

Body Wash Fragrance White Peach Flavoring Scent Fragrance Oil Scent Fragrance Oil For Shower gel & Shampoo & Scented Soap Making /Productions with High-Surfactant Stability

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plan
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL20419
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4
 Drum/carton,20kgs/carton(41*28*33.5cm);Iron
 Drum Packing: 25 Kg/drum (D: 30cm, H:
 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10
 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

Body Wash Fragrance White Peach Flavoring Scent Fragrance Oil Scent Fragrance Oil For Shower gel & Shampoo & Scented Soap Making /Productions with High-Surfactant Stability

Product Code: LDZ-PL20419

White Peach Fragrance Oil is a premium, highly concentrated aromatic compound specifically engineered for wash-off formulations, including body washes, shower gels, shampoos, and scented soaps. Capturing the luscious, crisp essence of freshly picked summer peaches, this professional-grade oil delivers an invigorating, juicy olfactory profile characterized by a sweet, succulent top note and a smooth, nectar-like heart.

Formulated to thrive in surfactant-heavy environments, this fragrance oil maintains exceptional chemical stability. It resists degradation, discoloration, or phase separation when exposed to anionic and amphoteric cleansing bases commonly found in modern hair and body care products. This ensures that the rich, authentic peach aroma remains consistent throughout the shelf life of the final product, from manufacturing to the consumer's shower experience.

Furthermore, the oil is optimized for excellent scent retention even after rinsing, leaving a subtle, pleasant aroma on skin and hair without being overpowering. Whether utilized by boutique artisans for small-batch cold-process soaps or scaled up by commercial manufacturers for mass-market liquid cleansers, White Peach Fragrance Oil provides reliable performance, superb solubility, and a universally appealing, vibrant fruit signature that elevates everyday cleansing routines into luxurious sensory experiences.

Fragrance Profile & Characteristics:

The White Peach Fragrance Oil features a vibrant, mouth-watering fruit profile that mimics the crisp, juicy reality of biting into a freshly harvested summer peach.

Top Notes	The opening delivers an immediate, mouth-watering burst of sparkling crisp pear, succulent white peach skin, and a splash of zesty mandarin. This bright, effervescent introduction captures the sharp, refreshing sweetness of the fruit right off the branch.
Middle Notes	As the initial sharpness mellows, the core blossoms into a lush, velvety nectar bouquet. It highlights ripe peach flesh, delicate apricot nectar, and subtle hints of dewy green leaves and soft white florals, giving the heart a rich, authentic juiciness.
Base Notes	The fragrance settles into a warm, comforting finish composed of spun sugar, sheer musk, and a whisper of creamy vanilla. This gentle foundation anchors the sweetness, ensuring the scent lingers softly on the skin and hair long after rinsing.

Technical Specifications:

Product Name	White Peach Flavoring Scent Fragrance Oil
Fragrance Profile	Floral-Fruity-Woody aroma
Appearance	Clear, colorless to pale yellow liquid
Relative Density	0.990 to 1.025 g/cm³ @ 25°C
Flash Point	Up to 88°C (190°F)
Refractive Index (RI)	1.445 to 1.480(at 20°C)
Phthalate-Free	Yes
Shelf Life	36 Months (Store away from light)
IFRA Compliance	Adheres to IFRA standards
Solubility	Soluble in surfactant-based systems

Recommended Usage Rates

Application	Usage Rate
Shampoo/Body Washes:	1% - 3%
Shower Gel:	1% - 2%
Liquid Soap:	0.3–0.8%;
Bar Soap (CP/MP):	2% - 3%
Facial Cleanser:	0.1–0.5%

Functions and Applications:

White Peach Fragrance Oil functions primarily as a specialized surfactant-stable aromatic concentrate engineered to perform within aggressive detergent and cleansing environments without compromising formulation integrity. Its core function is to bond uniformly with anionic and amphoteric cleansing agents, ensuring that viscosity, foam production, and clarity remain unaffected during batch production. By utilizing resilient synthetic and natural aroma compounds, it provides a vivid, long-lasting fruity profile that resists thermal degradation during hot-process soap making or warm mixing phases. Furthermore, it functions as an effective lingering agent, anchoring its succulent nectar and sweet fruit notes to skin and hair even after complete rinsing. This specialized chemical stability prevents common issues such as phase separation, discoloration, or fragrance thinning, guaranteeing that your cleansing products retain their vibrant sensory appeal from initial packaging through the final consumer application.

Applications:

White Peach Fragrance Oil is heavily deployed across the personal care and cosmetic manufacturing sectors for rinse-off and cleansing formulations. Its primary application is in daily hygiene items, where it scents luxury body washes, invigorating shower gels, and refreshing hand soaps to elevate everyday routines. In hair care, it is seamlessly integrated into shampoos, conditioning rinses, and scalp cleansers, imparting a clean, uplifting scent that lingers delicately post-rinse. Additionally, artisanal and commercial soap makers utilize this oil extensively in both traditional cold-process bar soaps and melt-and-pour bases due to its reliable acceleration behavior and robust scent retention. Beyond standard bathroom cleansers, its versatile chemical profile allows formulators to incorporate it into exfoliating body scrubs, bubble baths, and spa treatments, offering a universally beloved, juicy fruit identity for diverse product lines.

Packaging Options

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm (5kg*4 bottle per carton)	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Production begins immediately after payment (3-5 days for trial orders, 5-10 days for bulk orders). We provide photos or samples for confirmation before shipping via ship, air, truck, or express according to customer requirements.
