Fragrance Profile:

The Berry Paradise body fragrance oil features a vibrant, tropical-fruity scent profile designed to be sweet, lush, and playful. It blends sun-ripened orchard and exotic fruits with rich, sugary berries, balanced by a warm, comforting dry-down.

Fragrance Notes	Description
Top Notes (Opening)	Crisp orchard fruits, sparkling citrus, and fresh tropical nectar open the blend with a bright, juicy punch.
Middle Notes (Heart)	A lush, sweet core dominated by ripe mixed berries (such as raspberry, strawberry, and blackberry) layered with soft floral petals.
Base Notes (Foundation)	A smooth, decadent finish of vanilla sugar, candied fruit, and subtle warm musk or creamy amber depth.

Technical Specifications:

Parameter	Specification
Fragrance Notes	Berry Paradise Fragrance Oil
Appearance	Transparent to amber liquid
Relative Density	0.935–0.975 g/cm³ @ 25°C
Refractive Index	1.450–1.485
Flash Point	>93°C (200°F)
Dosage	Fine Fragrance / Perfumes (Alcohol-based): 15% – 20% Eau de Toilette (EDT) / Body Sprays: 3% – 8% Body Lotions & Creams: 0.5% – 2% Bath and Wash Products (Shower gels, soaps): 1% – 3%
Diffusion Ability	Excellent aroma
Long-lasting Fragrance	8-12 hours (paper strip test)

Solubility	Soluble in ethanol and oils; insoluble in water
IFRA Compliance	Conforms to International Fragrance Association safety standards
Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation ensures smoother fragrance evolution

Applications & Functions:

Olfactory Enhancement	Its primary function is to impart an alluring, sweet, and tropical-berry scent to formulations, elevating standard utility products into rich sensory experiences.
Base Odor Masking	It effectively neutralizes and disguises the naturally unpleasant chemical odors of raw ingredients, such as emulsifiers, fatty alcohols, surfactant bases, and natural unrefined oils.
Mood & Psychological Influence	Fruity berry and bright tropical notes work aromatherapeutically to evoke positive emotional responses—promoting feelings of joy, warmth, energy, and playful indulgence.
Product Differentiation	It establishes a distinct, recognizable scent identity, enabling brands to market specialized lines (e.g., summer, gourmand, or tropical berry collections) that capture consumer interest.
Scent Fixation & Evaporation Control	Blended with specific fixatives, it regulates the volatility of light scent molecules, ensuring a harmonious, phased release from crisp top notes to rich base notes over time.

Fine Perfumery	Ideal for crafting alcohol-based Eau de Parfum (EDP), Eau de Toilette (EDT), perfume rollerballs, solid perfumes, and body mists targeted at sweet, youthful, or summer scent markets.
----------------	--

Skin & Body Care	Seamlessly integrates into leave-on formulations such as moisturizing body lotions, rich body butter, dry body oils, hand creams, and after-sun soothing gels.
Bath & Cleansing Products	Excellent for rinse-off applications, including foaming shower gels, artisan bar soaps, liquid hand washes, bath bombs, and exfoliating sugar or salt scrubs.
Hair Care Formulations	Works wonderfully in hair mists, leave-in conditioners, hair serums, and finishing oils to mask environmental odors and impart long-lasting hair freshness.
Home & Lifestyle Products	Compatible with wax and solvent systems for making scented soy candles, wax melts, room sprays, and reed diffusers to fill spaces with an inviting berry atmosphere.

Industrial Applications

Primary applications include:

- Attars and Concentrated Perfume Oils (CPO):** Ideal for alcohol-free, highly potent luxury oils
- Fine Fragrances:** Used in "Intense" or "Nuit" perfume versions requiring heavy sillage
- Premium Home Fragrancing:** Top-tier choice for Bakhoor and luxury incense production
- Hospitality Sector:** Utilized in high-output nebulizers for hotel lobbies and boutiques
- Personal Care:** Popular in Beard Oils and Hair Mists for long-lasting sophisticated appeal

Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.

applications

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, HACCP, IFRA, SPEC
