Product Description

IFRA Fragrance New Head &Shoulders Fragrance Oil For Shower gel &Shampoo &Scented Soap Making /Productions with Free Sample

Product Code: LDZ-PL21251

New Head & Shoulders fragrance oil delivers a crisp, clean, and universally appealing aquatic-fruity-floral aroma designed to evoke instant scalp refreshment and pristine cleanliness. Activated by warm water and rich lather, it opens with a vibrant, cooling burst of crisp green apple, zesty citrus, and watery marine accords, lightly lifted by breezy hints of fresh mint or eucalyptus to amplify the revitalizing sensation. As the scent develops, it transitions into a soft, airy heart of delicate white florals—such as jasmine, lily of the valley, and cyclamen—blended with clean ozone notes that create a classic, comforting shampoo lather character. Anchored by a smooth, sheer foundation of white musk, light sandalwood, and subtle amber, it provides exceptional scent bloom during washing while leaving a lightweight, freshly washed, and long-lasting clean trail on the hair and skin after rinsing.

Technical Specifications:

Product Name	New Head &Shoulders Fragrance Oil
Fragrance Profile	Floral-Fruity-Woody aroma
Appearance	Clear, colorless to pale yellow liquid
Relative Density	0.950 to 0.980 g/cm³ @ 25°C
Flash Point	Up to 93°C (200°F)
Refractive Index (RI)	1.450 to 1.512(at 20°C)
Phthalate-Free	Yes
Shelf Life	36 Months (Store away from light)
IFRA Compliance	Adheres to IFRA standards
Solubility	Soluble in surfactant-based systems

Recommended Usage Rates

Application	Usage Rate
Shampoo/Body Washes:	1% - 3%
Shower Gel:	1% - 2%
Liquid Soap:	0.3–0.8%;
Bar Soap (CP/MP):	2% - 3%
Facial Cleanser:	0.1–0.5%

Functions and Applications:

New Head & Shoulders fragrance oil serves as a high-clarity aromatic enhancer formulated to neutralize raw detergent or anti-dandruff active odors while creating a signature fresh-washed scent profile. In wash-off hair and body care systems, it acts as an immediate sensory refresh, combining crisp aquatic and cooling accords to deliver an invigorating, scalp-reviving experience in warm water. Its balanced white floral heart and sheer musky-woody base support pleasant scent diffusion during lathering and leave a light, clean aroma lingering on hair and skin after rinsing without weighing down fine strands. Designed for formulation versatility, it disperses cleanly in surfactant-rich bases and emulsions, helping maintain product clarity, stable viscosity, and consistent fragrance performance across shelf life. It provides a familiar, approachable cleanliness cue that elevates everyday personal care items into refreshing, dependable daily essentials.

Aroma Anchoring	Utilizes advanced fixative technology to lock volatile top notes into heavy cleansing bases, ensuring a long-lasting scent throw on the skin after rinsing.
Viscosity Preservation	Engineered to prevent the breakdown of salt-thickened surfactant chains, keeping shampoos and body washes at a rich, desirable thickness.
pH Stability	Withstands aggressive alkaline environments found in cold-process saponification without splitting or degrading.
Sensory Enhancement	Imparts a tranquil, spa-quality aura that elevates standard daily cleansers into a premium self-care ritual.

Applications:

New Head & Shoulders fragrance oil is ideally suited for daily clarifying shampoos, anti-dandruff shampoos, hydrating conditioners, and invigorating body washes or shower gels. Its crisp, universally liked profile also works seamlessly in refreshing hand soaps, gentle facial cleansers, and light daily body lotions. Formulators frequently choose it for unisex, family-oriented, and sporty personal care lines that emphasize hygiene, vitality, and clean hair sensation. Beyond rinse-off cleansers, it can be incorporated into leave-in hair mists, styling gels, and post-gym body sprays to extend that just-washed freshness throughout the day. Its clean, soapy-fresh character also adapts well to lightly scented tissues, wet wipes, and fresh linen or bathroom sprays for cohesive hygiene and lifestyle product lines.

Hair Care	Shampoos, clarifying rinses, and nourishing liquid hair masks.
Body Care	Hydrating shower gels, exfoliating body polishes, and foaming hand washes.
Bar Soap Manufacturing	Both melt-and-pour bases and traditional cold-process or hot-process artisan bars.
Bath Additives	Luxury bath bombs, bubble bath elixirs, and milk bath soaks.

Packaging Options

Pack Type	QTY	Specification	Volume
Plastic Bottle	5kgs	L41*W28*H33.5cm (5kg*4 bottle per carton)	0.038cbm
Metal Barrel	25kgs	D30*H45cm	0.032cbm
Jerry Can	20-25kgs	L29.5*D29.5*H41cm	0.33cbm

Production begins immediately after payment (3-5 days for trial orders, 5-10 days for bulk orders). We provide photos or samples for confirmation before shipping via ship, air, truck, or express according to customer requirements.
