

Body Wash Fragrance Super Cedar Fragrance Oil Scent Fragrance Oil For Shower gel & Shampoo & Scented Soap Making /Productions with High-Surfactant Stability

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plan
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL20410
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Description

Body Wash Fragrance Super Cedar Fragrance Oil Scent Fragrance Oil For Shower gel & Shampoo & Scented Soap Making /Productions with High-Surfactant Stability

Product Code: LDZ-PL20410

Elevating the standard woody aesthetic, this Super Cedar Fragrance Oil introduces a modern, architectural complexity to personal care formulations through a sleek structural architecture. Unlike heavy traditional woods, it utilizes a high-clarity synthetic cedar isolate paired with clean mineral ambroxan notes, preventing the heavy, powdery dry-down typical of older woody profiles. Its advanced low-viscosity behavior guarantees effortless incorporation into sulfate-free surfactant bases without triggering premature trace in cold-process soaping. Furthermore, its ultra-low oxidation rate ensures that active botanical extracts and natural oils in your shower gels remain chemically stable, while its sustained fixation rate anchors the bold woody identity firmly to skin and hair long after the rinse cycle.

PLAN

Fragrance Profile & Characteristics:

The fragrance profile of this Super Cedar Fragrance Oil delivers a sophisticated, modern, and architectural woody experience designed to elevate upscale personal care lines.

To p N o t e s	The top notes open with a clean, crisp rush of sheer transparent air, subtle pine needle nuances, and a bright, resinous sparkle that instantly captures attention with an invigorating, modern clarity.
Mi dd le N o t e s	Transitioning into the heart, the middle notes reveal the true character of the blend. This rich core features a seamless fusion of Virginian cedarwood, Atlas cedar, and clean synthetic wood isomers, introducing a dry, structural warmth that feels both contemporary and deeply grounding without becoming overwhelming.
Ba se N o t e s	Finally, the base notes anchor the composition with an enduring, luxurious finish. Composed of rich ambergris nuances, smooth sandalwood accents, and clean modern musks, the base provides a velvety, long-lasting dry-down that lingers subtly on the skin and hair post-rinse.

Technical Specifications:

Product Name	Cedar Fragrance Oil Scent Fragrance Oil
Fragrance Profile	Floral-Fruity-Woody aroma
Appearance	Clear, colorless to pale yellow liquid
Relative Density	0.928 to 1.028 g/cm³ @ 25°C
Flash Point	Up to 93.5°C (200°F)
Refractive Index (RI)	1.450 to 1.512(at 20°C)
Phthalate-Free	Yes
Shelf Life	36 Months (Store away from light)
IFRA Compliance	Adheres to IFRA standards
Solubility	Soluble in surfactant-based systems

Recommended Usage Rates

Application	Usage Rate
Shampoo/Body Washes:	1% - 3%
Shower Gel:	1% - 2%
Liquid Soap:	0.3–0.8%;
Bar Soap (CP/MP):	2% - 3%
Facial Cleanser:	0.1–0.5%

Functions and Applications:

This Super Cedar Fragrance Oil serves as a high-performance functional ingredient designed to elevate cosmetic manufacturing. Primarily, it functions as a potent sensory masking agent, effortlessly neutralizing the natural chemical aromas of raw surfactant bases, carrier oils, and unscented cleansers without requiring excessive inclusion rates. Its advanced chemical architecture ensures exceptional surfactant compatibility, allowing it to integrate smoothly into complex liquid formulas without destabilizing viscosity, thinning shampoos, or causing phase separation in high-foaming systems.

Furthermore, the oil features an ultra-low oxidation profile and zero discoloration properties, actively protecting clear shower gels from yellowing and keeping white soap bases pristine over extended shelf lives. Its medium-high volatility functions as a resilient fixative for rinse-off items, allowing the bold woody structure to cling to skin and hair fibers even after rinsing. Additionally, it offers robust thermal stability during hot-process manufacturing and provides reliable shelf-life preservation for boutique personal care formulations.

Applications:

Tailored specifically for luxury wash-off lines and personal care collections, this fragrance oil excels in daily grooming products. In hair care, it is ideal for premium clarifying shampoos, scalp treatments, and hydrating daily cleansers, leaving hair with a sleek, gender-neutral woody aroma. For body care, it enhances high-end shower gels, exfoliating body washes, and rich foaming bath foams, transforming a routine shower into an upscale spa experience.

It is equally well-suited for artisan soap making, performing reliably in both traditional cold-process batches and melt-and-pour soap bases without accelerating trace or altering color. Beyond standard cleansers, formulators can successfully utilize it in specialized wellness items such as mineral-infused bath salts, masculine grooming scrubs, and luxury liquid hand washes. Its sophisticated, modern profile makes it a premier choice for boutique hotel amenity lines, upscale retail brands, and contemporary unisex wellness-focused product ranges.

Packaging Options

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm (5kg*4 bottle per carton)	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Production begins immediately after payment (3-5 days for trial orders, 5-10 days for bulk orders). We provide photos or samples for confirmation before shipping via ship, air, truck, or express according to customer requirements.
