Product Description

Body Wash Fragrance Tea Tree Oil & Ginger Scent Fragrance Oil For Shower gel & Shampoo & Scented Soap Making /Productions with High-Surfactant Stability Free Sample

Product Code: LDZ-PL20707

Crafted specifically for invigorating personal care lines, this Tea Tree Oil & Ginger fragrance oil merges the crisp, medicinal clarity of botanical tea tree with the sharp, warm zest of freshly grated ginger to deliver a revitalizing sensory cleanse. Unlike standard aromas that easily fade or distort in surfactant-heavy environments, this specialized blend is engineered for exceptional chemical stability, resisting degradation and discoloration across fluctuating pH levels. It disperses effortlessly into both transparent and opaque formulations, preserving the rich, uniform viscosity of your shampoos, shower gels, and artisanal soaps without causing phase separation. Beyond its uplifting, spa-grade scent profile, the oil functions as an effective masking agent to neutralize any harsh base notes from raw surfactants. Its advanced fixative matrix ensures strong olfactory substantivity, allowing the invigorating blend of herbal freshness and spiced warmth to bond effectively with skin and hair proteins. This guarantees a clean, long-lasting aromatic footprint that lingers pleasantly well after the rinse cycle is complete, making it an ideal choice for therapeutic and energizing daily body care productions.

Fragrance Profile & Characteristics:

The Tea Tree Oil and Ginger fragrance oil presents a dynamic, spa-inspired scent profile that masterfully marries clean, medicinal earthiness with zesty, warming spice.

Top Notes	The experience opens with an invigorating, crisp splash of sharp tea tree and sparkling citrus. It delivers an immediate clean, clarifying, and refreshing impact to the senses.
Middle Notes	As the initial sharpness softens, the profile transitions into the vibrant warmth of fresh-cut ginger root. This adds an exotic, slightly spicy, and aromatic heartbeat that counters the herbal coolness of the top notes with a cozy vitality.
Base Notes	The scent settles into a balanced, grounding finish composed of subtle green herbal undertones and clean woody elements, ensuring a smooth and lasting impression on the skin and hair.

Technical Specifications:

Product Name	Tea Tree Oil & Ginger Scent Fragrance Oil
Fragrance Profile	Floral-Fruity-Woody aroma
Appearance	Clear, colorless to pale yellow liquid
Relative Density	0.940 to 0.980 g/cm³ @ 25°C
Flash Point	Up to 100°C (220°F)
Refractive Index (RI)	1.450 to 1.490 (at 20°C)
Phthalate-Free	Yes
Shelf Life	36 Months (Store away from light)
IFRA Compliance	Adheres to IFRA standards
Solubility	Soluble in surfactant-based systems

Recommended Usage Rates:

Application	Usage Rate
Shampoo/Body Washes:	0.5% - 2%
Shower Gel:	1% - 3%
Liquid Soap:	0.3–0.8%;
Bar Soap (CP/MP):	2% - 3%
Facial Cleanser:	0.1–0.5%

Functions and Applications:

The primary function of the Tea Tree Oil & Ginger fragrance oil is to impart a robust, therapeutic, and revitalizing scent profile into cosmetic bases while masking the natural chemical odor of unscented surfactants and saponified oils. Beyond mere scent delivery, the underlying aromatic synergy is engineered to evoke a sense of clinical cleanliness and spa-like invigoration. The herbal, medicinal qualities of tea tree combined with the fiery, zesty warmth of ginger trigger psychological sensations of freshness, alertness, and deep purification. When integrated into personal care formulations, it acts as an effective masking agent and an aromatic enhancer that elevates the user's sensory experience. Furthermore, its complex volatile profile provides good fixative properties, ensuring that the crisp top notes and spicy heart notes linger pleasantly on the skin and hair after rinsing. It transforms a standard cleansing routine into an energizing ritual, appealing directly to consumers seeking natural, botanical, and wellness-oriented hygiene products.

Applications:

This versatile fragrance oil is specifically formulated for integration into a wide array of personal care, cleansing, and artisan bath and body productions.

Shower Gels & Body Washes	It provides an invigorating, clean morning wake-up call, cutting through heavy oils and leaving the skin feeling refreshed and subtly perfumed
Shampoos & Hair Care	Ideal for anti-dandruff or scalp-clarifying formulas, the botanical profile complements treatments meant to cleanse hair follicles, soothe a dry scalp, and neutralize lingering odors.
Scented Soap Making	Suitable for both cold process, hot process, and melt-and-pour artisan soap bars, it maintains stability through the curing process without accelerating ricing or sudden separation when measured correctly.
Hand Soaps & Liquid Cleansers	Frequently utilized in kitchen or bathroom liquid hand washes where a powerful, deodorizing, and deeply clean scent is highly desired to eliminate stubborn food or environmental odors.

Packaging Options

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm (5kg*4 bottle per carton)	0.038cbm
