Product Description

Body Wash IFRA Fragrance oils Black Ice Fragrance Oil For Shower gel &Shampoo &Scented Soap Making /Productions with Free Sample

Product Code: LDZ-PL21105

Black Ice fragrance oil infuses shower gels and shampoos with a crisp, bold, and modern cologne-inspired aroma. Activated by warm shower steam and rich lather, it opens with an invigorating burst of zesty lemon, lime, and bright orange, accented by cool hints of pine or eucalyptus for an instant wake-up effect. The scent then unfolds into a clean, aromatic heart of soothing lavender, airy ozone, and subtle florals that create a refined, soapy-fresh character. Anchored by a deep, rugged base of sandalwood, cedarwood, amber, and smooth musk, it delivers exceptional scent throw during use and leaves a lingering, masculine, woody-fresh finish on skin and hair long after rinsing without ever feeling overly sweet.

Fragrance Profile & Characteristics:

Top notes	Opens with an immediate burst of sharp, icy freshness featuring zesty lemon, lime, and bright orange, often accented by cool pine or eucalyptus. In warm shower steam, these citrus notes bloom instantly, creating an energizing, wake-up effect.
Middle notes	As the lather develops, the scent transitions into a clean, aromatic heart of soothing lavender, airy ozone, and subtle florals like jasmine and lily of the valley. This balances the initial sharpness with a refined, soapy-clean character.
Base notes	Anchored by a deep, rugged foundation of sandalwood, cedarwood, amber, and smooth musk.

Technical Specifications:

Product Name	Black Ice Fragrance Oil
Fragrance Profile	Floral-Fruity-Woody aroma
Appearance	Clear, colorless to pale yellow liquid
Relative Density	0.936 to 0.990 g/cm³ @ 25°C
Flash Point	Up to 93°C (200°F)
Refractive Index (RI)	1.460 to 1.508(at 20°C)
Phthalate-Free	Yes
Shelf Life	36 Months (Store away from light)
IFRA Compliance	Adheres to IFRA standards
Solubility	Soluble in surfactant-based systems

Recommended Usage Rates

Application	Usage Rate
Shampoo/Body Washes:	1% - 3%
Shower Gel:	1% - 2%
Liquid Soap:	0.3–0.8%;
Bar Soap (CP/MP):	2% - 3%
Facial Cleanser:	0.1–0.5%

MG-SL

Functions and Applications:

Black Ice fragrance oil serves as a high-impact aromatic agent engineered to mask raw surfactant bases and elevate the sensory profile of personal care products. In wash-off formulations, it acts as an immediate mood enhancer, utilizing crisp citrus and cooling aromatic notes to deliver a revitalizing, wake-up effect during warm showers. Beyond initial scent throw, its dense woody and musky base notes provide superior fragrance retention, ensuring a subtle, clean aroma clings to skin and hair after rinsing without feeling heavy or sticky. Formulated for cosmetic stability, it blends seamlessly into liquid bases, maintaining clarity and viscosity without causing discoloration or separation. It offers an economical yet luxurious scent solution, transforming everyday hygiene items into signature, cologne-inspired grooming essentials.

Applications:

Black Ice fragrance oil is extensively used across men's and unisex grooming lines, making it a staple for invigorating body washes, shower gels, and clarifying shampoos. Its crisp, clean profile also translates exceptionally well into facial cleansers, exfoliating body scrubs, hand soaps, and bar soaps. Beyond standard bath products, formulators frequently incorporate it into shaving creams, beard washes, and aftershave balms to create a cohesive, masculine grooming regimen. Due to its refreshing and deodorizing perception, it is equally effective in deodorants, body sprays, and moisturizing lotions. Furthermore, its strong scent throw makes it versatile enough for lifestyle products like scented candles, reed diffusers, and automotive air fresheners, allowing brands to build complete, multi-category scent collections around this iconic aroma.

Hair Care	Shampoos, clarifying rinses, and nourishing liquid hair masks.
Body Care	Hydrating shower gels, exfoliating body polishes, and foaming hand washes.
Bar Soap Manufacturing	Both melt-and-pour bases and traditional cold-process or hot-process artisan bars.
Bath Additives	Luxury bath bombs, bubble bath elixirs, and milk bath soaks.

Packaging Options

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm (5kg*4 bottle per carton)	0.038cbm
