Product Description

Body Wash Fragrance Velvet Orchid Fragrance Oil Scent Fragrance Oil For Shower gel & Shampoo & Scented Soap Making /Productions with High-Surfactant Stability

Product Code: LDZ-PL20580

The Velvet Orchid Fragrance Oil is a rich, premium-grade aromatic oil crafted specifically to infuse luxury personal care products like shower gels, shampoos, and artisan soaps with an opulent, sophisticated scent profile. Known for its captivating floral character, this fragrance oil delivers a decadent blend of lush florals, warm spices, and sweet balsams that transform everyday cleansing routines into an indulgent sensory experience.

Formulated for high performance in cosmetic production, the oil integrates smoothly into surfactant bases, liquid soaps, and cold-process or melt-and-pour soap bars without disrupting the formulation's integrity. It provides exceptional scent retention, ensuring that the rich aroma lingers on the skin and hair long after rinsing. Bakers and crafters favor it for producing high-end, premium bath lines because its complex notes maintain their stability and depth in both rinse-off and leave-on products. Ultimately, this fragrance oil offers a simple yet effective way to elevate standard cleansing bases into signature, designer-quality cosmetic goods.

Fragrance Profile & Characteristics:

Top Notes	The scent opens with an intoxicating and sweet blend of cool bergamot, crisp mandarin orange, rich rum, and golden honey, delivering an immediate, decadent, and slightly spiced first impression.
Middle Notes	The scent opens with an intoxicating and sweet blend of cool bergamot, crisp mandarin orange, rich rum, and golden honey, delivering an immediate, decadent, and slightly spiced first impression.
Base Notes	The fragrance settles into a deeply sensual and comforting finish composed of creamy vanilla, warm myrrh, soft suede, exotic sandalwood, Peru balsam, and French labdanum, providing lasting depth on the skin.

Technical Specifications:

Product Name	Velvet Orchid Fragrance Oil
Fragrance Profile	Floral-Fruity-Woody aroma
Appearance	Clear, colorless to pale yellow liquid
Relative Density	0.928 to 1.028 g/cm³ @ 25°C
Flash Point	Up to 93.5°C (200°F)
Refractive Index (RI)	1.450 to 1.512(at 20°C)
Phthalate-Free	Yes
Shelf Life	36 Months (Store away from light)
IFRA Compliance	Adheres to IFRA standards
Solubility	Soluble in surfactant-based systems

Recommended Usage Rates

Application	Usage Rate
Shampoo/Body Washes:	1% - 3%
Shower Gel:	1% - 2%
Liquid Soap:	0.3–0.8%;
Bar Soap (CP/MP):	2% - 3%
Facial Cleanser:	0.1–0.5%

Functions and Applications:

The Velvet Orchid Fragrance Oil functions primarily as a robust, specialized aromatic additive engineered to withstand the unique chemical environments of rinse-off surfactant systems. Its molecular composition is chemically stabilized to function effectively within high-foaming bases, ensuring the scent does not break down, curdle, or fade when exposed to anionic surfactants typically found in mass-market or artisan cleansers. Furthermore, it functions as a fixative carrier, binding tightly to cleansing bases so that the complex notes linger on the skin and hair even after being rinsed thoroughly with water. It also acts as a masking agent, neutralizing the natural, sometimes medicinal or unappealing base odors of raw soap, shampoo, and shower gel ingredients. By utilizing high-quality synthetic and natural aroma compounds, the oil functions to deliver consistent batch-to-batch fragrance performance, ensuring a rich, luxurious sensory experience that remains stable over long product shelf lives without altering viscosity or clarity.

Applications:

This fragrance oil finds its primary commercial and artisanal application in the manufacturing and small-batch production of luxury personal hygiene and hair care goods. It is heavily applied in creating high-end shower gels, foaming body washes, and daily-use shampoos where a lingering, premium floral-amber scent is desired to enhance the user experience. Additionally, it is widely utilized in artisan soap making, performing exceptionally well in both cold-process and melt-and-pour bar soap bases due to its resistance to alkaline environments. Beyond basic cleansing products, creators apply this versatile oil to formulate matching bath bombs, nourishing body lotions, and rich hair conditioners, allowing brands to build a cohesive, multi-layered product line sharing a single signature fragrance profile. Its robust thermal stability also makes it suitable for various cosmetic emulsions and specialty spa items seeking an opulent, designer-inspired aromatic touch.

Packaging Options

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm (5kg*4 bottle per carton)	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Production begins immediately after payment (3-5 days for trial orders, 5-10 days for bulk orders). We provide photos or samples for confirmation before shipping via ship, air, truck, or express according to customer requirements.
