Product Description

Hotel & Home Diffuser Fragrance Red Cherry-Vanilla Scent Flavoring Essence Oil For Reed Stick & Cold Scented Candle & Diffuser Fragrance Making/Production With Free Sample

Product Code: LDZ-PL30218

Premium fragrance essence for diffusers, reed sticks, scented candles, and home spray productions

Product Overview:

Red Cherry-Vanilla Scent Flavoring Essence Oil is a luscious, high-performance aromatic blend specifically formulated for multi-purpose home fragrance production, including reed stick diffusers, cold-scented candles, and artisanal crafting.

Combining the bold, juicy brightness of orchard-fresh red cherries with the smooth, comforting warmth of creamy vanilla, this fragrance oil delivers a rich and inviting olfactory experience.

Engineered with an optimized viscosity and a high flash point, the oil ensures safe, stable handling during heated candle manufacturing across soy, paraffin, and coconut waxes, while providing an exceptional cold and hot throw. In passive distribution mediums like reed diffusers, its carefully balanced carrier properties facilitate smooth, unobstructed capillary travel up porous reeds, guaranteeing a consistent, long-lasting ambient room throw without clogging.

Furthermore, this premium essence is typically formulated to be phthalate-free and paraben-free, making it a reliable choice for independent makers and commercial production lines alike. Whether you are aiming to create a playful, sweet atmosphere or an upscale gourmand product line, this versatile red cherry-vanilla oil provides deep aromatic complexity, robust performance, and seamless integration across various wax, oil, and alcohol bases.

PLAN

Fragrance Profile & Characteristics:

Fragrance Notes	Description
Top Notes	The fragrance opens with red cherry, sparkling lemon, strawberry, and bright fruity accords. Cherry provides the signature juicy character, while lemon adds a touch of freshness and lift. Strawberry contributes a soft berry sweetness, creating an inviting and playful opening.
Middle Notes	The heart develops around cherry blossom, raspberry, red berries, and delicate floral nuances. These notes enrich the fruity core with a softer, more elegant character. A subtle creamy impression helps bridge the bright fruit opening with the warmer dry-down. Cherry-vanilla profiles are often structured around a prominent fruit heart followed by creamy facets.
Base Notes	The dry-down features vanilla bean, warm amber, white musk, and soft woods. Vanilla provides a smooth, creamy sweetness, while amber adds warmth and depth. White musk creates a clean, lingering finish, making the fragrance feel polished rather than overly sugary.

Technical Specifications:

Parameter	Specification
Product Name	Red Cherry-Vanilla Scent Flavoring Essence Oil
Appearance	Colorless to light yellow transparent liquid
Relative Density	0.950–0.990g/cm³ @ 25°C
Refractive Index	1.470–1.500@ 20°C
Flash Point	>80°C
Ingredients	Natural & Synthetic Aromatic Compounds
Recommended Dosage	Reed Diffuser: 15–25%; Scented Candle: 5–10% Room Spray: 2–6%; Cold Process Candles: 6–10%; Hot Process Candles: 5–8%; Home/Hotel diffuser : 5–10%;
Volatilization Rate	Maintains continuous fragrance for 20-30 days, covering 15-25 square meters
Solubility	Easily soluble in ethanol and propylene glycol
Compatibility	Compatible with most anionic, nonionic, and zwitterionic surfactants
Shelf Life	12-24 months when stored in cool, dark place in sealed container
Standard Compliance	IFRA compliant with passed skin irritation testing

Functions & Applications:

Red Cherry-Vanilla Fragrance Oil functions as a rich and inviting fragrance ingredient for creating warm, fruity, and gourmand-inspired ambient scent products. Its primary function is to establish a distinctive cherry-fruit character supported by creamy vanilla, amber, and soft musk, giving spaces a sweet yet polished aromatic atmosphere.

As a fragrance component, it can serve as a main fruity accord, gourmand enhancer, or supporting fragrance modifier. Juicy

cherry provides an energetic and recognizable opening, while vanilla adds creamy sweetness and helps soften the sharper fruit facets. Amber and musk contribute warmth, depth, and a smoother lingering impression.

The fragrance also supports sensory differentiation, allowing brands to create products with a playful yet sophisticated identity. It can be customized with strawberry, raspberry, citrus, almond, caramel, chocolate, woods, or floral accords to develop different fragrance directions.

Its warm profile is especially useful for creating cozy, welcoming, romantic, and indulgent atmospheres. It can enhance the perceived personality of a space while providing a memorable scent signature.

Primary Applications:

Red Cherry-Vanilla Fragrance Oil is primarily applied in home fragrance and hospitality scent products, where its juicy fruity and creamy gourmand character can create a warm, welcoming atmosphere. It is suitable for reed sticks, cold-process scented candles, home diffusers, hotel diffusers, room sprays, air fresheners, fragrance sachets, aroma products, and other ambient fragrance formulations, depending on the selected base and application requirements.

Its sweet and comforting profile works particularly well in bedrooms, living rooms, boutique hotels, lounges, retail stores, cafés, spas, reception areas, and lifestyle spaces seeking a cozy or memorable sensory identity. The cherry note adds playfulness, while vanilla provides softness and warmth.

For commercial development, manufacturers can incorporate it into private-label home-fragrance collections, seasonal launches, gift sets, hotel amenities, promotional products, and OEM/ODM customized projects. It can also be blended with strawberry, raspberry, orange, almond, caramel, chocolate, sandalwood, amber, or white musk to create differentiated variations.

Its versatile gourmand character allows brands to develop fragrances ranging from cheerful and fruity to luxurious and comforting, making it a practical choice for contemporary ambient fragrance collections.

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, ISO22000, HACCP, IFRA, SPEC

Support and Services

Our R&D team includes PhDs and senior engineers, with established laboratories in partnership with universities. We integrate global technology to maintain product advantage through continuous innovation.

Comprehensive Support Services

- Product usage instructions and guidance
- Expert advice on fragrance selection
- Technical support for any issues or concerns
- Product customization services
- Assistance with regulatory compliance
- Training and education on fragrance formulation

Packaging and Shipping

Product Packaging Options

Pack Type	Quantity	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

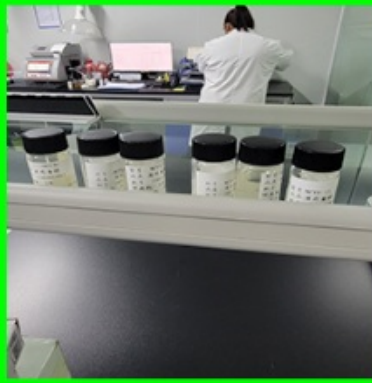

Shipping Information

Production time: 3-5 days for trial orders, 5-10 days for bulk orders. We provide photos or samples for confirmation before shipping. Shipping options include ship, air, truck, and express delivery.
