

## Body Wash Fragrance Fresh Floral & Fruity Fragrance Oil For Shampoo & Shower gel & Scented Soap Making /Productions with High-Surfactant Stability

### Our Product Introduction

#### Basic Information

- Place of Origin: China
- Brand Name: Plan
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL30599
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms \$20.00, To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41\*28\*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm)
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union
- Supply Ability: 2000 Kilogram/Kilograms Per Day

#### Product Specification

## Product Description

### Body Wash Fragrance Fresh Floral & Fruity Fragrance Oil For Shampoo & Shower gel & Scented Soap Making /Productions with High-Surfactant Stability

Product Code: LDZ-PL30599

This Fresh Floral & Fruity Fragrance Oil is a premium, versatile aromatic ingredient expertly formulated for personal care manufacturing. Perfectly suited for shampoos, shower gels, body washes, and artisan scented soaps, it bridges the gap between invigorating fruitiness and elegant floral notes to elevate everyday cleansing routines.

Crafted with high stability, this fragrance oil maintains its vibrant, refreshing profile even when exposed to the challenging surfactant bases of liquid soaps and the saponification process of cold-process or melt-and-pour bar soaps. It opens with a bright, juicy burst of crisp fruits that seamlessly transition into a delicate, blooming floral heart, leaving a clean, lingering scent on the skin and hair without overpowering.

Formulators appreciate its reliable performance, excellent skin compatibility, and ease of incorporation across diverse cosmetic applications. Whether you are scaling up industrial production or handcrafting small-batch artisan soaps, this oil delivers a luxurious, spa-like sensory experience that modern consumers actively seek. Elevate your product line with a scent that embodies freshness, vitality, and enduring appeal.

## Fragrance Profile & Characteristics:

|              |                                                                                                                                                                                                                                                                                                      |
|--------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Top Notes    | The experience opens with an invigorating and juicy burst of crisp green apple, sparkling citrus, and sun-ripened berries, delivering an immediate, refreshing splash of fruity energy that instantly catches the attention of consumers upon opening the bottle.                                    |
| Middle Notes | As the initial brightness softens, the heart blooms into a lush, romantic bouquet. Delicate accords of sweet jasmine, dewy muguet (lily of the valley), and soft pink peony emerge, adding a sophisticated, airy floral elegance that feels clean and modern.                                        |
| Base Notes   | The fragrance settles into a warm, grounding finish anchored by subtle white musk, sheer amber, and light cedarwood. This gentle foundation ensures the scent lingers pleasantly on the skin and hair after rinsing, providing long-lasting satisfaction without ever feeling heavy or overwhelming. |

Technical Specifications:

|                       |                                        |
|-----------------------|----------------------------------------|
| Product Name          | Fresh Floral & Fruity Fragrance Oil    |
| Fragrance Profile     | Floral-Fruity- aroma                   |
| Appearance            | Clear, colorless to pale yellow liquid |
| Relative Density      | 0.950 to 1.050 g/cm³ @ 25°C            |
| Flash Point           | Up to 93°C (200°F)                     |
| Refractive Index (RI) | 1.450 to 1.520(at 20°C)                |
| Phthalate-Free        | Yes                                    |
| Shelf Life            | 36 Months (Store away from light)      |
| IFRA Compliance       | Adheres to IFRA standards              |
| Solubility            | Soluble in surfactant-based systems    |

Recommended Usage Rates

| Application          | Usage Rate |
|----------------------|------------|
| Shampoo/Body Washes: | 1% - 3%    |
| Shower Gel:          | 1% - 2%    |
| Liquid Soap:         | 0.3–0.8%;  |
| Bar Soap (CP/MP):    | 2% - 3%    |
| Facial Cleanser:     | 0.1–0.5%   |

Functions and Applications:

The primary function of this fragrance oil is to impart a long-lasting, delightful sensory identity to personal care formulations. Beyond merely masking the neutral or chemical scent of raw surfactant bases, it actively enhances the consumer's emotional and psychological experience during cleansing. It transforms a routine shower or hair-wash into an uplifting, spa-like ritual through its bright fruit and floral notes.

Technically, this fragrance oil functions as a stable compounding ingredient designed to withstand diverse pH levels and chemical environments without separating, discoloring, or degrading. In surfactant systems like shampoos and body washes, it binds harmoniously with thickening agents and cleansers, ensuring the aroma remains true over time. For artisan soaps, it acts as a reliable scent anchor, resisting the harsh alkaline environment of saponification. Additionally, it provides residual longevity, allowing a subtle, pleasant trail of freshness to linger on the skin and hair long after rinsing.

Applications:

This versatile fragrance oil is specifically engineered for a wide array of cosmetic and cleansing productions, ranging from small-scale artisanal crafting to large-scale industrial manufacturing.

|                                       |                                                                                                                                                               |
|---------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Shower Gels & Body Washes             | Easily integrates into liquid surfactant blends to create an invigorating, bubbles-rich cleansing experience that appeals to everyday users.                  |
| Shampoos & Conditioners               | Formulated to complement hair care bases, leaving locks smelling fresh and vibrant without weighing them down or leaving heavy residue.                       |
| Scented Bar Soaps                     | Performs exceptionally well in both cold-process, hot-process, and melt-and-pour soap making, holding its complex fragrance profile against curing processes. |
| Liquid Hand Soaps & Foaming Cleansers | Ideal for kitchen and bathroom soaps where a clean, uplifting, and gender-neutral fruit-floral balance is highly desirable.                                   |
| Body Lotions & Creams                 | Can be incorporated into emulsions to build a cohesive, head-to-toe matching fragrance layer for enhanced product merchandising and consumer appeal.          |

Packaging Options

| Pack Type      | QTY      | Specification                             | Volume   |
|----------------|----------|-------------------------------------------|----------|
| Plastic Bottle | 5kgs     | L41*W28*H33.5cm (5kg*4 bottle per carton) | 0.038cbm |
| Metal Barrel   | 25kgs    | D30*H45cm                                 | 0.032cbm |
| Jerry Can      | 20-25kgs | L29.5*D29.5*H41cm                         | 0.33cbm  |

Production begins immediately after payment (3-5 days for trial orders, 5-10 days for bulk orders). We provide photos or samples for confirmation before shipping via ship, air, truck, or express according to customer requirements.
