Product Description

IFRA Concentrated Body Using Perfume Oil Mat Male Perfumes Oil For Perfume Making / Production With Free Sample

Product Code: LDZ-PL12484

It is a concentrated, premium-grade aromatic essence specifically formulated for personal perfumery and bespoke cologne production. Designed to be worn directly on the skin or blended into carrier bases, it delivers a refined, sophisticated masculine profile that balances modern freshness with timeless, magnetic depth.

Crafted with high-purity, skin-safe cosmetic ingredients, the oil is exceptionally versatile for DIY artisans, independent perfumers, and commercial producers alike. Its dense, alcohol-free formulation ensures superior longevity compared to traditional spirit-based sprays, allowing the fragrance to melt into the skin's natural warmth and release its complex notes gradually throughout the day. Whether used pure in roll-on applicators, diluted in fractionated coconut oil, or incorporated into artisanal solid colognes, aftershave balms, and custom body sprays, it provides a luxurious tactile and olfactory experience.

The oil boasts excellent stability, preventing rapid oxidation and maintaining its signature scent integrity over time. It offers a smooth application that nourishes the skin while projecting a commanding, masculine aura—making it an ideal cornerstone for creating signature men's fragrances or private-label collections.

Fragrance Profile:

The fragrance profile of this Male Perfume Oil is crafted to project confidence, sophistication, and enduring magnetism, transitioning smoothly from an energetic opening to a rich, sensual dry-down.

Fragrance Notes	Description
Top Notes (Opening)	The scent opens with a crisp, invigorating splash of calabrian bergamot, chilled pink peppercorn, and zesty grapefruit. This vibrant introduction provides an instant clean, modern freshness that captures attention immediately.
Middle Notes (Heart)	As the bright opening softens, the heart reveals an aromatic and sophisticated blend of clary sage, fresh geranium, and a subtle touch of marine aquatic accord. This complex core adds a refined, herbal-masculine elegance with a crisp, outdoor breeze feel.
Base Notes (Foundation)	The fragrance grounds itself in a deeply sensual and powerful finish featuring smoky vetiver, rich leather, warm ambergris, and creamy cedarwood. These robust, skin-hugging base notes ensure exceptional longevity, leaving a warm, commanding trail that lingers on the skin all day.

Technical Specifications:

Parameter	Specification
Fragrance Notes	Mat Male Perfumes Oil
Appearance	Transparent to amber liquid
Relative Density	0.895–1.02g/cm³ @ 25°C
Refractive Index	1.495–1.525
Flash Point	>93°C (200°F)
Dosage	Home Fragrance: 6%–10% Fine Perfume: 15–30%; Body Oils/Lotions: 0.3–1%; Body Mist: 1%–5%; Eau de Parfum (EDP): 15–30%; Shower Gel & Shampoo: 0.2–1.0%; Soap/wash-off: 1.5-4%
Diffusion Ability	Excellent aroma
Long-lasting Fragrance	8-12 hours (paper strip test)
Solubility	Soluble in ethanol and oils; insoluble in water
IFRA Compliance	Conforms to International Fragrance Association safety standards
Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation ensures smoother fragrance evolution

Applications & Functions:

The primary function of this concentrated male perfume oil is to deliver a long-lasting, skin-compatible aromatic experience without the drying effects of alcohol. Chemically formulated as a neat, oil-based carrier system, its core function is to slowly release volatile fragrance compounds as it interacts with body heat and natural skin oils, providing a steady and intimate scent projection. It acts as an emollients-friendly base that binds smoothly to the skin's surface, creating a protective micro-layer that locks in the rich top, middle, and base notes. Furthermore, it functions as a fixative booster, anchoring volatile citrus and herbal elements so they endure hours longer than typical spirit-based colognes. By utilizing skin-safe cosmetic ingredients, it nourishes the application site while neutralizing body odor, ensuring a harmonious, premium scent evolution throughout the day for both everyday wear and custom perfumery production.

This versatile, high-purity oil is specifically engineered for a wide array of personal care and bespoke perfumery applications. For roll-on perfumes and dab-on bottles, it offers direct, mess-free skin application, allowing users to target pulse points like wrists and the neck. In independent perfume making and production, it serves as the core base for formulating artisanal colognes, solid perfumes, and alcohol-free spray formulations when blended with proper solubilizers. Beyond direct skin wear, crafters frequently incorporate it into aftershave balms, nourishing beard oils, and luxury grooming pomades to impart a sophisticated masculine scent. Boutique brands and DIY artisans also utilize it for custom gift sets, private-label men's lines, and travel-friendly solid fragrance compacts. Its robust formulation ensures seamless compatibility with standard cosmetic carriers, making it an essential ingredient for creating high-end, skin-safe male fragrances.

Industrial Applications

Primary applications include:

Attars and Concentrated Perfume Oils (CPO): Ideal for alcohol-free, highly potent luxury oils

Fine Fragrances: Used in "Intense" or "Nuit" perfume versions requiring heavy sillage

Premium Home Fragrancing: Top-tier choice for Bakhoor and luxury incense production

Hospitality Sector: Utilized in high-output nebulizers for hotel lobbies and boutiques

Personal Care: Popular in Beard Oils and Hair Mists for long-lasting sophisticated appeal

Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.
