Product Description

Candle Fragrances Wholesale Sandalwood Iris Essence Oils For Hot / Cold Process Scented Candles Productions/Making

Product Code: LDZ-PL40130

Product Overview:

Transform your candle-making collection with this luxurious Sandalwood Iris Essence Oil, meticulously crafted for both hot and cold process scented candle production. This sophisticated fragrance blend harmoniously unites the rich, creamy, and velvety warmth of exotic sandalwood with the powdery, elegant, and timeless floral sophistication of blooming iris.

Designed specifically for artisan and commercial candlemakers, this high-performance essence oil boasts exceptional thermal stability. It binds effortlessly with a wide variety of popular waxes—including soy, paraffin, beeswax, and coconut-soy blends—ensuring a smooth, even scent throw whether your candles sit unlit on display (cold throw) or burn with a steady, glowing flame (hot throw). The complex, grounding botanical profile delivers a deeply calming, upscale atmosphere, striking the ideal balance between rich woody depths and delicate floral refinement.
