases and candle wax systems. Its carefully engineered composition helps resist oxidation and minimizes fragrance deterioration during storage and prolonged use. The fragrance also performs exceptionally well when blended with citrus, floral, green, musky, and woody accords, allowing perfumers to create customized seasonal or signature fragrance collections. Combining premium technical performance with a fresh fruit-inspired identity, this fragrance oil enables manufacturers to develop high-quality home fragrance products that offer consistent scent performance and memorable consumer experiences.

Primary Applications:

Pomegranate-Wild Berry Flavoring Essence Oil is widely used in the home fragrance industry for developing vibrant, fruit-inspired ambient scent products. It is ideally suited for reed diffusers, cold-process scented candles, electric aroma diffusers, ultrasonic diffusers, room sprays, linen mists, fragrance sachets, scented wax melts, aroma stones, and decorative ceramic diffusers, where its bright fruity fragrance creates an inviting and refreshing environment with excellent scent diffusion.

In addition to residential use, this fragrance oil is an excellent choice for boutique hotels, cafés, lifestyle stores, beauty salons, wellness centers, fitness studios, retail spaces, and seasonal promotional displays, helping businesses create distinctive scent identities that enhance customer experience and brand recognition. It is also suitable for OEM/ODM manufacturing, private-label home fragrance collections, gift sets, holiday-themed products, and customized fragrance development projects. Its versatile fruity profile blends harmoniously with berry, apple, citrus, jasmine, vanilla, white musk, and light woody accords, allowing brands to introduce innovative fragrance collections for different markets. Suitable for both artisan production and large-scale manufacturing, it offers reliable processing stability, excellent batch consistency, and premium fragrance quality.

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support and Services

Our R&D team includes PhDs and senior engineers, with established laboratories in partnership with universities. We integrate global technology to maintain product advantage through continuous innovation.

Comprehensive Support Services

- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- Training and education on fragrance formulation

Packaging and Shipping

Product Packaging Options

Pack Type	Quantity	Specification	Volume
