Product Description

IFRA Concentrated Perfume Dol-ce & Gabba-na Devotion Fragrance Oil For Perfume Making/Production With Free Sample

Product Code: LDZ-PL12435

This fragrance oil delivers a rich, decadent, and gourmand-forward olfactory profile that captures the essence of Italian confectionery and luminous warmth. The experience opens with an irresistible, mouthwatering burst of candied citrus, providing an immediate, sun-drenched sweetness that feels lively and alluring. As the scent evolves, it transitions into a luscious, comforting heart dominated by a panettone accord and rich, creamy orange blossom, blending buttery, brioche-like nuances with sweet floral elegance to create a deeply addictive and inviting texture. The dry-down settles into a warm, sensual foundation of smooth vanilla that wraps the citrus and baked-good accords in a velvety, long-lasting embrace. Engineered specifically for perfume making and production, this high-concentration oil offers exceptional longevity and skin compatibility, allowing the warm vanilla base and vibrant candied citrus top notes to melt seamlessly with natural body heat for a refined, luxurious, and modern sillage.

Fragrance Profile:

Fragrance Notes	Description
Top Notes (Opening)	The experience opens with an irresistible, mouthwatering burst of candied citrus. This bright and zesty opening provides an immediate, sun-drenched sweetness that feels lively and alluring.
Middle Notes (Heart)	As the scent evolves, it transitions into a luscious, comforting heart dominated by panettone accord and rich, creamy orange blossom. This unique gourmand facet blends buttery, brioche-like nuances with sweet floral elegance, creating a deeply addictive and inviting texture.
Base Notes (Foundation)	The dry-down settles into a warm, sensual foundation of smooth vanilla. The vanilla note is rich, sweet, and cocooning, wrapping the citrus and baked-good accords in a velvety, long-lasting embrace.

Technical Specifications:

Parameter	Specification
Fragrance Notes	Dol-ce & Gabba-na Devotion Fragrance Oil
Appearance	Transparent to amber liquid
Relative Density	0.960–1.020 g/cm³ @ 25°C
Refractive Index	1.466–1.590
Flash Point	>90°C (200°F)
Dosage	EDP:15–30% EDT:8–18% Grooming Products:0.3–1.0% Perfume Oil:20–40% Body Mist:3–8%
Diffusion Ability	Excellent aroma
Long-lasting Fragrance	8-12 hours (paper strip test)

Solubility	Soluble in ethanol and oils; insoluble in water
IFRA Compliance	Conforms to International Fragrance Association safety standards
Heat Resistance	Stable at 100°C with no noticeable discoloration or odor change
Lightfastness	Good (avoid long-term direct sunlight)
Evaporation Rate	Slow evaporation ensures smoother fragrance evolution

Applications & Functions:

The Dolce & Gabbana Devotion concentrated fragrance oil functions as a rich, high-potency aromatic base engineered to impart a decadent, gourmand-forward scent profile into various cosmetic and personal care formulations. Its core function is to deliver a multi-layered olfactory experience—transitioning from bright candied citrus top notes through a buttery panettone and orange blossom heart to a warm, enveloping vanilla base. Formulated without alcohol, this concentrated oil functions to anchor heavy gourmand and citrus molecules securely to the skin's lipid barrier, significantly slowing evaporation rates and ensuring prolonged wear time. It stabilizes complex sweet and floral accords, allowing them to remain cohesive and true over extended hours. Furthermore, its lipid-compatible profile enables it to integrate smoothly into oil-based bases, enhancing both skin-feel and radiance while projecting a luxurious, comforting, and deeply addictive scent trail throughout the lifecycle of the finished product.

This concentrated fragrance oil is exceptionally well-suited for a wide range of commercial and artisanal personal care production. Its primary application is in fine perfumery, where it is utilized to formulate alcohol-free perfume oils, oil-based roll-ons, and solid fragrances that benefit from an intimate yet intensely rich sillage. Beyond traditional perfumery, it is heavily favored in luxury body care manufacturing, including rich body oils, nourishing lotions, whipped shea butters, and post-bath massage oils, where the oil-based format naturally complements the gourmand character. It is also an ideal choice for crafting artisanal bath and body items, such as luxury soap bars, bath melts, and exfoliating body scrubs, imparting a warm, bakery-inspired aroma that remains stable. Additionally, formulators frequently incorporate it into hair care items, cuticle oils, and targeted cosmetic balms to deliver a decadent and modern sweet fragrance experience.

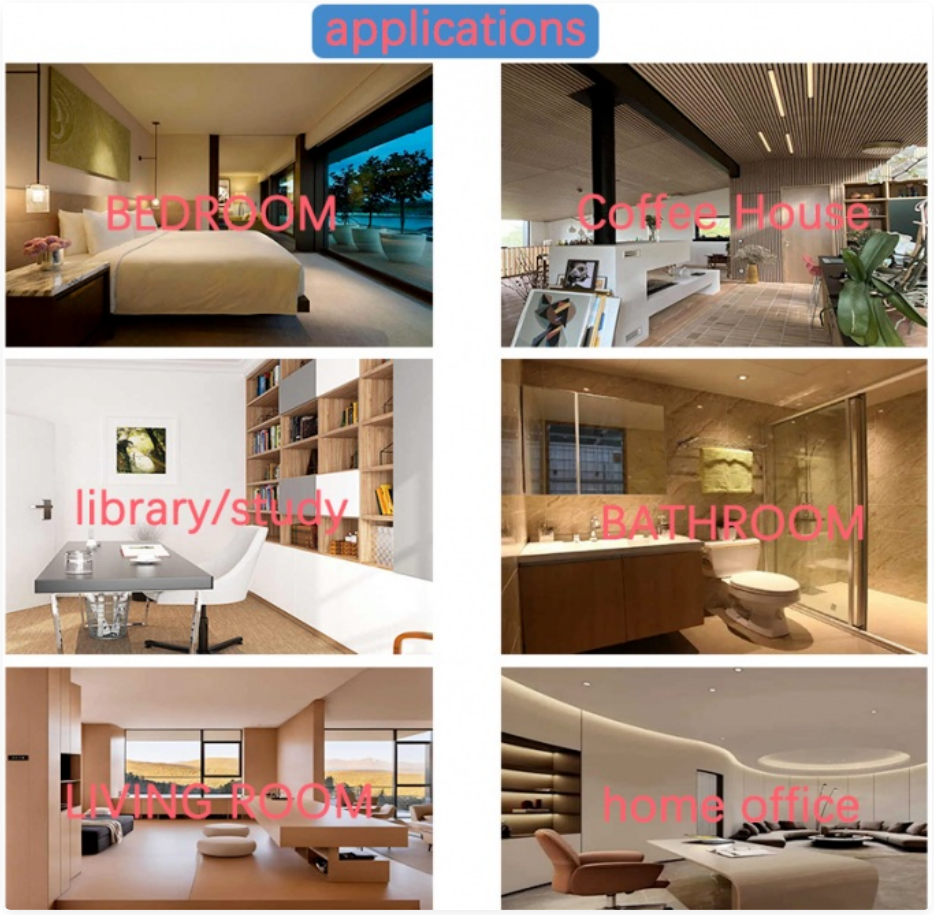

Industrial Applications

Primary applications include:

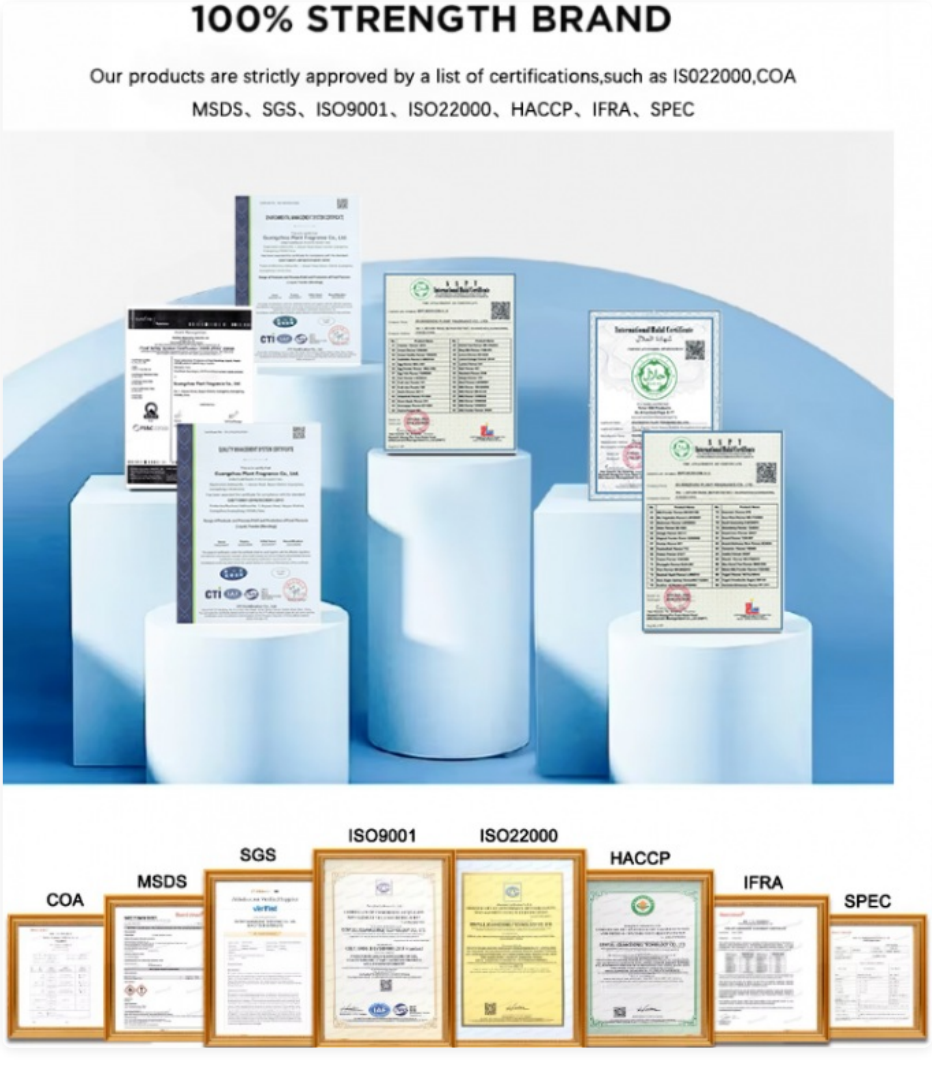

- **Attars and Concentrated Perfume Oils (CPO):** Ideal for alcohol-free, highly potent luxury oils
- **Fine Fragrances:** Used in "Intense" or "Nuit" perfume versions requiring heavy sillage
- **Premium Home Fragrancing:** Top-tier choice for Bakhoor and luxury incense production
- **Hospitality Sector:** Utilized in high-output nebulizers for hotel lobbies and boutiques
- **Personal Care:** Popular in Beard Oils and Hair Mists for long-lasting sophisticated appeal

Our Advantages

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.
