Product Description

Skin Friendly Fresh Herbal Scent Fragrance Oil For Laundry Detergent / Softener Production/Making With Free Sample

Product Code: LDZ-PL50094

Product Description:

Fresh Herbal Scent Fragrance Oil is an innovative fragrance concentrate designed for laundry detergents, fabric softeners, washing powders, laundry capsules, and advanced textile care formulations. Inspired by the refreshing atmosphere of mountain herb gardens and dew-covered meadows, this fragrance delivers a vibrant botanical character that transforms everyday laundry into a naturally uplifting sensory experience. Rather than relying on conventional floral or citrus notes, it highlights aromatic herbs and green foliage to create a fragrance that feels crisp, authentic, and revitalizing.

The composition evokes the sensation of freshly laundered fabrics gently drying in open air, surrounded by wild herbs and cool breezes. Its refined herbal profile conveys purity without excessive sharpness, making it particularly attractive to consumers who prefer understated, nature-inspired fragrances over sweet or heavily perfumed scents. The fragrance is designed to complement contemporary lifestyles that emphasize wellness, sustainability, and mindful living.

Suitable for liquid detergents, premium fabric conditioners, concentrated laundry capsules, scent enhancer beads, ironing sprays, wardrobe refreshers, textile deodorizing mists, and reusable fabric care products, this fragrance also supports plant-based cleaning collections, environmentally conscious household brands, luxury linen care programs, and OEM/ODM product customization. Its versatile herbal character pairs beautifully with sage, basil, eucalyptus, rosemary, verbena, cedar leaf, green moss, and clean cotton musk, enabling manufacturers to develop distinctive laundry care products that stand out through their sophisticated botanical identity and refreshing natural appeal.

Sweet Orange Fragrance
LDZ-PL50126

LDZ-PL30967

Coconut & Vanilla Fragrance

Production Date: April 25, 2026

Production Batch No.: 260425529

Shelf Life: 2 years

Specifications: 5kg/drum

Product Standard No.: GB/T22731 Daily Fragrance

Net Weight: 5kg

Application: Daily Fragrance

Usage: Add in appropriate amounts as needed in production

Shake well before use, and use as soon as possible after opening

Storage conditions: Store in a cool, dry, and wellventilated place, sealed

Crystallization may occur when stored in a low temperature environment. Please dissolve in a 50°C water bath and shake well before use.

Product Feature:

Top Notes	This crisp, invigorating fragrance oil opens with an energetic burst of top notes featuring sparkling eucalyptus, crushed mint leaves, and zesty lemon verbena, delivering an immediate sensation of outdoor cleanliness and morning dew.
Heart Notes	Transitioning into the heart, the middle notes unfold with a botanical blend of aromatic lavender, fresh rosemary, and dewy clary sage. This harmonious green bouquet replicates the authentic aroma of sun-dried garden herbs, adding depth and a soothing, natural character that neutralizes stubborn odors.
Base Notes	The foundation rests upon clean, enduring base notes of white cedarwood, clean musk, and a subtle touch of earthy vetiver. These elements anchor the formulation, ensuring the scent clings firmly to fabric fibers and leaves a lingering, freshly laundered freshness long after the wash cycle ends.

Technical Parameter:

Key Parameters	
Fragrance Type	Fresh Herbal Scent Fragrance Oil
Appearance	Clear to Pale Yellow Liquid
Odor Profile	Typical sweet orange fruit aroma with bright citrus notes and soft woody finish
Flash point	>93°C (200°F)
Fragrance lasting time	After multiple washes, the scent lasts for more than 72 hours
Specific Gravity	0.945 - 1.046 g/mL
Refractive Index	1.440 - 1.540 (20°C)
Product Range	Air Fresheners, Diffusers, Scented Candles, Room Sprays
Solubility	Easily soluble in ethanol, propylene glycol, surfactant system, and miscible with water
Recommended Usage Rate	Laundry detergent: 0.1% - 0.5% (w/w); Fabric softener: 0.05% - 0.3% (w/w)
Storage conditions	Store in a cool, dry, dark place, away from high temperature
Shelf time	24 Months from Manufacture (Properly Stored)
Stability	Good stability at high temperature (50°C, 30 days) and pH (3-10) conditions
Safety	Complies with IFRA International Fragrance Association standards, non-irritating
Fragrance duration	After multiple washes, the scent lasts for more than 72 hours

FUNCTIONS & APPLICATIONS:

The fresh herbal scent fragrance oil is a versatile and highly sought-after component primarily engineered for home care and laundry product manufacturing. Its crisp, botanical profile makes it exceptionally well-suited for liquid laundry detergents, fabric softeners, and scent boosters, imparting a clean, long-lasting aroma directly into textiles. Beyond laundry care, manufacturers extensively utilize this specialized fragrance oil in the production of household cleaning solutions, such as multi-purpose surface sprays, floor cleaners, and dishwashing liquids, effectively neutralizing unpleasant odors while leaving behind a revitalizing, nature-inspired freshness. It is also widely integrated into automated room fresheners, linen sprays, and ironing waters to enhance the overall sensory experience of household maintenance. Because high-quality formulations are typically designed with stability in mind, they blend seamlessly into both water-based and surfactant-heavy formulas without separating or degrading over time. This ensures that end-users experience a consistent, premium scent profile from the initial wash cycle all the way through to the final drying and wearing stages of their garments, ultimately elevating consumer satisfaction and product brand loyalty significantly.

Applications Of Our Products:

The primary function of this fragrance oil is to deliver a powerful olfactory transformation, effectively masking the inherent, often unappealing chemical odors of raw detergent bases, surfactants, and active cleaning agents. By introducing vibrant, invigorating notes reminiscent of freshly cut herbs, eucalyptus, and dew-kissed leaves, it creates an immediate psychological association of deep cleanliness, purity, and natural freshness in the mind of the consumer. Furthermore, advanced micro-encapsulation technologies often paired with these oils allow fragrance molecules to adhere effectively to fabric fibers during

the wash and rinse cycles. These capsules rupture gradually through friction as the clothing is worn or handled over subsequent days, providing a long-lasting, slow-release scent delivery mechanism that keeps garments smelling freshly laundered long after they leave the washing machine. Additionally, the soothing yet revitalizing nature of herbal aromatics can positively influence mood, transforming mundane household chores into a more pleasant sensory experience while reinforcing the perceived efficacy of the cleaning product itself.

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

1. Product usage instructions and guidance;
2. Expert advice on fragrance selection;
3. Technical support for any issues or concerns;
4. Product customization services;
5. Assistance with regulatory compliance.

Packing and Shipping:

Product Packaging:

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Shipping:

After the payment, we'll arrange the production of your order ASAP. Normally, It will take 3-5days for trial order with small quantity, around 5-10 days for bulk order. Before shipping out, we'll take photos of the goods for confirmations with clients, or supply bulk sample for confirmation as well.

We offer shipping goods by ship, by air ,by truck , and by express, according to the clients requirements.
