

20KGS /Jerry Can Colgate Tea Fragrance Essence Oil For Toothpaste & Food Production &Making With MSDS

Our Product Introduction

Basic Information

- Place of Origin: China
- Brand Name: Plant
- Certification: COA,MSDS,IFRA,CE,ISO
- Model Number: LDZ-PL90026
- Minimum Order Quantity: 1KGS/To Be Negotiated
- Price: 1-49 Kilograms $20.00,To Be Negotiated
- Packaging Details: Carton Drum Packing :5kgs/drum,4 Drum/carton,20kgs/carton(41*28*33.5cm);Iron Drum Packing: 25 Kg/drum (D: 30cm, H: 45cm)(0.032cbm
- Delivery Time: 3-5 Working Days For Trial Order; 5-10 Working Days For OEM Order
- Payment Terms: L/C,T/T,Western Union,
- Supply Ability: 2000 Kilogram/Kilograms Per Day

Product Specification

- Samples: Freely Provide
- Other Names: Peach Flavoring Base
- Oem Service: Welcome
- Size: 25kgs/Jerry Can
- Ingredient: Contain Herbal Extract
- Odor: With The Aroma Of Peach Scented
- Ingredients: Sodium Fluoride, Glycerin, Sorbitol, Etc.
- Product_Name: Toothpaste And Food Fragrance
- Form: Light Yellow Or Colourless Liquid Oil

Product Description

20KGS /Jerry Can Colgate Tea Fragrance Essence Oil For Toothpaste & Food Production &Making With MSDS
Product Name: LDZ-PL90026

Product Feature:

Colgate Tea Fragrance Essence Oil is a specialized, food-grade flavoring formulation inspired by classic herbal-tea oral care profiles, meticulously engineered for industrial toothpaste and confectionery production. By harmonizing crisp, slightly astringent botanical green tea notes with clean, refreshing mint undertones, it delivers a sophisticated and soothing sensory experience without overwhelming sharpness. Designed to perform reliably in demanding manufacturing environments, this essence oil effectively masks chalky, soapy, or bitter off-notes caused by surfactants, abrasives, and active ingredients in raw oral care bases. It exhibits exceptional thermal and chemical stability, resisting aroma distortion and volatilization during high-shear toothpaste mixing, elevated-temperature candy boiling, and baking. With superior dispersion across both aqueous oral care systems (toothpastes and mouthwashes) and sugar- or lipid-based food matrices (chewing gums, lozenges, and hard candies), it ensures long-lasting freshness and consistent batch-to-batch potency at cost-effective low dosage levels, all while adhering strictly to international food-grade safety standards (FCC/FEMA GRAS).

Peach Fragrance Base

Coconut & Vanilla Fragrance
Production Date: April 25,2026
Production Batch No.: 260425529
Shelf Life: 2 years
Specifications: 5kg/drum
Product Standard No.: GB/T22731 Daily Fragrance
Net Weight: 5kg
Application: Daily Fragrance
Usage: Add in appropriate amounts as needed in production
Shake well before use, and use as soon as possible after opening
Storage conditions: Store in a cool, dry, and wellventilated place, sealed
Crystallization may occur when stored in a low temperature environment. Please dissolve in a 50°C water bath and shake well before use.

Functions & Applications:

Colgate Tea Fragrance Essence Oil functions as a specialized sensory enhancer and flavoring agent engineered to deliver a balanced herbal-tea and mint aroma profile. By combining the delicate, refreshing notes of botanical green tea with crisp, cooling mint undertones, it provides a soothing yet invigorating taste experience while ensuring sustained post-use breath freshness. In industrial formulations, it acts as a powerful masking agent that effectively neutralizes harsh, chalky, soapy, or bitter off-notes originating from raw base ingredients such as surfactants, fluoride compounds, and mineral abrasives. Formulated for demanding manufacturing processes, this essence oil offers superior thermal and chemical stability, preventing aroma distortion, oxidation, and premature volatilization during high-shear mixing and elevated-temperature heating. Furthermore, its excellent solubility and dispersion properties enable seamless, uniform integration into both surfactant-rich aqueous systems and sugar- or lipid-based food matrices. Delivering high potency at low, cost-efficient dosage levels, it guarantees consistent batch-to-batch sensory quality and reliable shelf-life performance across commercial production lines.

Colgate Tea Fragrance Essence Oil is extensively utilized across the oral care, confectionery, and food manufacturing industries as a versatile, food-grade flavoring ingredient. Within the oral hygiene sector, it serves as a primary aromatic component in herbal and refreshing toothpastes, alcohol-free mouthwashes, breath sprays, dental gels, and flavored dental flosses, appealing to consumers seeking a gentle, botanical alternative to intense mint flavors. In food and confectionery production, its heat-resistant formulation makes it ideal for chewing gums, compressed mint tablets, throat-soothing lozenges, hard-boiled candies, gummies, and specialty baked goods, where it maintains distinct tea-mint clarity throughout thermal processing and molding. Additionally, it is widely incorporated into functional beverages, flavored syrups, chocolates, and chewable nutritional supplements. Manufactured under strict international food-grade compliance standards, this essence oil offers product developers broad formulation compatibility to create distinctive, clean-tasting consumer goods with lasting sensory appeal.

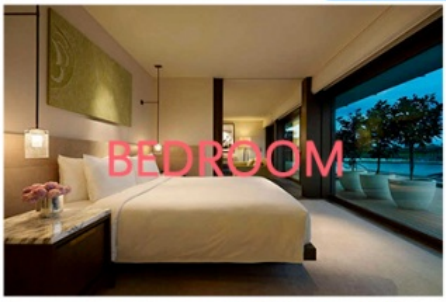

Our Advantages:

Our R&D team, consisting of PhDs and senior engineers, collaborates with universities to maintain product innovation and quality. We assist customers in improving product aroma, quality structure, and reducing production costs.

Support and Services:

Where there are fragrance, there are plant flavor.
The reason why our enterprise develops so rapidly is that we gradually meet the demands of our customer by improving the quality of their products and shortening their good deliver time. In case of urgent demands of customers, we adopt our contingency measures to help our customers solve the problem in time.

Meantime, we offer Training and Education on fragrance formulation and usage for the customized who interested in our fragrance.

Our Fragrance Oil product comes with comprehensive technical support and services to ensure that our customers have a seamless experience.

We offer:

1.Product usage instructions and guidance;

2. Expert advice on fragrance selection;

3. Technical support for any issues or concerns;

4. Product customization services;

5.Assistance with regulatory compliance.
