Product Description

Perfume Essence Oil Midnight Mimosa Fragrance Oil For Perfume Making / Production With Free Sample

Product Code: LDZ-PL10952

Midnight Mimosa fragrance oil is a sophisticated, premium-grade formulation tailored for artisanal perfumery and cosmetic manufacturing, centered around the captivating and nocturnal elegance of golden mimosa blossoms. Categorized within the floral-amber fragrance family, it delivers a uniquely luminous yet mysterious olfactory experience that opens with bright, crisp citrus and dew-kissed green accords. These fresh top notes seamlessly transition into a plush, velvety heart featuring honeyed yellow mimosa absolute, soft violet leaf, and subtle powdery floral nuances. The scent ultimately settles into a deep, sensual, and lingering nocturnal dry-down anchored by warm amber, creamy sandalwood, and soft musk. Intensely romantic and warm, this highly concentrated oil blends springtime floral sweetness with a moody, sophisticated depth, making it an exceptional choice for compounding luxury eau de parfums, body oils, rich creams, and artisanal soaps designed for evening wear collections.

Coconut & Vanilla Fragrance

Production Date: April 25, 2026

Production Batch No.: 260425529

Shelf Life: 2 years

Specifications: 5kg/drum

Product Standard No.: GB/T22731 Daily Fragrance

Net Weight: 5kg

Application: Daily Fragrance

Usage: Add in appropriate amounts as needed in production

Shake well before use, and use as soon as possible after opening

Storage conditions: Store in a cool, dry, and well-ventilated place, sealed

Crystallization may occur when stored in a low temperature environment. Please dissolve in a 50°C water bath and shake well before use.

Supplier: Guangzhou Plant Fragrance Co., Ltd.

Address: No. 1, Xiyuan Road, Baiyun District, Guangzhou, Guangdong, 510540, China

Fragrance Profile:

Fragrance Notes	Description
Top Notes (Opening)	Bright, crisp citrus and dew-kissed green accords that offer an uplifting, fresh opening.

Middle Notes (Heart)	Honeyed yellow mimosa absolute, soft violet leaf, and subtle powdery floral nuances creating a plush, velvety heart.
Base Notes (Foundation)	Warm amber, creamy sandalwood, and soft musk imparting a deep, sensual, and lingering nocturnal dry-down.

Technical Specifications:

Parameter	Specification
Fragrance Notes	Midnight Mimosa Fragrance Oil
Appearance	Transparent to amber liquid
Relative Density	0.930–1.010 g/cm ³ @ 25°C
Refractive Index	1.460–1.510
Flash Point	>93°C
Dosage	Home Fragrance: 6%–10% Fine Perfume: 15–30%; Body Oils/Lotions: 0.3–1%; Body Mist: 1%–5%; Eau de Parfum (EDP): 15–25%; Shower Gel & Shampoo: 0.2–1.0%; Soap/wash-off: 1.5–4%
Diffusion Ability	Excellent aroma
Long-lasting Fragrance	8–12 hours (paper strip test)
Solubility	Soluble in ethanol and oils; insoluble in water
IFRA Compliance	Conforms to International Fragrance Association safety standards
Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)

Evaporation Rate	Slow evaporation ensures smoother fragrance evolution
------------------	---

Applications & Functions:

The primary function of the Midnight Mimosa fragrance oil is to act as a sophisticated, concentrated aromatic compound that captures the rich, nocturnal essence of golden mimosa blossoms for perfumery and cosmetic production. Functionally, it serves as a stable multi-tiered blending base that harmonizes bright citrus, honeyed florals, and warm ambers into a cohesive scent profile. Its formulation is engineered to effectively mask neutral or unpleasant chemical odors inherent in raw cosmetic bases while imparting a long-lasting, velvety character. The oil functions to bind smoothly with a wide array of mediums, including high-proof alcohol, vegetable oils, surfactant systems, and cosmetic emulsions, ensuring consistent scent dispersion. Additionally, its rich base notes of sandalwood, musk, and amber function as natural fixatives, slowing down the evaporation rate of the lighter citrus and green top notes to maximize longevity and projection on the skin.

This fragrance oil is extensively applied across diverse manufacturing sectors, most prominently in fine fragrance production for luxury eau de parfums, solid perfumes, and oil-based roll-ons. In personal care and cosmetics, it is widely utilized to formulate nourishing body oils, velvety hand creams, luxury body washes, and hydrating facial lotions, leveraging its romantic and powdery appeal. Artisanal bath and body makers also apply it frequently to craft cold-process soaps, bath salts, and foaming shower gels. Beyond personal care, Midnight Mimosa is a favorite in the home fragrance industry, where it is applied in manufacturing scented container candles using soy or coconut wax, wax melts, and reed diffusers. Finally, it finds application in specialty lifestyle items such as upscale linen mists, wardrobe sachets,

and ambient room sprays designed to infuse living spaces with an elegant, inviting, and intimate aura.

Industrial Applications

Primary applications include:

Attars and Concentrated Perfume Oils (CPO): Ideal for alcohol-free, highly potent luxury oils

Fine Fragrances: Used in "Intense" or "Nuit" perfume versions requiring heavy sillage

Premium Home Fragrancing: Top-tier choice for Bakhoor and luxury incense production

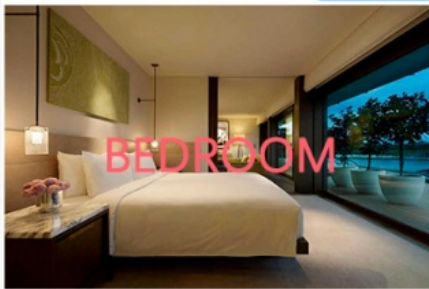

Hospitality Sector: Utilized in high-output nebulizers for hotel lobbies and boutiques

Personal Care: Popular in Beard Oils and Hair Mists for long-lasting sophisticated appeal

Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.
