Product Description

IFRA &MSDS High Concentrated Perfume Oil Valentino Donna Born in Roma Coral Fantasy Fragrance Oil For Perfume Making / Production With Free Sample

Product Code: LDZ-PL12415

The Valentino Donna Born in Roma Coral Fantasy fragrance oil opens with an energetic, radiant splash of Brazilian orange and juicy kiwi accord that captures the vibrant, sun-drenched spirit of a Roman sunset. As it develops, the scent transitions into a sophisticated, couture-inspired floral core, where rich Indian jasmine and romantic rose blend harmoniously with nutty ambrette seed for tactile depth. The dry-down settles into a warm, sensual foundation of clean white musk and woody Texas cedar, leaving a lingering, modern trail. Formulated as a high-concentrated oil, it offers exceptional longevity and skin-adherence without alcohol, allowing the complex fruity, floral, and musky facets to meld seamlessly with body heat for luxury perfume production.

Fragrance Profile:

Fragrance Notes	Description
Top Notes (Opening)	The production profile opens with an energetic, colorful splash of Brazilian orange and juicy kiwi accord, delivering a bright, crisp, and mouthwatering fruitiness.
Middle Notes (Heart)	As it evolves, the oil transitions into a sophisticated, couture-inspired floral core. Rich Indian jasmine and romantic rose blend seamlessly with earthy, nutty ambrette seed (musk mallow), adding textural depth and refined elegance.
Base Notes (Foundation)	The dry-down settles into a warm, sensual foundation of clean white musk and woody Texas cedar.

Technical Specifications:

Parameter	Specification
Fragrance Notes	Valentino Donna Born in Roma Fragrance Oil
Appearance	Transparent to amber liquid
Relative Density	0.905–0.998g/cm³ @ 25°C
Refractive Index	1.460–1.525
Flash Point	>80°C
Dosage	Home Fragrance: 6%–10% Soap/wash-off: 1.5-4% Fine Perfume: 15–30%; Body Mist: 1%–5%; Eau de Parfum (EDP): 15–30%; Shower Gel & Shampoo: 0.2–1.0%; Body Oils/Lotions: 0.3–1%;
Diffusion Ability	Excellent aroma

Long-lasting Fragrance	8-12 hours (paper strip test)
Solubility	Soluble in ethanol and oils; insoluble in water
IFRA Compliance	Conforms to International Fragrance Association safety standards
Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation ensures smoother fragrance evolution

Applications & Functions:

The Valentino Donna Born in Roma Coral Fantasy fragrance oil functions primarily as a potent, highly concentrated aromatic base designed to impart a vibrant, long-lasting fruity-floral signature to various cosmetic and personal care formulations. Its core function is to deliver a multi-layered olfactory experience—transitioning from bright citrus and juicy kiwi top notes to a rich jasmine and ambrette floral heart, and finally settling into a warm white musk and cedarwood base. Without the dilution of alcohol, this high-concentration oil functions to lock fragrance molecules closer to the skin, slowing down evaporation rates and providing extended wear time. It acts as an anchor for scent retention, ensuring that complex top and middle accords remain stable and true over hours. Furthermore, its rich lipid-compatible profile allows it to blend smoothly into oil-based bases, enhancing both skin-feel and projection while maintaining the integrity and nuance of the luxury-inspired scent profile throughout its lifecycle.

This high-concentrated fragrance oil is exceptionally versatile for commercial and artisanal personal care production. Its primary application is in fine perfumery, where it serves as the core aromatic ingredient for formulating alcohol-free perfume oils, oil-based roll-ons, and solid perfumes that require intense, long-wearing sillage. Beyond traditional perfumes, it is widely utilized in luxury body care manufacturing, including rich body oils, nourishing lotions, shea-based body butters, and post-shower massage oils, where the lipid base of the product naturally complements the oil format. It is also an excellent choice for crafting artisanal bath products such as bath bombs, foaming bath salts, and luxury soap bars, imparting a lasting, high-end scent that withstands saponification or warm water dispersion.

Additionally, formulators frequently incorporate it into hair mists, cuticle oils, and targeted cosmetic balms to deliver a sophisticated, radiant, and modern fragrance experience across everyday beauty routines.

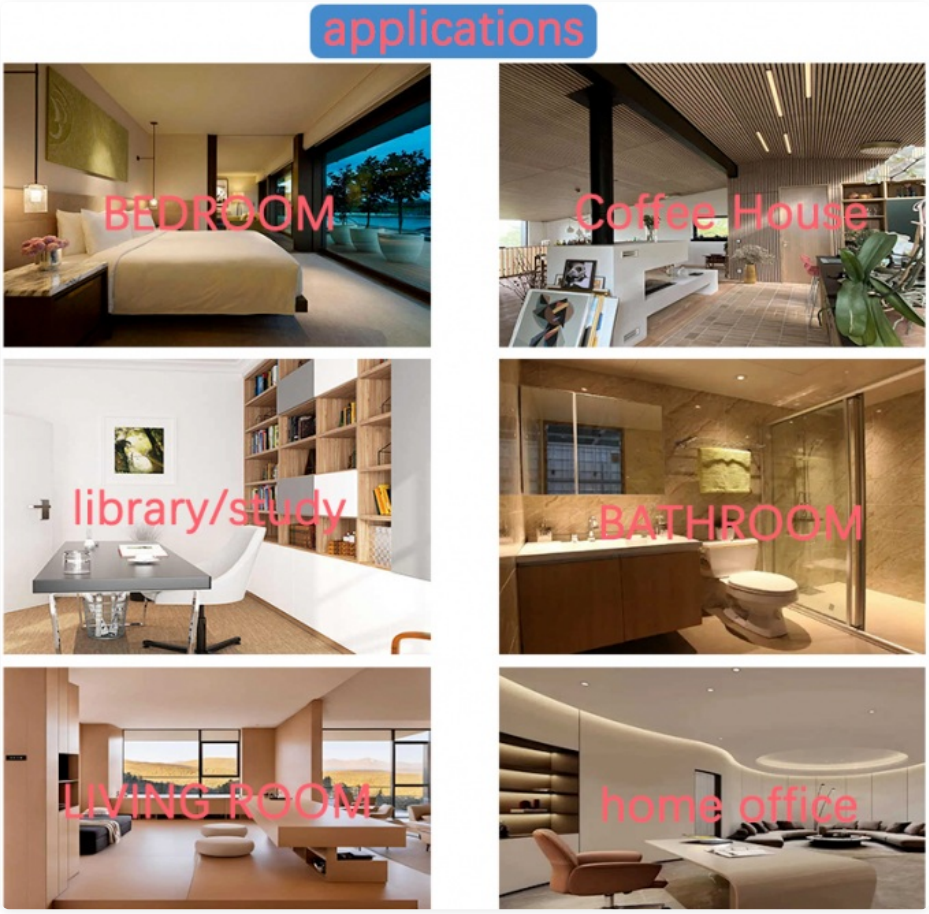

Industrial Applications

Primary applications include:

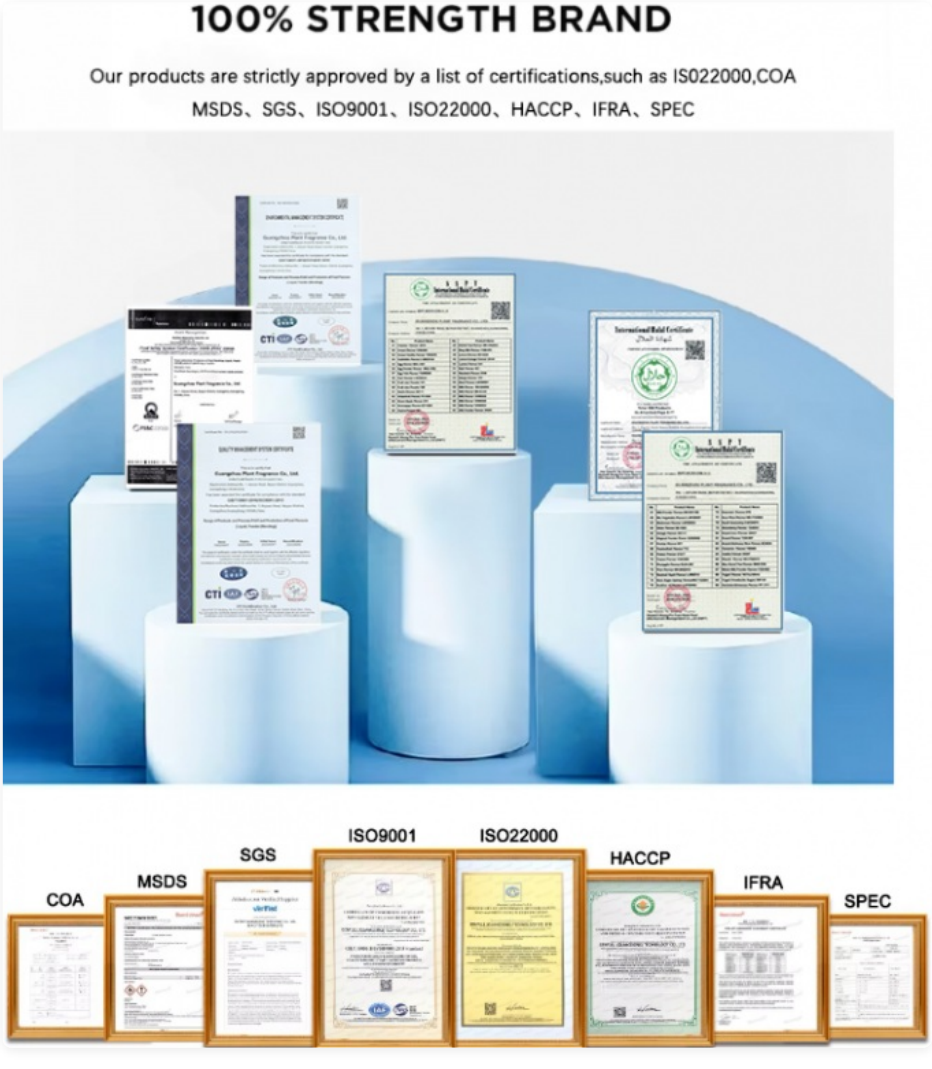

- **Attars and Concentrated Perfume Oils (CPO):** Ideal for alcohol-free, highly potent luxury oils
- **Fine Fragrances:** Used in "Intense" or "Nuit" perfume versions requiring heavy sillage
- **Premium Home Fragrancing:** Top-tier choice for Bakhoor and luxury incense production
- **Hospitality Sector:** Utilized in high-output nebulizers for hotel lobbies and boutiques
- **Personal Care:** Popular in Beard Oils and Hair Mists for long-lasting sophisticated appeal

Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.
