Product Description

Body Wash Fragrance Guardian Angel Fragrance Oil For Shower gel & Shampoo & Scented Soap Making / Productions with Free Sample

Product Code: LDZ-PL20119

Guardian Angel Fragrance Oil is a sophisticated aromatic blend anchored by crisp bergamot and warm amber, engineered specifically to withstand the rigorous surfactant and high-pH environments of artisan shampoos, shower gels, and handmade soaps. Unlike standard oils that degrade or thin out in foaming bases, its robust fixative architecture maintains exceptional scent longevity and batch clarity without causing premature saponification acceleration or discoloration. Formulators typically achieve optimal aromatic throw and viscosity stability at inclusion rates between 0.8% and 2.5%, making it a reliable, high-performance compounding choice for luxury self-care lines.

pH Stability	Withstands aggressive alkaline environments found in cold-process saponification without splitting or degrading.
Sensory Enhancement	Imparts a tranquil, spa-quality aura that elevates standard daily cleansers into a premium self-care ritual.

Applications:

Hair Care	Shampoos, clarifying rinses, and nourishing liquid hair masks.
Body Care	Hydrating shower gels, exfoliating body polishes, and foaming hand washes.
Bar Soap Manufacturing	Both melt-and-pour bases and traditional cold-process or hot-process artisan bars.
