Product Description

Fragrance oils Body Wash IFRA Creamy Vanilla Fragrance Oil Safeguard Fragrance oil For Shower gel &Shampoo &Scented Soap Making /Productions with Free Sample

Product Code: LDZ-PL21084

Creamy Vanilla fragrance oil is a rich, luscious, and deeply comforting gourmand composition crafted specifically for personal care production like shower gels, shampoos, and scented soaps. Its scent profile opens with a warm, buttery, and inviting rush of sweet spun sugar and whipped cream, immediately establishing a smooth, decadent impression. As the fragrance settles on the skin or lathers in warm water, the heart unfolds with a velvety blend of pure Madagascar vanilla bean, subtle hints of warm caramel, and a touch of soft almond milk, imparting a luxurious, bakery-fresh sweetness. The foundation anchors the blend with a cozy, lingering base of rich bourbon vanilla, warm white musk, and a whisper of sweet tonka bean. This ensures the warm, inviting aroma adheres beautifully to hair and skin even after rinsing. Formulated specifically for wash-off and cosmetic bases, this oil provides high stability against surfactants, preventing discoloration while delivering a long-lasting, comforting aura of indulgence that transforms daily cleansing into a deeply relaxing, pampering sensory ritual.

Fragrance Profile & Characteristics:

Top notes	The top notes open immediately with an inviting, luscious rush of sweet spun sugar and whipped cream, establishing a rich, buttery, and decadent introductory aura.
Middle notes	As the fragrance evolves on skin or lathers in warm water, the middle notes unfold into a velvety heart blending pure Madagascar vanilla bean, subtle hints of warm caramel, and a touch of soft almond milk to deliver a bakery-fresh, comforting sweetness.
Base notes	Finally, the base notes anchor the composition with a lingering, cozy foundation of rich bourbon vanilla, warm white musk, and a whisper of sweet tonka bean. This robust dry-down ensures that the warm, indulgent aroma adheres exceptionally well to hair and skin even after thorough rinsing, maintaining high stability against surfactants without causing base discoloration throughout your production process.

Technical Specifications:

Product Name	Creamy Vanilla Fragrance Oil
Fragrance Profile	Floral-Fruity-Woody aroma
Appearance	Clear, colorless to pale yellow liquid
Relative Density	0.936 to 0.990 g/cm³ @ 25°C
Flash Point	Up to 93°C (200°F)
Refractive Index (RI)	1.455 to 1.605(at 20°C)
Phthalate-Free	Yes
Shelf Life	36 Months (Store away from light)
IFRA Compliance	Adheres to IFRA standards
Solubility	Soluble in surfactant-based systems

Recommended Usage Rates

Application	Usage Rate
Shampoo/Body Washes:	1% - 3%
Shower Gel:	1% - 2%
Liquid Soap:	0.3–0.8%;
Bar Soap (CP/MP):	2% - 3%
Facial Cleanser:	0.1–0.5%

Functions and Applications:

The Creamy Vanilla fragrance oil functions primarily as an advanced scent-infusion and surfactant-stable compounding agent engineered specifically for high-moisture personal care manufacturing. Its core function is to deliver a rich, decadent gourmand profile—transitioning from buttery spun sugar to deep bourbon vanilla—while resisting the severe discoloration typically caused by vanillin in reactive bases. As an un-diluted, concentrated matrix, it acts as an effective fixative that binds volatile notes to surfactants, ensuring the fragrance withstands harsh cleansing agents without degrading. Furthermore, it functions as a potent masking agent, effectively neutralizing the chemical odors of raw soap bases, cleansing surfactants, and unfragranced cosmetic emulsions. It imparts a long-lasting, cozy, and comforting sensory aura that adheres securely to skin and hair fibers even after thorough rinsing, providing reliable performance and consistent olfactory depth across all batches.

Applications:

This specialized fragrance oil features extensive commercial and artisan applications tailored explicitly for wash-off and daily personal care production. In cleansing formulations, it serves as the signature aromatic ingredient for crafting luxurious shower gels, nourishing body washes, moisturizing shampoos, and conditioning hair masks. Its exceptional surfactant stability also makes it a favorite for artisan cold-process and melt-and-pour scented soaps, preventing brown discoloration while maintaining a creamy lather. Beyond bath and body items, it is widely utilized in rich cosmetic lotions, hydrating body milks, bath bombs, and soothing body butters. In the home and lifestyle sector, artisan creators incorporate this cozy gourmand oil into warm soy wax candles, cozy

room sprays, and linen refreshers, leveraging its universal appeal to establish a deeply relaxing, indulgent, and comforting atmosphere.

Hair Care	Shampoos, clarifying rinses, and nourishing liquid hair masks.
Body Care	Hydrating shower gels, exfoliating body polishes, and foaming hand washes.
Bar Soap Manufacturing	Both melt-and-pour bases and traditional cold-process or hot-process artisan bars.
Bath Additives	Luxury bath bombs, bubble bath elixirs, and milk bath soaks.

Packaging Options

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm (5kg*4 bottle per carton)	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Production begins immediately after payment (3-5 days for trial orders, 5-10 days for bulk orders). We provide photos or samples for confirmation before shipping via ship, air, truck, or express according to customer requirements.
