Product Description

Skin Friendly Green Forest Fragrance Oil For Laundry Detergent / Softener Production/Making With Free Sample

Product Code: LDZ-PL50099

Product Description:

This skin-friendly green forest fragrance oil is meticulously engineered for the commercial and artisan production of laundry detergents and fabric softeners. Designed to capture the crisp, invigorating essence of a lush woodland after rain, it infuses textiles with a clean, revitalizing, and long-lasting botanical aroma.

Optimized for manufacturing performance, the oil features high stability across diverse surfactant matrices, ensuring it blends seamlessly into liquid detergents and cationic softeners without phase separation, discoloration, or viscosity loss. Its concentrated formulation provides high-impact scent retention, allowing the crisp pine, herbal, and earthy notes to withstand aggressive wash cycles and persist effectively through high-heat tumble drying.

Crucially, the formulation prioritizes consumer safety and environmental compliance. It is crafted to be skin-safe and hypoallergenic, drastically minimizing dermal irritation risks for sensitive individuals wearing freshly laundered garments against their skin. Free from harsh chemical allergens and restricted phthalates, it meets modern clean-beauty standards. Whether applied in large-scale industrial manufacturing or boutique eco-friendly production lines, this green forest fragrance oil elevates everyday fabric care into a premium sensory experience.

LDZ-PL31573

Seasalt

Production Date: April 16,2026

Production Batch No.: 260416568

Shelf Life: 2 years

Specifications: 5kg/drum

Product Standard No.: GB/T22731 Daily Fragrance

Net Weight: 5kg

Application: Daily Fragrance

Usage: Add in appropriate amounts as needed in production

Shake well before use, and use as soon as possible after opening

Storage conditions: Store in a cool, dry, and wellventilated place, sealed

Crystallization may occur when stored in a low temperature environment. Please dissolve in a 50°C water bath and shake well before use.

Supplier: Guangzhou Plant Fragrance Co., LTD

Address: No. 1, Keyuan Road, Baiyun District, Guangzhou, Guangdong, 510540, China

Product Feature:

The fragrance profile of this green forest oil opens with a crisp, invigorating burst of crushed pine needles, wild eucalyptus, and sparkling morning dew, delivering an immediate impression of a deep woodland canopy. This sharp, refreshing introduction smoothly transitions into an aromatic heart dominated by earthy fir balsam, wild moss, and a subtle touch of green ivy leaf, creating a deeply natural and immersive botanical bouquet. As the scent settles onto dry fabrics, it unfolds into a warm, grounded base of rich cedarwood, clean vetiver, and soft ambergris. This harmonious, earthy dry-down anchors the fragrance deeply into textile fibers, ensuring a lingering, revitalizing freshness that evokes the tranquil ambiance of an untouched forest long after the laundry cycle is complete.

Technical Parameter:

Key Parameters	
Fragrance Type	Green Forest Fragrance Oil
Appearance	Clear to Light Yellow Liquid
Odor Profile	Typical sweet orange fruit aroma with bright citrus notes and soft woody finish
Flash point	>93°C (200°F)
Fragrance lasting time	After multiple washes, the scent lasts for more than 72 hours
Specific Gravity	0.945 - 1.046 g/mL
Refractive Index	1.440 - 1.540 (20°C)
Product Range	Air Fresheners, Diffusers, Scented Candles, Room Sprays
Solubility	Easily soluble in ethanol, propylene glycol, surfactant system, and miscible with water
Recommended Usage Rate	Laundry detergent: 0.1% - 0.5% (w/w); Fabric softener: 0.05% - 0.3% (w/w)
Storage conditions	Store in a cool, dry, dark place, away from high temperature
Shelf time	24 Months from Manufacture (Properly Stored)
Stability	Good stability at high temperature (50°C, 30 days) and pH (3-10) conditions
Safety	Complies with IFRA International Fragrance Association standards, non-irritating
Fragrance duration	After multiple washes, the scent lasts for more than 72 hours

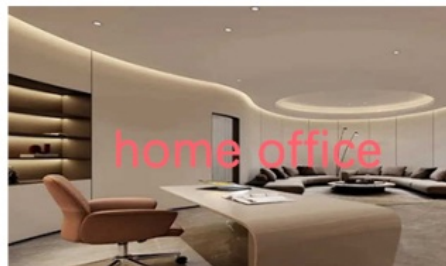

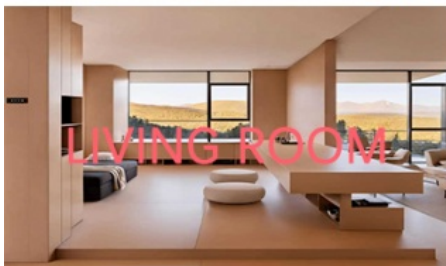

FUNCTIONS & APPLICATIONS:

This specialized fragrance oil serves as a primary olfactory agent engineered to impart an invigorating, crisp, and long-lasting botanical aroma to fabric care formulations. Its core function is molecular masking, effectively neutralizing chemical base odors from raw surfactants and cleaning agents. Beyond masking, it operates as a sustained-release delivery system, utilizing advanced fixatives that bind to textile fibers during the wash cycle to ensure the scent reactivates through friction when garments are worn. The oil also functions as a chemical stabilizer, maintaining uniform distribution without separating or destabilizing liquid matrices across varying pH levels. Additionally, it acts as a sensory differentiator, transforming functional cleaning products into premium lifestyle goods by evoking the clean, revitalizing essence of nature. Finally, its skin-friendly formulation acts as a hypoallergenic solution, delivering high-impact fragrance intensity while rigorously minimizing dermal irritation risks for sensitive consumers wearing the finished, laundered textiles against their skin daily.

Applications :

This versatile fragrance oil is specifically tailored for incorporation into a broad spectrum of commercial and artisan laundry manufacturing lines. Its primary application is in liquid laundry detergents, where it integrates smoothly into both conventional and eco-friendly formulas without altering viscosity or cleaning power. It is equally ideal for traditional fabric softeners, dryer sheets, and liquid scent boosters, leveraging its compatibility with cationic softeners to deliver a refreshing aroma that clings to cotton, linen, and synthetics. Beyond standard wash products, manufacturers utilize this oil in ironing waters, fabric refreshing sprays, and professional dry-cleaning agents to provide a cohesive woodland scent profile throughout the entire laundering routine. Boutique brands apply it to plant-based detergent pods and laundry strips. Furthermore, it scales effortlessly for institutional laundry facilities in hospitality, spas, and fitness centers, ensuring towels and linens maintain a clean, crisp, and welcoming natural ambiance.

applications

Our Advantages:

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications, such as ISO22000, COA, MSDS, SGS, ISO9001, HACCP, IFRA, SPEC

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

- 1.Product usage instructions and guidance;
2. Expert advice on fragrance selection;
3. Technical support for any issues or concerns;
4. Product customization services;
- 5.Assistance with regulatory compliance.

Packing and Shipping:

Product Packaging:

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Shipping:

After the payment, we'll arrange the production of your order ASAP. Normally, It will take 3-5days for trial order with small quantity, around 5-10 days for bulk order. Before shipping out, we'll take photos of the goods for confirmations with clients, or supply bulk sample for confirmation as well.

We offer shipping goods by ship, by air ,by truck , and by express, according to the clients requirements.
