Product Description

Fragrance & Flavour Companies Soft Peach Fragrance Oil For Perfume Making / Production With Free Sample

Product Code: LDZ-PL10676

High Concentrated Soft Peach Scent Fragrance Oil is a premium fragrance concentrate crafted to express the delicate elegance of sun-ripened white peach through a contemporary fine-fragrance interpretation. Instead of emphasizing an overly sweet candy-like aroma, this composition highlights the natural juiciness, velvety skin, and fresh orchard atmosphere of ripe peaches, creating a scent that feels sophisticated, luminous, and effortlessly wearable. Sparkling fruity nuances introduce the fragrance with a crisp, mouthwatering freshness, while subtle green facets recreate the sensation of freshly harvested fruit still carrying traces of morning dew. As the fragrance unfolds, airy white blossoms and soft nectar-like accords enrich the heart, adding graceful dimension and a silky texture. The dry-down is completed by smooth white musk, cashmere woods, and a whisper of creamy amber, leaving a refined, comforting trail that lingers beautifully on the skin.

Developed for professional perfume manufacturing, this highly concentrated fragrance oil offers excellent compatibility with alcohol-based formulations, reliable batch-to-batch consistency, and outstanding scent diffusion. It performs exceptionally well in Eau de Parfum, extrait de parfum, body mists, perfume oils, and customized fragrance collections. The composition also serves as an outstanding modifier when blended with osmanthus, jasmine, pear, apricot, vanilla, or light woody accords, allowing perfumers to create exclusive fruity-floral or fruity-musky signatures. Inspired by the peaceful atmosphere of a late-summer orchard rather than confectionery sweetness, this fragrance oil provides a distinctive olfactory identity for luxury brands seeking a modern peach fragrance with elegance, depth, and exceptional commercial versatility.

Fragrance Profile:

High Concentrated Soft Peach Scent Fragrance Oil features a refined fruity-floral-musky profile that captures the natural elegance of ripe peaches rather than an overly sweet dessert aroma. The fragrance is smooth, luminous, and velvety, unfolding with remarkable balance from the sparkling opening to the soft, comforting finish. Inspired by the atmosphere of a sunlit orchard in late summer, it combines juicy fruit nuances with delicate floral accents and sophisticated woody undertones, creating a scent that feels fresh, graceful, and contemporary. The overall character is bright yet comforting, making it suitable for both feminine fragrances and modern unisex perfume creations.

Fragrance Notes	Description
Top Notes (Opening)	Juicy white peach, sparkling bergamot, and crisp pear introduce a vibrant opening with subtle green nuances that recreate the freshness of hand-picked fruit.
Middle Notes (Heart)	Osmanthus, jasmine petals, and delicate peony blend with nectar-like peach blossom accords, enriching the fragrance with soft floral elegance while preserving the fruit's natural character.
Base Notes (Foundation)	White musk, cashmere wood, creamy sandalwood, and a touch of amber create a silky, long-lasting finish. These warm base notes enhance the fragrance with depth, smoothness, and a sophisticated trail, leaving an elegant impression that remains fresh, comforting, and effortlessly luxurious.

Technical Specifications:

Parameter	Specification
Fragrance Notes	Soft Peach Fragrance Oil
Appearance	Transparent to amber liquid
Relative Density	0.962–0.983 g/cm³ @ 25°C
Refractive Index	1.470–1.493
Flash Point	>80°C
Dosage	Fine Perfume: 15–30%; Body Mist: 3–8%; Eau de Toilette: 8–15%; Candles:10% Home Fragrance: 5–15% (according to formulation requirements)
Diffusion Ability	Excellent aroma
Long-lasting Fragrance	8-12 hours (paper strip test)
Solubility	Soluble in ethanol and oils; insoluble in water
IFRA Compliance	Conforms to International Fragrance Association safety standards
Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation ensures smoother fragrance evolution

Applications & Functions

High Concentrated Soft Peach Scent Fragrance Oil is designed to create an inviting emotional connection through its delicate fruity character and refined elegance. Rather than simply delivering a pleasant peach aroma, it functions as a fragrance enhancer that introduces warmth, optimism, and a sense of effortless luxury to perfume compositions. The carefully balanced structure allows the scent to transition smoothly from bright fruit notes to a silky musky finish, giving the fragrance remarkable depth and a naturally evolving character.

Its concentrated formula provides excellent diffusion and lasting performance while blending harmoniously with floral, gourmand, woody, citrus, and musky accords. The fragrance also serves as an effective modifier, softening sharp notes and adding a velvety fruit texture without overpowering surrounding ingredients. Professional perfumers can use it to create signature fruity accords with improved roundness and elegance. Inspired by the sensation of biting into a perfectly ripe orchard peach at sunrise, this fragrance oil delivers a refreshing yet comforting atmosphere that elevates the perceived quality of premium perfume collections while maintaining excellent formulation stability and batch consistency.

Mar Eterna Ramón Béjar Fragrance Oil is developed for a broad spectrum of premium fragrance applications where freshness, elegance, and lasting performance are essential. It is particularly well suited for manufacturing Eau de Parfum, Eau de Toilette, extrait de parfum, perfume oils, body mists, and fragrance layering collections, delivering a refined marine character with exceptional persistence. Its balanced composition also makes it an excellent choice for bespoke perfumery, private-label fragrance development, and limited-edition niche collections that require a distinctive coastal-inspired signature.

Beyond personal fragrances, this concentrate performs beautifully in high-end scented candles, reed diffusers, luxury room sprays, aroma diffusers, hotel ambient scenting systems, and premium home fragrance collections. The fragrance retains its clean aquatic freshness while introducing subtle floral elegance and sophisticated woody warmth, creating an inviting atmosphere in residential, hospitality, and commercial environments. It can also be incorporated into upscale bath and body products, including shower gels, liquid soaps, body lotions, shampoos, and hair mists, where it provides a refreshing yet luxurious sensory experience. Its versatility allows fragrance houses to build complete lifestyle collections around a unified marine-inspired olfactory theme, strengthening brand recognition and creating a memorable customer experience across multiple product categories.

High Concentrated Soft Peach Scent Fragrance Oil is suitable for a wide variety of fragrance and personal care applications where a refined fruity identity is desired. It performs exceptionally well in Eau de Parfum, Eau de Toilette, perfume oils, body mists, hair perfumes, and alcohol-based fragrance formulations, offering a fresh yet sophisticated peach signature with impressive longevity. Its elegant profile also makes it an excellent ingredient for bespoke perfume projects, seasonal fragrance launches, and premium private-label collections seeking a contemporary orchard-inspired concept.

Beyond fine fragrance, this concentrate is widely used in luxury body lotions, shower gels, shampoos, liquid soaps, hand creams, and body butter products, where it creates a soft, comforting sensory experience. It also enhances scented candles, reed diffusers, room sprays, aroma stones, and hotel fragrance systems, filling interiors with the gentle ambiance of a blooming peach orchard after a summer rain. Thanks to its outstanding compatibility and balanced scent profile, it enables manufacturers to develop cohesive lifestyle fragrance collections that extend the same elegant peach identity across multiple product categories, strengthening brand recognition and consumer appeal.

Industrial Applications

Primary applications include:

- Attars and Concentrated Perfume Oils (CPO):** Ideal for alcohol-free, highly potent luxury oils
- Fine Fragrances:** Used in "Intense" or "Nuit" perfume versions requiring heavy sillage
- Premium Home Fragrancing:** Top-tier choice for Bakhoor and luxury incense production
- Hospitality Sector:** Utilized in high-output nebulizers for hotel lobbies and boutiques
- Personal Care:** Popular in Beard Oils and Hair Mists for long-lasting sophisticated appeal

Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.
