Product Description

ISO Red Hibiscus Essence Flavors Plant Fragrance Oil For Scented Candle Production /Making With Free Sample

Product Code:LDZ-PL40541

Product Description:

Red Hibiscus Essence Flavors Plant Fragrance Oil is a sophisticated fragrance concentrate crafted to celebrate the vibrant spirit of tropical flora through a modern candle fragrance experience. Rather than focusing on a traditional floral profile, this composition highlights the silky freshness of hibiscus petals, delicate nectar, and lush botanical greenery, creating an aroma that is vivid, elegant, and full of vitality. Inspired by the first light of dawn illuminating a tropical island garden, the fragrance captures the sensation of colorful blossoms gently swaying in a warm ocean breeze, offering a unique balance of freshness and floral richness.

The opening introduces sparkling ruby grapefruit, succulent pomegranate, and crisp green leaves, creating a bright, energetic impression with subtle fruity vibrancy. As the fragrance develops, luxurious red hibiscus blossoms mingle with blooming camellia, jasmine petals, and soft water lily accords, adding graceful depth and an airy floral texture. The composition concludes with smooth cashmere wood, white musk, golden amber, and a delicate touch of creamy coconut, producing a refined, long-lasting finish that feels warm yet refreshingly clean.

Engineered specifically for premium candle manufacturing, this fragrance oil provides exceptional cold throw, powerful hot throw, and excellent stability in soy, coconut, paraffin, beeswax, rapeseed, and blended wax formulations. Its distinctive tropical-floral personality makes it ideal for luxury spa collections, coastal-inspired home décor brands, boutique candle studios, resort gift shops, and exclusive seasonal launches. More than simply scenting a room, it creates an immersive atmosphere reminiscent of an elegant tropical conservatory, offering consumers a memorable sensory escape that feels both contemporary and naturally luxurious.

Product Feature:

Purple Lilac fragrance

LDZ-PL40006

Technical Parameter:

Red Hibiscus Essence Flavor Oil - Technical Specifications	
Appearance	Clear to very light amber liquid.
Smell	A pure, rich lilac scent with noticeable flowers, a hint of sweetness and a soft powdery feel, with excellent cold and hot diffusion.
Specific Gravity @ 25°C	0.966 - 0.980
Refractive index (20°C)	1.455 - 1.508 (reference value).
Flash point	> 93°C (200°F)
Key Olfactive Components	Phenylethyl Alcohol,Cinnamyl Alcohol,Linalool,Alpha-Terpineol
Security and Compliance	Fully compliant with the latest International Fragrance Association (IFRA) standards
Recommended application ratio	Scented candles: Recommended addition ratio is 8% - 10% (for vegetable waxes such as soy wax), or 6% - 8% (for paraffin wax) for optimal cold and hot diffusion effects.

Fragrance Profile:

Red Hibiscus Essence Flavors Plant Fragrance Oil showcases a vibrant tropical floral fragrance profile that is radiant, refreshing, and elegantly layered. Rather than expressing a dense, traditional floral scent, this composition celebrates the lively freshness of blooming hibiscus surrounded by lush island botanicals and juicy fruit accents. The fragrance unfolds like a walk through an exotic botanical garden after a gentle summer shower, where colorful blossoms, sparkling citrus, and soft greenery create a naturally uplifting atmosphere. Its balanced floral structure makes it sophisticated enough for luxury scented candles

while remaining bright and inviting for everyday home fragrance collections.

Top Notes	Ruby grapefruit, pomegranate, pink mandarin, and crisp green leaves create a vivid opening bursting with fruity brightness and fresh botanical energy, delivering an immediate sense of tropical vitality.
Middle Notes	Red hibiscus blossoms bloom alongside camellia, jasmine petals, water lily, and a delicate touch of peony, forming an airy floral bouquet with silky texture and graceful elegance rather than overwhelming sweetness.
Base Notes	Cashmere wood, white musk, golden amber, creamy coconut, and a hint of sandalwood provide a smooth, comforting foundation. These warm accords enrich the floral heart, extending the fragrance with a refined, velvety finish that leaves interiors feeling serene, luxurious, and reminiscent of an elegant tropical retreat.

FUNCTIONS & APPLICATIONS:

Red Hibiscus Essence Flavors Plant Fragrance Oil is designed to infuse scented candles with a vibrant tropical personality while creating an atmosphere of elegance and emotional warmth. Instead of simply filling a space with floral fragrance, it builds a layered sensory experience that gradually unfolds as the candle burns. The lively fruit accents awaken the senses, the luxurious hibiscus heart introduces a feeling of natural beauty, and the soft woody base provides a comforting finish that lingers long after the flame is extinguished.

Its well-balanced composition also functions as a creative floral modifier, blending effortlessly with fruity, citrus, green, woody, or musky fragrance accords to develop exclusive candle collections with greater complexity and depth. Inspired by the vivid colors of tropical flowers reflected on a tranquil lagoon at sunset, this fragrance evokes feelings of freedom, relaxation, and joyful sophistication. Engineered for excellent scent retention and thermal stability, it delivers reliable fragrance performance throughout the manufacturing process while helping premium candle brands establish a distinctive botanical identity that captures both contemporary style and the timeless charm of nature.

The main applicable products include	
Aromatherapy candles	Core applications, whether it is traditional pouring candles, container candles, or shaped candles, DIY candle kits, can perfectly present the romantic fragrance of cloves and create a warm and elegant home atmosphere.
Fireless aromatherapy products	such as aromatherapy wax blocks/melts (used in wax melting lamps), rattan diffusers (slowly volatilize the fragrance through rattan), indoor sprays/air fresheners (quickly improve indoor air), sachets/dried flowers (used in small spaces such as wardrobes, drawers, and cars for long-lasting fragrance), oil stoves/aromatherapy lamps.
Personal care products	Make various soaps (cold-process soaps, hot-process soaps, soap-based soaps), shower gels, shampoos, conditioners, body lotions, massage oils, bath bombs/bath salts, allowing users to immerse themselves in the fragrance of cloves in daily cleaning and care. It can even be used to mix ball perfumes or solid balms to customize exclusive fragrances.
Cleaning and washing products	It can be added to laundry detergent and softener to give clothes a fresh floral scent; it can also be used to make fabric freshening spray to add a pleasant scent to home fabrics such as curtains, sofas, and carpets; it can even be used as a fragrance ingredient in household cleaners to enhance the cleaning experience.
Other creative applications	It is suitable for various DIY handmade projects, such as handmade paper and clay fragrance enhancement. Sprinkle a few drops on gift packaging or greeting cards to add a unique sensory surprise to the gift.

Red Hibiscus Essence Flavors Plant Fragrance Oil is expertly formulated for both cold and hot process scented candle production, offering exceptional compatibility with soy wax, coconut wax, paraffin wax, rapeseed wax, beeswax, and blended wax formulations. Its impressive cold throw immediately conveys a luxurious floral impression, while its powerful hot throw ensures a smooth and consistent fragrance release during the entire burn cycle. The fragrance is especially suitable for luxury container candles, artisan pillar candles, wax melts, tealights, and handcrafted home fragrance collections inspired by tropical landscapes and botanical elegance.

Beyond candle manufacturing, this versatile fragrance oil performs beautifully in reed diffusers, scented sachets, aroma stones, room sprays, wax tablets, and decorative home fragrance products. Its radiant tropical floral profile makes it an excellent choice for boutique hotels, wellness spas, coastal resorts, premium gift collections, and designer living spaces seeking a sophisticated island-inspired ambiance. It also blends harmoniously with coconut, passion fruit, bergamot, bamboo, white tea, and sandalwood accords, enabling fragrance designers to create exclusive signature collections that deliver an immersive sensory escape and lasting commercial appeal.

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college.
