Product Description

Body Wash Fragrance Mugwort Scent Fragrance Oil For Shampoo & Scented Soap Making / Production with Free Sample

Product Code: LDZ-PL20588

Body Wash Fragrance Mugwort Scent Fragrance Oil is a high-performance fragrance concentrate that reinterprets the distinctive aroma of fresh mugwort through a clean, contemporary personal care profile. Instead of emphasizing the strong medicinal character traditionally associated with mugwort, this fragrance highlights its crisp herbal freshness, dewy green leaves, and subtle aromatic elegance, creating a scent that feels pure, revitalizing, and naturally sophisticated. Bright green accords mingle with delicate citrus nuances to evoke the sensation of walking through a mountain herb garden in the early morning, where cool air and freshly crushed foliage create an atmosphere of tranquility and renewal. As the fragrance develops, soft botanical herbs are complemented by airy floral hints and gentle tea-like nuances, producing a balanced composition that is both refreshing and comforting. The base settles into smooth cedarwood, white musk, and a touch of earthy moss, leaving a clean, skin-friendly finish with lasting freshness. Specially engineered for rinse-off personal care products, this fragrance oil exhibits excellent stability in surfactant-rich formulations and maintains its elegant aroma throughout manufacturing and storage. It is an excellent choice for premium shampoos, body washes, liquid soaps, facial cleansers, handmade soaps, and botanical spa collections. Designed for brands embracing natural wellness, herbal beauty rituals, and eco-inspired lifestyles, this fragrance oil delivers a distinctive sensory experience that reflects purity, balance, and the timeless appeal of nature-inspired self-care.

Fragrance Profile & Characteristics:

Body Wash Fragrance Mugwort Scent Fragrance Oil presents a refreshing herbal-green fragrance profile with clean botanical freshness and subtle woody sophistication. Inspired by the natural aroma of freshly harvested mugwort growing in lush mountain fields, the fragrance delivers a calming yet energizing sensory experience. Instead of emphasizing the strong medicinal facets often associated with traditional herbs, this composition highlights the crisp vitality of green leaves, aromatic botanicals, and soft earthy nuances, creating a scent that feels modern, pure, and spa-inspired. Its balanced structure allows the fragrance to evolve gracefully while maintaining a fresh, skin-friendly character that is especially suitable for personal care products.

To p No tes	Fresh mugwort leaves, sparkling bergamot, green citrus, and crushed mint introduce a bright, cooling opening that instantly evokes cleanliness and revitalization.
Mi ddl e No tes	White tea, lavender, rosemary, and delicate chamomile blend with aromatic herbal accords to create a soothing heart that conveys balance, comfort, and natural wellness without becoming overly floral.
Ba se No tes	Cedarwood, white musk, oakmoss, and soft amber complete the fragrance with a smooth, earthy finish. These elegant base notes provide lasting freshness and a gentle botanical warmth, leaving the skin with a clean, refined aroma that recalls the tranquility of a luxurious herbal spa retreat.

Technical Specifications:

Product Name	Mugwort Scent Fragrance Oil
Fragrance Profile	Floral-Fruity-Woody aroma
Appearance	Clear, colorless to pale yellow liquid
Relative Density	0.930 to 0.975 g/cm³ @ 25°C

Shampoo/Body Washes:	1–6%;
Shower Gel:	0.5–1.5%;
Liquid Soap:	0.3–0.8%;
Bar Soap (CP/MP):	3–6%;
Facial Cleanser:	0.1–0.5%

Functions and Applications:

Body Wash Fragrance Mugwort Scent Fragrance Oil is designed to deliver a refreshing botanical experience while enhancing the overall sensory quality of personal care products. Its sophisticated herbal composition creates an immediate impression of cleanliness, purity, and natural vitality, transforming an ordinary cleansing routine into a relaxing wellness ritual. The fragrance unfolds gradually, allowing the fresh green notes to harmonize with soft aromatic herbs and warm woody undertones, providing a balanced scent that remains pleasant during and after use.

Beyond its aromatic appeal, this fragrance oil functions as an effective odor-masking and freshness-enhancing ingredient, helping to neutralize undesirable base material odors commonly found in surfactant formulations. Its carefully engineered composition blends effortlessly with botanical extracts and functional ingredients, supporting stable fragrance performance throughout manufacturing and storage. Inspired by traditional herbal gardens and modern spa environments, it creates an atmosphere of tranquility, renewal, and comfort. The fragrance also enhances the perceived quality of premium body care products, making formulations feel more luxurious and nature-inspired. With excellent diffusion and long-lasting freshness, it enables manufacturers to establish a distinctive botanical identity while maintaining consistent fragrance performance across different product lines.

Applications:

Body Wash Fragrance Mugwort Scent Fragrance Oil is suitable for a broad range of rinse-off and leave-on personal care formulations that emphasize natural freshness and botanical wellness. It performs exceptionally well in body washes, shampoos, conditioners, facial cleansers, liquid hand soaps, handmade soaps, and bath gels, providing a clean herbal fragrance that remains fresh throughout the cleansing process. Its balanced aroma also complements sulfate-free, plant-based, and naturally inspired

formulations designed for premium skincare and haircare collections.

In addition to personal care products, this fragrance oil is an excellent choice for spa amenities, wellness center toiletries, hotel guest collections, aromatherapy-inspired bath products, and luxury gift sets. It can also be incorporated into scented candles, reed diffusers, room sprays, and linen mists to create a peaceful atmosphere reminiscent of a quiet forest after rainfall. The versatile fragrance blends beautifully with green tea, eucalyptus, bamboo, citrus, lavender, and woody accords, enabling fragrance designers to develop distinctive botanical collections with a unified scent identity. Its outstanding formulation compatibility, elegant herbal profile, and contemporary natural character make it an ideal solution for brands seeking to combine traditional botanical inspiration with modern consumer preferences for clean, refreshing fragrances.
