

25KGS /Iron Barrel Double Mint Essence Oil For Toothpaste & Food Production &Making With MSDS

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL90010
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms $20.00,To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Samples: Freely Provide
- Other Names: Peach Flavoring Base
- Oem Service: Welcome
- Size: 25kgs/Jerry Can
- Ingredient: Contain Herbal Extract
- Odor: With The Aroma Of Peach Scented
- Ingredients: Sodium Fluoride, Glycerin, Sorbitol, Etc.
- Product_Name: Toothpaste And Food Fragrance
- Form: Light Yellow Or Colourless Liquid Oil

Product Description

25KGS /Iron Barrel Double Mint Essence Oil For Toothpaste & Food Production &Making With MSDS
Product Name: LDZ-PL90010

Product Feature:

Double Mint Essence Oil is a specialized, food-grade flavoring agent meticulously formulated for industrial oral care and confectionery production. Crafted by harmonizing high-purity Peppermint (Mentha piperita) and Spearmint (Mentha spicata) essential oils, it delivers a balanced sensory profile that combines the sharp, immediate menthol cooling impact of peppermint with the sweet, smooth herbal notes of spearmint, effectively eliminating harsh bitterness. Engineered for demanding manufacturing environments, this essence oil exhibits exceptional thermal and chemical stability, resisting flavor degradation and volatility loss during high-shear toothpaste mixing, elevated-temperature candy boiling, and baking. Its superior dispersion properties allow seamless integration into both surfactant-rich aqueous bases (such as toothpastes and mouthwashes) and lipid- or sugar-based matrices (including chewing gum, hard candies, and chocolates).

Peach Fragrance Base

LDZ-PL90012

Technical Parameters:

LDZ-PL90010 Mint Essence Oil For Toothpaste	
Ingredients	Percentage %
Peach aldehyde	10
Vanillin	1
Clove oil	0.5
Orange oil	6
Ethyl heptanoate	0.5
Orange leaf oil	0.5
Isoamyl butyrate	12
Ethyl butyrate	4
Ethyl acetate	10
Propylene glycol	4.5
Benzalde-hyde	0.5
Isoamyl acetate	5
Isoamyl isovalerate	12
Diisopropyl-4-methylthiazole	0.5
Gamma-decanoic acid	10
2-methylbutyric acid	5
Pure camphor leaf oil	5
Benz-yl alcohol	10
Benzyl cinnamate	3

Coconut & Vanilla Fragrance
Production Date: April 25,2026
Production Batch No.: 260425529
Shelf Life: 2 years
Specifications: 5kg/drum
Product Standard No.: GB/T22731 Daily Fragrance
Net Weight: 5kg
Application: Daily Fragrance
Usage: Add in appropriate amounts as needed in production
Shake well before use, and use as soon as possible after opening
Storage conditions: Store in a cool, dry, and wellventilated place, sealed
Crystallization may occur when stored in a low temperature environment. Please dissolve in a 50°C water bath and shake well before use.

Functions & Applications:

Its functions as a high-performance sensory enhancer and flavoring agent that delivers a balanced, dual-action mint profile. By combining the crisp, cooling intensity of peppermint with the smooth, sweet undertones of spearmint, it provides an immediate burst of freshness alongside long-lasting cooling retention while effectively masking harsh chemical or bitter base notes in raw formulations. Engineered for industrial manufacturing, it offers superior thermal and chemical stability, resisting volatilization and flavor degradation during high-shear mixing and elevated-temperature processing. Furthermore, its excellent solubility and dispersion properties allow uniform integration into both surfactant-rich aqueous systems and oil- or sugar-based matrices at low, cost-efficient dosage levels, ensuring consistent batch-to-batch potency and reliable shelf-life performance.

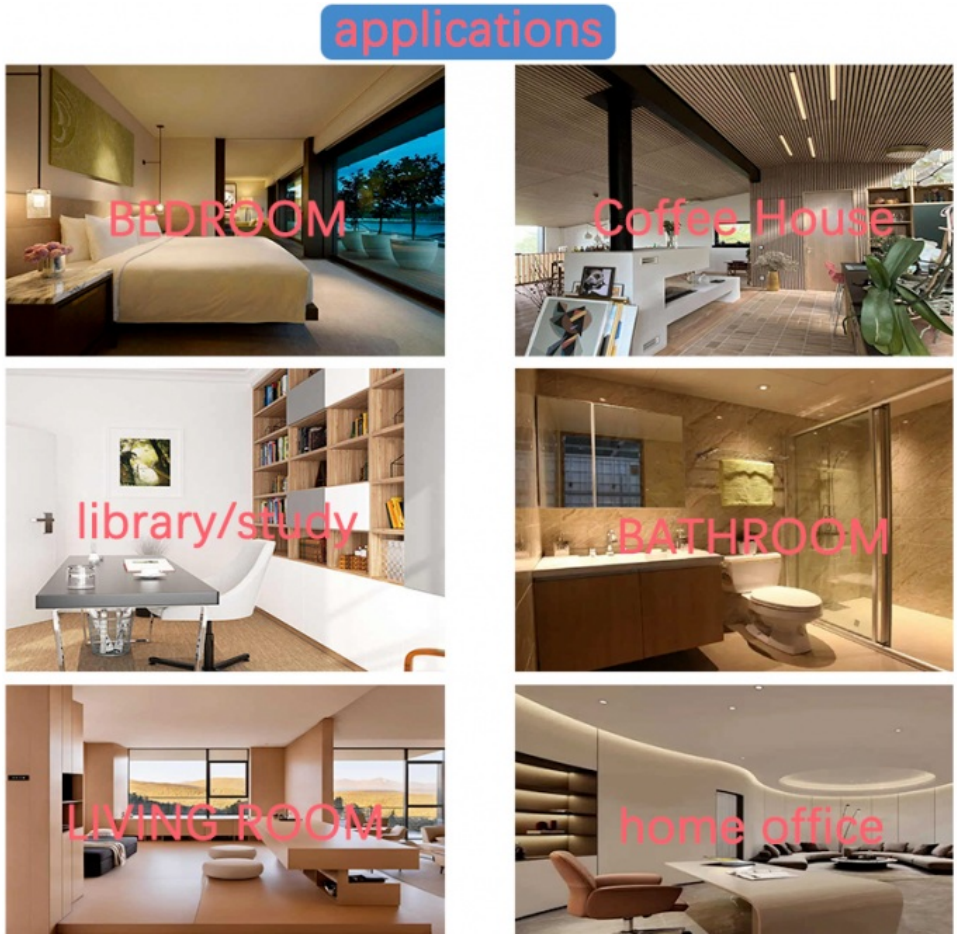

It is widely utilized across the oral care, confectionery, and food manufacturing industries. In oral hygiene production, it serves as a core flavoring ingredient for toothpastes, mouthwashes, breath sprays, and dental flosses, imparting clean, invigorating breath freshness. Within food and confectionery manufacturing, it is extensively applied in chewing gum, mint tablets, hard-boiled candies, chocolates, fondants, and baked goods, where its heat resistance preserves flavor integrity throughout cooking and molding processes. Additionally, it is suitable for functional beverages, syrups, and pharmaceutical lozenges or chewable supplements, offering versatile compatibility for brands seeking an authentic, refreshing double-mint taste across diverse consumer product lines.

Our Advantages:

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.

applications

100% STRENGTH BRAND

Our products are strictly approved by a list of certifications,such as IS022000,COA

MSDS、SGS、ISO9001、ISO22000、HACCP、IFRA、SPEC

Support and Services:

Where there are fragrance, there are plant flavor.
The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

1.Product usage instructions and guidance;

2. Expert advice on fragrance selection;

3. Technical support for any issues or concerns;

4. Product customization services;

5.Assistance with regulatory compliance.
