Product Description

Skin Friendly Spring Tide Scent Fragrance Oil For Laundry Detergent / Softener Production/Making With Free Sample

Product Code: LDZ-PL50191

Product Description:

Designed for versatile manufacturing, it is widely utilized in custom laundry detergent, fabric softener, and soap production lines to deliver an instantly recognizable atmosphere of cleanliness.

The scent profile characteristically captures the comforting sensation of pulling warm, fluffy linens straight from the dryer. It achieves this by blending bright top notes of sharp citrus, lemon, and green fruit hints with soft floral middle layers like ylang-ylang, jasmine, and violet, all grounded by clean, subtle musks or airy sea salt accords.

Formulated for high performance, this oil binds smoothly into surfactant bases, liquid soaps, and emulsion systems. It provides robust scent retention that withstands the chemical environments of cleaning bases without quickly breaking down or losing its vibrant character. Whether used to boost homemade detergents or scent commercial-grade softeners, it imparts a long-lasting, deeply satisfying freshness that appeals strongly to consumers seeking ultimate domestic cleanliness.

PLAN

PLAN

Sweet Orange Fragrance
LDZ-PL50126

LDZ-PL30967

Coconut & Vanilla Fragrance

Production Date: April 25, 2026

Production Batch No.: 260425529

Shelf Life: 2 years

Specifications: 5kg/drum

Product Standard No.: GB/T22731 Daily Fragrance

Net Weight: 5kg

Application: Daily Fragrance

Usage: Add in appropriate amounts as needed in production

Shake well before use, and use as soon as possible after opening

Storage conditions: Store in a cool, dry, and wellventilated place, sealed

Crystallization may occur when stored in a low temperature environment. Please dissolve in a 50°C water bath and shake well before use.

Supplier: Guangzhou Plant Fragrance Co., Ltd.

Address: No. 1, Keyuan Road, Baiyun District, Guangzhou, Guangdong, 510540 China

Tel: 86-13924190000

Product Feature:

Top Notes	Bright, sparkling bursts of crisp ozone, sharp lemon zest, and clean green apple open the fragrance with an immediate rush of outdoor-dried freshness and sharp invigoration.
Heart Notes	A delicate, floral heart featuring airy lily of the valley, soft jasmine petals, and sweet water lotus adds a smooth, clean softness reminiscent of fresh-rinsed fabric.
Base Notes	Warm, comforting undertones of clean white musk, powdery soft woods, and subtle cotton blossom ground the composition, leaving a lingering, cozy scent of freshly laundered linens.

Technical Parameter:

Key Parameters	
Fragrance Type	Tide Scent Fragrance Oil
Appearance	Clear to Pale Yellow Liquid
Odor Profile	Typical sweet orange fruit aroma with bright citrus notes and soft woody finish
Flash point	>93°C (200°F)
Fragrance lasting time	After multiple washes, the scent lasts for more than 72 hours
Specific Gravity	0.945 - 1.046 g/mL
Refractive Index	1.440 - 1.540 (20°C)
Product Range	Air Fresheners, Diffusers, Scented Candles, Room Sprays
Solubility	Easily soluble in ethanol, propylene glycol, surfactant system, and miscible with water
Recommended Usage Rate	Laundry detergent: 0.1% - 0.5% (w/w); Fabric softener: 0.05% - 0.3% (w/w)
Storage conditions	Store in a cool, dry, dark place, away from high temperature
Shelf time	24 Months from Manufacture (Properly Stored)
Stability	Good stability at high temperature (50°C, 30 days) and pH (3-10) conditions
Safety	Complies with IFRA International Fragrance Association standards, non-irritating
Fragrance duration	After multiple washes, the scent lasts for more than 72 hours

FUNCTIONS & APPLICATIONS:

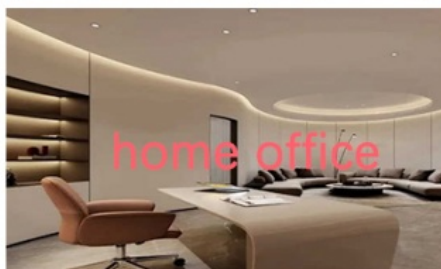

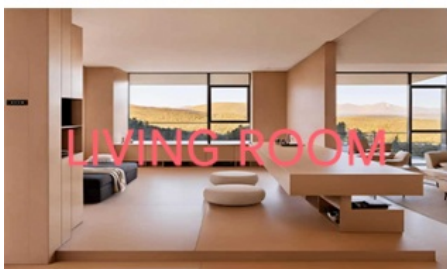

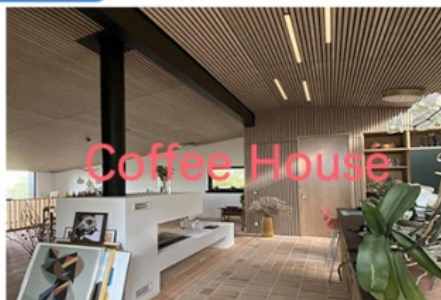

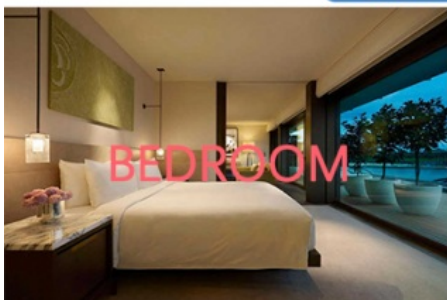

The primary function of the Tide-type fragrance oil is to deliver a potent, long-lasting impression of crisp cleanliness and fresh laundry into various home-care and personal-care formulations. Designed to act as an active scent-delivery agent, its chemical structure is engineered to remain stable within harsh surfactant systems, high-pH laundry detergents, and acidic fabric softeners without breaking down or altering its aroma. When introduced into a liquid base, the oil functions to effectively neutralize and mask any raw chemical or base-oil odors inherent in unscented soaps and detergents. During the washing and drying cycle, the oil's volatile top notes provide an immediate burst of fresh ozone and citrus, while the denser middle and base notes bind securely to fabric fibers or skin lipids. This slow-release mechanism ensures that the clean scent lingers persistently, offering consumers a sustained sensory experience of domestic purity, softness, and freshly laundered fabric long after the initial cleaning process is complete.

Applications Of Our Products:

The Tide-type fragrance oil is widely utilized across commercial and artisan production lines focused on cleaning and personal hygiene goods. Its principal application is in laundry detergent and fabric softener manufacturing, where it is blended into liquid and powder formulas to replicate the iconic, high-street scent of freshly washed linens. Beyond laundry care, its ultra-clean and refreshing profile makes it a popular choice for soap and body wash production, including hand-crafted bar soaps, shower gels, and foaming hand washes where consumers prefer an invigorating, soapy-clean aroma. It is also heavily integrated into household cleaner creation, such as multi-purpose surface sprays, floor washes, and dishwashing liquids, enhancing the perception of deep sanitization. Additionally, small-batch makers and commercial brands apply this fragrance to room sprays,

linen mists, and carpet deodorizers to instantly infuse living spaces with the comforting, familiar ambiance of bright, airy cleanliness.

applications

Our Advantages:

100% STRENGTH BRAND

Support and Services:

We definitely have the fragrance essence oils you need!

The Plant Flavours & Fragrance company has a R&D team consisting several PH.Ds and senior engineers, and has established associated laboratory with many universities and college. Meanwhile the company integrates global technology, information and resource to keep advantage of our products and services by continuous innovation on natural ingredients. The company has always been closed to assist customers to improve the aroma of products and structure of the quality and reduce production costs, tailored to customers, to meet the aroma needs of different daily necessities, we are one of the best enterprises of cost and services in the industry.

Fragrance Oil for perfume making, We Support OEM Your Own Scent Or Other Classical flavor. Contact Us For Inquiry NOW.

Where there are fragrance, there are plant flavor.

The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

1. Product usage instructions and guidance;
2. Expert advice on fragrance selection;
3. Technical support for any issues or concerns;
4. Product customization services;
5. Assistance with regulatory compliance.

Packing and Shipping:

Product Packaging:

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm 5kg*4 bottle per carton	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Shipping:

After the payment, we'll arrange the production of your order ASAP. Normally, It will take 3-5days for trial order with small quantity, around 5-10 days for bulk order. Before shipping out, we'll take photos of the goods for confirmations with clients, or supply bulk sample for confirmation as well.

We offer shipping goods by ship, by air ,by truck , and by express, according to the clients requirements.
